DR. SIMS' DONATION.—Our readers will remember the liberal donation of \$1,000 in gold, made by Dr. J. Marion Sims, a resident of Paris, during the past summer, for the relief of the destitute of this his native District. The Commissioners of the Poor, we learn, into whose hands the funds were placed by the committee of gentlemen appointed by the Governor for its disbursement, has purchased a tract of land with a small portion of the fund, containing about 100 acres, four miles East of the village, for the purpose of establishing a permanent home for the helpless and infirm. Contracts have already been let for the erecting of suitable and comfortable buildings; and the plans, as minutely narrated to us, are plausible, and, in our judgment, promising the successful completion of the undertaking. The institution, we understand, will be designated "Sims' Home," and will be under the care of a competent and humane superintendent.—Lancaster Ledger.

The system of signaling and telegraphing are now uniform in the army and navy of the United States. The cadets at West Point, and the midshipmen at Annapolis, are instructed in the same system, so that when they become officers they will be enabled, in any contingency of land or naval service, to open and maintain communication by codes of signaling and electric telegraphy identical in their operation.

A cotemporary informs us "that the young women of Kenosha, Wisconsin, are to compete for prizes at a dancing tournament." Surely this is putting the matter on a wrong footing. Tournaments were for the display of feats of arms, not of feats of legs. At the dancing competition, the president will be the King of (dancing) Booty, we suppose, and list slippers will be excluded from the lists.

DON'T TOUCH COLD IRON.—Henry Morrison, a laborer at the New Jersey freight depot, while moving some bars of iron, on Friday morning, took up one so cold that it adhered to two of the fingers of his right hand, and, when he threw it down, it stripped the flesh entirely from the first joints, leaving the bones bare and rendering amputation necessary.

Skaters are, by a recent Yankee invention, to be made comfortable. A "warm skate" has been invented. In a slot in the skate-stock is inserted a square bit of soap-stone, made red-hot in the fire. It retains warmth for some hours, and keeps the skater's feet in a comfortable condition—a sort of portable stove, which is handy and effective.

A number of negroes came into Monticello, Fla., lately, to get the mules which had been promised them for voting. They went home as they came, only a little mad at the way they had been fooled.

A negro in Brookhaven gave information concerning the thefts of another negro, and the negro soldiers who "protect the citizens" in that place, assaulted the informer, because he did not keep his mouth shut.

In the centre of a hill in Monitor Valley, Nevada, is a natural bowl seventy-five feet in diameter and almost as deep, constantly full of boiling water.

A Louisville vagrant, who had been fined regularly every week for drunkenness, requested the magistrate to fine him by the year at a reduced rate.

Up to the 2d of December, 500 shocks of earthquake have been felt at St. Thomas. The man who says that Secretary Seward's last purchase is no great shakes is clearly mistaken.

SPECIAL NOTICES.

THE GRAND SECRET.—The grand secret in medication is to help nature. Sustain and regulate—these are the Alpha and Omega of the only theory of cure that has common sense for its basis. If the nervous system is shattered, the muscles weak, and the mind, like the body, in a state of partial collapse—what is it best to do? Reason teaches us the answer—build up your man. Brace him as you would brace a tottering edifice. The pabulum he needs is a tonic alterative. Bring him up out of the depths of debility and despondency with BOSTETTER'S BITTERS. They cannot injure. A child may take them in doses, suited to its years, without the possibility of harm. The enfeebled vital powers are as sure to respond energetically to their action as the wilted grass is to erect its blades under the vivifying and refreshing rain. In all cases of debility, the Bitters are absolutely required. There is no substitute or succedaneum that will fill their place. Resort to the most wonderful of modern tonics, and all will be well. Bear in mind that in Dyspepsia, Intermittent Fevers, Bilious disorders and Affections of the Nerves, no other medicine will produce one tithe of the good effect that invariably follows the use of this excellent invigorant and corrective. Dec 18

A COUGH, A COLD, OR A SORE THROAT, requires immediate attention, and should be checked. If allowed to continue, Irritation of the Lungs, a Permanent Throat Disease, or Consumption, is often the result.

BROWN'S BRONCHIAL TROCHES Having a direct influence to the parts, give immediate relief. For BRONCHITIS, ASTHMA, CATARRH, CONSUMPTIVE AND THROAT DISEASES, Troches are used with always good success.

Singers and Public Speakers use them to clear and strengthen the voice. Obtain only "Brown's Bronchial Troches," and do not take any of the worthless imitations that may be offered. Sold everywhere. Oct 27 4mo

OF ALL THE MEDICINES KNOWN to the world, and to the profession, none have been attended with such marked appreciation by the public, and secured the approbation of the profession, on account of its extraordinary remedial powers, as "HEINITSH'S QUEEN'S DELIGHT." We challenge the world over to produce a single instance where any other medicine has attained such popularity, in so short time, as the Queen's Delight. Twenty-five hundred bottles have gone forth from the establishment of FISHER & HEINITSH in one year, and the demand is still for more. From all parts of the country, we hear it is doing wonders. It cures Chill and Fever, restores the sick to health, improves the general condition of the man, and makes him a new creature. Nov 1 tuf

THE public esteem in which PANKIN'S HEPATIC BITTERS are held, is another proof of their excellence as a Tonic. They are recommended by physicians generally, and have never disappointed those who have made use of them. They give sure and speedy relief in nausea, sick headache, dyspepsia and all similar complaints. For sale by all druggists. April 14 may DR. C. H. MIOT, Agent.

NEW MARRIAGE GUIDE.—An Essay for Young Men, on Physiological Errors, Abuses and Diseases, incident to Youth and Early Manhood, which create impediments to MARRIAGE, with sure means of relief. Sent in sealed letter envelopes, free of charge. Address, Dr. J. SKILLIN HOUGHTON, Howard Association, Philadelphia, Pa. Sept 25 3mo

NEW THEORY OF HEALTH

The Life of all Flesh is Blood. The Health of all Life is Purity of Flesh. Without Purity of Blood no Flesh free from Disease.

HEINITSH'S QUEEN'S DELIGHT, AN Antidote to Disease.

THE GREAT AMERICAN ALTERATIVE and BLOOD PURIFIER, is the most perfect vegetable compound of alteratives and tonics, making it the most effective, invigorating, rejuvenating and blood-cleansing cordial known to the world for the cure of all those diseases which may be traced to a vitiated condition of the blood. The theory is that blood is the life of all flesh, and if impure, the life of all disease. Life and health is only to be maintained by the circulation of pure arterial blood. It is obvious, therefore, to every reflecting mind, that unless the blood is pure, in supplying the waste tissues with material, it must be the cause of innumerable ills and constitutional disorders, such as Scrofula, Rheumatism, Hepatic Disorders, Inflammations, Fevers, Liver Complaint, Consumption, King's Evil, Carbuncles, Boils, Itching Humor of the Skin, Erysipelas, Skin Diseases, Tetter, Itchiness of the Skin, Pimples, Blotches, Pains in the Bones, old Ulcers, Syphilis and Syphilitic Sores, Indigestion, Inflammation of the Bladder and Kidneys, Pains in the Back, General Debility, and for all complaints arising from deficiency and poverty of blood. COPYRIGHT SECURED. Prepared only by E. H. HEINITSH, Pharmacist. For sale by FISHER & HEINITSH, Nov 22 Druggists, Columbia, S. C.
