NEW YORK HOUSE.

N my last, I stated that the General New York House was getting ready for action. The BATTLE HAS COMMENCED And DOBSON'S first gun slew many Greenbacks from his vast pile of Gents' Socks at 5 cents per pair. His second gun was still more succes as men and boys came and bought freely from is beautiful assortment of

GENTS' CLOTHING. At \$5 to \$30.00 a suit. His Infantry behaved gal-

lantly in capturing a largequantity of Greenbacks from persons buying his beautiful DRESS GOODS At 10 cents to \$1 per yard. Prettiest ever seen in Yorkville, for the prices. The fourth gun did good work. It astonished the people when they saw and heard the low prices of those nice

JEANS, CASSIMERES And Waterproofs. Every man will be paid his trouble just to come and see them. The General's 5th and last gun did far more than was expected. It was expected to arouse from their slumbers a portion, or portions of York county, and convince them that DOBSON'S was the place

to buy THEIR DRY GOODS. But it did not stop there, its tidings of good news seem to have reached almost every household in the county, if we are to judge from the large number of customers who visited the New York House during the past week—many who had not been there for years, besides quite a number of strangers, whom the famous General did not fail to flank and from them capture a few Greenbacks.

this goes to prove that DOBSON'S NEW GOODS Must be attractive, and his prices very low, to cause such a stir all over the country, and all who

visit the CHEAP STORE Seem to leave with smiles on their countenances over such good bargains obtained there, Come, everybody, and see and hear what DOBSON can do for you. T. M. DOBSON,

Leader of Low Cash Prices. KENNEDY BROS. & BARRON.
