THE PHŒNIX. THE GLEANER,

EVERY WEDNESDAY MORNING. BY JULIAN A. SELBY

EDITOR AND PROPRIETOR. Office on Main street, a few doors above Taylor (or Camden) street.

TERMS-IN ADVANCE.

The Chateau Lafitte Estate, so celebrated for its delicious wines, which have been so large an article of importation, at New York, is to be of importation, at New York, is to be sold this month at the neat fixed price of \$1.000,000. Grape vines and strawberry beds are good investments in these latter days. A German wine-grower in Los Angelos, California, has just been offered \$50,000 cash for one-fourth of a little tract that cost him only \$1,000 in 1850.

Among the valuables of the Papal treasury is a cameo, bearing, according to tradition, a portrait of Jesus the malady it is necessary to use a power-Christ, said to have been executed ful tonic and alterative, which will correct by command of Tiberius Cæsar, con-temporary of the Messiah. A sculptor in Rome has lately succeeded in executing a bust from the same, which has caused some commotion, and the Pope has sent him a commemorative gold medal, accompanied by a letter of thanks.

Shooting Niagara is a feat not to be left to the pens of authors alone. There is a Canadian at Buffalo who wagers \$30,000 that he will go over the Falls of Niagara with perfect safety in a boat of India rubber. He is a hormore is a bouncer.

One cattle ranche in Texas is fifty miles in extent—the number of head is 100,000, and 20,000 are sent to market every year, enough to supply the New York market six weeks.

MERCHANTS TAKE NOTICE.

It is a subject of frequent jests, and is called by various derisive terms; but, although it is often laughed at, it is not easy to laugh the patient out of the belief that his fils are all real, for it is a real disorder—the general features of which are constant fear, anxiety and gloom. The external senses, as well as the mental faculties, often manifest symptoms of derangement. Noise, as of falling water, and ringing in the ears, are complained of, while black specks and fiery sparks frequently flit before the vision. Admonitions like these should not be disregarded, as they may, if neglected, terminate in insanity. The seat of the disease is in the brain and nervous system, and to control it the malady it is necessary to use a powerful tonic and alterative, which will correct and tone those organs without inflaming the brain. This is the secret of the success of HOSTETTER'S STOMACH BIT. TERS in cases of this kind, for which it is the safest as well as the best of restoratives.

In fact, it is the only pure and reliable tonic stimulant known. Many nostrums, purporting to be tonics, are puffed up from time to time in the newspapers, but the sufferer had better let them alone. Host

In fact, it is the only pure and reliable tonic stimulant known. Many nostrums, purporting to be tonics, are puffed up from time to time in the newspapers, but the sufferer had better let them alone. Hostetter's Stomach Bitters has proven itself, by many years of trial, to be in every respect what it is represented to be.
