Some Items of Fact, Some of Comment and All Helping to Give an Idea of What Our Neighbors Are Saying and Doing.

Lancaster News, May 17: Mrs. M. E. Terry of this city underwent an operation for appendicitis at the Fennell infirmary in Rock Hill, Saturday and is doing nicely.

Charlie Adams died at his home three miles north of the city Friday night, aged about 42 years. Mr. Adams had been in declining health for several years. He was a son of the late D. L. Adams, of Lancaster county, and leaves a wife and several children.

Sheriff Hunter and local officers brought in two crude stills Saturday—a good day's work. The first was found in the home of Joe James, colored, near the Catawba Fertilizer company, and the second from that of Lewis White on R. E. Wylie's plantation a few miles from town. Both were made of five-gallon oil cans and the "worm" of gasoline pipes, rubber tube and reed. Both negroes were arrested and locked up.

The plans of the Chautauqua circle for the next year will no doubt be of very great interest to the Lancaster public. Needless to say the chautauqua will return. The large and regular attendance the past week is proof of the popularity of the chautauqua and of the desire on the part of Lancaster that it return. At a meeting of the Circle Friday afternoon, Miss Etta Skipper was elected chairman and Fred Vaughn, treasurer, for the coming year. The plan for the sale of tickets next year is slightly different from that of the past year. Instead of burdening the forty or more women who compose the chautauqua circle with the sale of 700 adult tickets that cover the required guarantee, tickets for the coming year have already been sold to both men and women, averaging about five each. These tickets next year when delivered may be resold (only at the price paid for them) or they may be used by the families of the buyers. About 612 tickets were signed for, the circle feeling sure that the remainder could easily be sold next year, having, however, more than enough in the circle fund to cover the unsold tickets. The chautauqua circle cleared this year \$65.

Chester Reporter, May 16: A big revolver for the Chester postoffice, sent out in accordance with Postmaster General Hays' recent instructions, was received Friday, and will be used as needed. The revolver is a .45 Colt's of the army type.

Sheriff D. Guber Anderson, whose symptoms have again not been so very encouraging, is apparently a little better today in some respects. He is having a recurrence of the abscess on one of his lungs, which has caused his temperature to rise.

The congregation of Purity Presbyterian church expect to be able to make an announcement at an early date with reference to the new manse that they are going to build.

The following marriage licenses have been issued from Judge of Probate A. W. Wise's office during the past few days: Mr. Charlie Henson and Miss Rosa Stierwalt, both of Rock Hill; Mr. Oth Crawford and Miss Leah Lambert, both of Rock Hill; Mr. Ernest Edwards and Miss Effie Worley, both of Union; Mr. E. L. Truesdale and Miss Macie Blanton, both of Great Falls; and Mr. Willie O. Wilkerson and Miss Lou Nellie Howser, both of Catawba county, N. C.

Following an able, vigorous, and compelling presentation of the situation yesterday morning by the pastor, Dr. Robt. G. Lee, the congregation of the First Baptist church expressed themselves unanimously of the opinion that a new and larger church building is needed to take care of the work, and as favoring immediate steps looking in that direction, whereupon, on motion of Mr. C. C. Edwards, the pastor was instructed, after conference with the Board of Deacons and the Trustees, to appoint a committee to confer with architects, and submit a plan to the congregation at an early date as possible.

Miss Mary Nail, who died Thursday afternoon after an illness of several weeks was laid to rest in Evergreen cemetery Friday afternoon, following funeral services at the home on York street by Dr. D. G. Phillips, a large concourse being present, notwithstanding the inclement weather, to pay their last tribute of devotion and respect to this beloved woman.

Gastonia Gazette, May 17: Winter Dowdy, the three-year-old son of Mr. and Mrs. Dowdy, recent comers to Gastonia, residing over the grocery store of J. Y. Miller on Airline avenue, died suddenly at noon today. Death was due to poisoning of some sort. Mr. and Mrs. Dowdy are from Statesville.

Before a representative gathering of Pythians and their friends Monday evening in Castle Hall, Hon. O. Max Gardner, of Shelby, delivered an eloquent memorial address in honor of Messrs. Edwin Maxcy, C. C. Riddle, R. Moore, R. C. Warren and C. B. Armstrong, members of Gastonia Lodge, No. 53, Knights of Pythians. The exercises were in charge of Chancellor Commander C. H. Pugh. Mayor R. G. Cherry introduced Mr. Gardner, who spoke briefly in praise of the virtues of the deceased. Mr. Gardner's speech, though short, was eloquent and very appropriate. Assisting in the exercises of the evening were members of the several churches of the city.

Cleveland Star (Shelby) May 17: Rehobeth school house at Rehobeth church was destroyed by fire Friday night. Origin is unknown. The building has not been in use for a year, the district having been consolidated with Union. County Superintendent Irvin says a small insurance policy was carried on the building but he did not know how much yesterday.

Von Bridges of near Boiling Springs drew a sentence of 18 months in the reformatory Saturday for entering the store of Mr. George McSwain Friday night. Men were in the store watching at the time it was entered and several shots were exchanged. When Bridges was arrested he confessed his guilt. He has a splendid parentage and the affair is very much to be regretted.

Mrs. Thomas, nee Elsie Hurtless and little child, returned to their home in York, S. C. Saturday after spending a week with her parents, Mr. and Mrs. W. R. Hartness.

The three up-town churches on Sunday took a vote on the question of re-issuing license for another year to the three pool rooms that operate within the town, the purpose of the vote being to ascertain the sentiment of the people for the guidance of the board of aldermen who will pass upon the matter. The main subject of conversation yesterday on the streets was whether or not the pool rooms should be licensed, sentiment being divided to a very marked degree.

The present license tax is \$150 on the first table and \$25 per table for each additional table. This may be raised or lowered in the discretion of the aldermen or to quote Chief B. O. Hamrick, the aldermen may refuse to grant licenses at all. At the first Baptist church Assistant Pastor Ruppe asked for an expression and about a third of the audience stood up as opposed to granting license. No one stood up to allow them to continue although two-thirds of the audience did not vote either way.

At Central Methodist church the matter was taken up before the adult Sunday school classes and Rev. W. E. Poovey stated yesterday that 25 voted to retain pool rooms while 100 voted against them. At the Presbyterian church a petition was signed by male members opposing the pool rooms but action was taken not as a church but as individual members, the Presbyterian church being opposed to interference with outside or civil affairs.

J. J. Odum, foreman of the plaster work at the Cleveland Springs hotel has employed Attorney D. Z. Newton and instituted action for \$5,000 against S. S. Crise of Greenwood, S. C. for \$5,000 as damages for alleged libelous and slanderous publication about the plaintiff Odum. Crise was foreman of the plaster work at Cleveland but his services were discontinued by the Cleveland Springs company and Odum, one of Crise's employees was given the foremanship. It is alleged that Crise wrote a letter or letters damaging his character and reflecting on his integrity, whereupon Odum is going to court to ask that he be awarded damages against Crise in the sum of \$5,000. The summons is returnable on June 22nd before the clerk of the court of Cleveland county.

Real Daylight Saving.—"Is your boy in favor of daylight saving?" "I reckon he is," replied Farmer Cornstossel. "If he goes on stayin' out o' nights, pretty soon he won't be usin' any daylight at all."—Washington Star

"WE PAY YOU TO SAVE"—

"There Is a Feeling

"OF COMFORT in the knowledge that no matter what the future has in store for you or your family, you are assured against want by a Bank Account. You can enjoy this feeling by starting a Bank Account with us and adding small amounts to it at your convenience."

BANK OF HICKORY GROVE
HICKORY GROVE, S. C.

YORQ COUNTY PROGRESS.
(Continued From Page One.)

Sharon, one learns of residential remodeling work being done there and is further informed that a large ginney destroyed by fire last fall is going to be rebuilt before time to get to work on the 1921 cotton crop and that it is going to be built on a larger and finer scale. The First Methodist church of Sharon, now in progress of erection is going to be completed before the end of the year, according to Rev. M. T. Wharton of Hickory Grove who is the pastor.

Hickory Grove.

Going on over to Hickory Grove the talk is of the building of a Sunday school annex to Mount Vernon Methodist church to cost several thousand dollars perhaps and there is every reason to believe that the thing is going through. A new residence is being built in the village and lots of folks are contemplating painting-up their premises.

Clover.

Flivvering back north and stopping at Clover, largest town in the northern section of the county, the talk is of the new \$40,000 high school building to be constructed there this summer. Construction work on the new First Presbyterian church which will probably cost complete about \$50,000 is well under way. Residents tell of several residences that are going to be built and there are vague rumors of at least a couple of other substantial buildings that may be gotten under way before the end of the year.

The County.

Fording through the county districts between the several towns, one sees here and there a new residence or a new barn going up and fences being

built and stretches of road improved and improvements being made to the different churches and school houses here and there.

There is hustle and bustle on every side every where and plenty to eat for him who wants to work.

COUNTRY BANKS WIN
Important Ruling Regarding Reserve Banks by Supreme Court.

Federal reserve banks have not the right to insist on par collection of checks of non-member banks, the supreme court ruled this week in effect.

The court reversed decrees of Georgia courts which had refused to enjoin the Federal Reserve Bank of Atlanta from taking steps to force collection of checks drawn on a number of Georgia state non-member banks, "except through the usual and ordinary channels."

In opposing the injunction, the federal reserve bank claimed that one of the principal purposes of the federal reserve act was to establish par collections of checks throughout the country.

The alleged campaign of the federal reserve bank could not have been justified on any ground if the controversy had been between private business parties, Associate Justice Holmes said, and it should not be justified in the present case with the government more or less directly interested.

"The policy of the federal reserve board is that of the government," he said, "and congress clearly had no intention of legalizing any such campaign."

—What puzzles us, is why people will fight over anything in West Virginia.

HER FIRST HOUSE SPEECH
Congresswoman Robertson Says Her Say in the House.

Blushing like a bashful school girl, Miss Alice M. Robertson of Oklahoma, on Tuesday made her first speech in the house.

She engaged in debate after Representative Mondell, the Republican leader, had declared the federal government had a "little park down in Oklahoma" which it had been trying to get rid of for several years. It has been offered, he said, to Oklahoma, but Oklahomans did not seem to want it, realizing, he added, that "so long as they may utilize the property and Uncle Sam pay the upkeep that that is very satisfactory arrangement."

Miss Robertson asked the name of the tract and when told it was Platt National Park, inquired of Mr. Mondell if he knew how it had been named. He admitted he didn't so she told him that it was named for the late Senator Platt of Connecticut, "one of the best friends, if not the best, the Indians of Oklahoma ever had."

The white-haired woman representative delivered a brief speech in praise of Senator Platt and when she walked back to her seat, was applauded by members of the house.

MUCH NITRATE SOLD
About Two Million Tons Were Sold in London.

Announcement is made of the sale of 2,000,000 tons of nitrate by the Chilean-Nitrate Producers association to a nitrate pool in London, England, the price being fixed at 14 pounds sterling per ton. Shipment of the nitrate will begin in September.

This arrangement was made in view of the decision of President Alessandri to urge upon congress a law providing for the nationalization of nitrate sales. Discussion of this step by the government will be held in abeyance to relieve present stagnation in the nitrate business. The producers are urging that the export duty be slightly reduced and that the government guarantee help toward the maintenance of the industry.
