LARD—Is steadily held; the business is moderate; 500 tres and bbls were sold at 15c for No 1 cir; 15½c for prime cir. We quote No 1 Western at 16c; steam rendered and kettle dried at 16½a16½c, and kettle rendered at 17a17½c.

BUTTER—We do not ham of any decided change in the market. The demand is light, and, with fair arrivals, prices are in the buyer's favor.

CHESSE—There is not much doing yet this week. Prices remain without quotable change.

RICE—There is nothing new to note. The demand is for small lots, for which former prices are paid.

SUGAR—The market for raw is quiet, and with free offerings prices are hardly so firm. We quote fair refining at 11½a11½c; good do at 11½a11½c, and No 19 box at 12½c. The sales are 800 fishes at 11½a12c for Cubs, and 16c for Demerara. For refined the demand is improving, and prices are steadily hold. We quote soft yellow at 14a15c; soft white at 15½a 15½c, and crushed, powdered and granulated at 16½ al64c.

AT A YOUNG LADY RETURNING TO her country home, after a sojourn of a few months

in the city, was hardly recognized by her friends. In place of a coarse, rustic, finshed face, she had a soft ruby complexion of almost marble smoothness, and instead twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any lady's toilet. By its use any Lady or Gentlemen can improve their personal appearance an hundredfold. It is simple in an combination, as Nature herself is simple, yet unsur passed in its efficacy in drawing impurities from also healing, cleansing and besutifying the abin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended i should be-clear, soft, smooth and beautiful. Price \$1, sent by Mail or Express, on receipt of an order,

A GREAT SENSATION!-A GOOD SENSA-PAIN CURED IN AN INSTANT!

R. R. R.

In 1847 the great grand principle of stopping the most excruciating pain in an instant, without employing such dangerous agents as Chloroform, Opium, Morphine, Acontine, Ether, &c., was first made known in

RADWAY'S READY RELIEF.

This remedy accomplished this wonderful and delightful desideratum in all cases of external and internal pain. In an instant it afforded relief, the moment it was applied to the parts of the body where inflammation or pain existed—it at once relieved the patient of the most violent and exercising pangs and throbs of pain, and imparted the delightful sensation of ease and comfort.

CONGESTION OF THE LUNGS CURED IN THIRTY MINUTES!

Important to Know how to Use "Radway's Ready Relief" in Acuse and Dangerous Attackel

MY OWN CASE.

On Saturday night, the 19th, I was violently seized-with Congestion of the Lungs. For a few days pre-vious I felt a dull pain over my left lung, with occasional coughs, but being actively engaged, paid-no attention to it. When seized, the pain was so-piereing, cutting and exeruciating, that every breath drawn was like a red het knife cutting my lung. Be-ties absent from hope. I sent out for three bordles of drawn was like a red het imite cutting my lung. Being absent from home, I sent out for three bottles of RADWAY'S RELIEF, applied the entire lot to my lungs, back, shoulders, &c., and in a few moments get up counter-irritation. Respirations were easy, and, at the skin became reddened, all pain ceased. In half an hour I was free from pain, and all signs of Congestion, infi.immation, &c., gome. This is an important cure. It is well that every one should know how to use this remedy in severe attacks. The same rule holds good in cases of Infianmation of the Loins, Bowels, Kidreys and Stomach. Apply the RELIEF freely; soak the skin with it. It will instantly secure the withdrawal of the infianmation to the surface, and persons now suffering may, interest minutes, be free from pain.

CHRONIC INFLAMMATICN.

CHRONIC INFLAMMATICN.

In cases where inflammation has existed for a length of time, in addition to the RELIEF, take six of RADWAY'S FILLS. Powder them. In half anhour, in most cases, they will operate. If not repeat the dose. In one or two hours at the furthest they will operate, and the patient soon get well. In Billous, Typhoid, Fever and Ague, this treatment is sure to cure. Let it be tried.
