SHCROFT'S LOW WATER DEFECTOR REVENTS THE EXPLOSION OR BURNING OUT OF STEAM BOILERS.

THE PRIME CAUSE OF STEAM BOILER EX-PLOSIONS ARISES FROM A DEFICIENCY OF WATER IN THE BOILER WHILE IN ACTION.

EXPLOSIONS, FROM DEFICIENCY OF WATER. Low water in steam boilers is no unusual occurrence. Imminent danger frequently arises from this cause, and it cannot be too forcibly impressed upon the minds of engineers, that there is no part of the apparatus constituting the mountings of a boiler which requires greater attention than that which supplies it with water, in a properly constructed boiler of the abould be in immediate contact with the water, and when proper provision is made to maintain the water at a sufficient height above the parts so exposed, accidents can never occur from this cause. Should the water, in wever, get low from defects in the pump, and the surface over the fire become overheated, then, even at the ordinary working pressure, there is great danger of an explosion. There is no occasion, under such circumstances, to esserch further for the cause of explosion, from the fact that the nermi, when overheated to a certain degree lose out five sixths of its strength, and is, therefore able to resist the internal pressure. One ounce of the extract obtained under Dr. Badway's new process for extracting the curative properties from vegetable substances, contains more of the true principle, of oure than twenty pounds of the ordinary roots.

SARSAPARILLIAN is only one of the ingredients that forms this truly wonderful medicine; and it is the only compensating remedy that communicates its puritying, cleanatog and reluvigorating properties through the BLOOD, SWEAT, URINE, and other screttions, securing a harmonious functional action of every depraved organ and gland in the system. If the blood is corrupt, the Resolvent will make it pure. BOSADALIS WILL CURE THE WORST CASES OF SCROPULA. READ THE STATEMENT BELOW AND DESPAIR NOT. WILSON COLNTY, September 10, 1867.

DEAE SIR—My youngest daughter, aged five years, has been dreadfully afflicted with Ecrofula nearly all her life. I tried a great many physicians, but with-our relieving her much; in 'act, most of them said there was no hope of cure. During the last spring she was worse than ever, her body and limbs being overed, with sores and blotches—with face and eyes badly ulcerated and swollen. Whilst in this condi-tion I was advised by Dr. L. A. Sith to try your Rossdalls. I at once procured three bottles, and commenced giving it to her. The effect was inagi-cal. In less than a month, to my great astonish-ment site was entirely well. ant, she was entirely well.

PORTMOUTH, VA., February 25, 1868.

Copicin J. H. Bater:

Dear Sir.—This is to certify that I have been afflicted with Rhenmatism for the last five or six years, many times unable to move. I tried all medicines recommended to me for the discase, without receiving any benefit. Having heard "Rossdalis" highly spoken of. I procured a bottle, and finding some relief, continued it until I am happy to say that I am completely well.

I not only consider the "Rossdalis" a sovereign remedy for Rheumatism, but I believe it also a preventive, and cheerfully recommend it to the "afflicted."

one application was sufficient to fill and extern inate the pain.

Taken internally, twenty drops to a teaspoonful would cure, and will cure, Asiatic Cholera, Fever and Ague, Chills and Fever, Bilious Colic, Inflammation of the Bowols, Cramps, Spasms, Diarrhosa, Dysentery, and every pain that may exist in the inside of man, womin or child; this was RADWAY'S READY RELIEF of -1847, and it is RADWAY'S RE-LIEF, greatly improved, in 1868.

We then started it in its mission of relieving the infirm, pain-stricken, sick, distressed and orippled of all nations throughout the world, and now to-day it is used, patronized and revered as a household necessity, in the palaces of Sultans, Emperors, Kaimos, Kings, High Priesis, Nobles, as well as in the coltages of the laboring classes of every nation on the face of the earth. WILSON, N. C., Spream of the years, was vaccinated with what proved to be impure matter, which completely destroyed his health. He has been afflicted with an inveterate and extremely troublesome eruption of the skin, sometimes breaking out in sores, &c. Rosadalis was prescribed by my family physician, Dr. A. B. Moore, After taking it a few weeks my son became and remains entirely well.

Yours, truly, J., B., DANIEL.

CHRONIC LIVER COMPLAINT CURED. CHRONIC LIVER COMPLAINT CURED.
This is to certify that I was cared of Chronic Liver
Complaint by Dr. Lawrence's Rosadalis, after having
been confined to my bed and ho se for a long time,
and trying various medicines without benefit.
I know of several others in this county curredthrough the use of Rosadalis, and it can be found in
nearly every house in my neighborhood, and they
all praise it as a great medicine.

MY OWN CASE.

On Saturday night, the 19th, I was violently seized with Congestion of the Lungs. For a few days previous I left a dull pain over my left lung, with cocasional coughs, but being actively engaged, paid no attention to it. When seized, the pain was so piercing, cutting and excruciating, that every breath drawn was like a red hot knife outling my lung. Being absent from home, I sent out for three bottles of RADWAY'S RELIEF, applied the entire lot to my lungs, back, shoulders, &c., and in a few moments got up counter-irritation. Respirations were easy, and, as the skin became reddened, all pain cessed. In halt am hour I was free from pain, and all signs of Congestion, Inflammation, &c., gone. This is an important cure. It is well that every one should know how to use this remedy in severe attacks. The same rule holds good in cases of Inflammation of the Loins, Bowels, Kidneys and Stomach. Apply the RELIFF freely; soak the skin with it. It will instantly secure the withdrawal of the inflammation to the surface, and persons now suffering may, in Thirty Minures, be free from pain.

CHEONIC INFLAMMATION. Wilson, January 7, 1868.

I hereby certify that I have used Dr. Lawrence's justly celebrated Rosadalis in my family as a general Alterative and Tonic, with the most satisatedry results, and I therefore conscientiously recommend it to the public as a medicine of rare and genuine JAMES W. DAVIN,
