

# MISCELLANY.

BY ALGERNON CHARLES SWINBURNE.

Before the beginning of years  
There came to the making of man  
Time, with the gift of tears;  
Grief, with a glass that ran;  
Pleasure, with sin for leaven;  
Summer, with flowers that fell;  
Remembrance, fallen from Heaven;  
And madness, risen from hell;  
Strength, without hands to smite;  
Love, that endures for a breath;  
Night, the shadow of light;  
And life, the shadow of death.

And the high gods took in hand  
Fire and the falling of tears,  
And a measure of sliding sand  
From under the feet of the years;  
And froth and drift of the sea;  
And dust of the laboring earth,  
And bodies of the things to be  
In the houses of death and of birth,  
And wrought with weeping and laughter,  
And fashioned with loathing and love,  
With life before and after,  
And death beneath and above,  
For a day and a night and a morrow,  
That his strength might endure for a span  
With travail and heavy sorrow,  
The holy spirit of man.

From the winds of the North and the South  
They gathered as unto strife,  
They breathed up in his mouth,  
They filled his body with life;  
Eye-sight and speech they wrought  
For the veils of the soul therein,  
A time for labor and thought,  
A time to serve and to sin.  
They gave him light in his ways,  
And love and a space for delight,  
And beauty and length of days,  
And night, and sleep in the night.  
His speech is a burning fire,  
With his lips he travaileth,  
In his heart is a blind desire,  
In his eyes foreknowledge of death,  
He weaves, and is clothed with derision,  
Sows, and he shall not reap.  
His life is a watch or a vision  
Between a sleep and a sleep.

**Globe Mutual Life Insurance Co., of N. Y.**  
INCORPORATED 1864.  
HAS been in operation but four years, during  
which time it has assured a larger amount than  
any Company in the United States, during a cor-  
responding period of existence. One of the chief  
causes of its organization, was the forfeiture by  
several Northern Companies of the policies of  
Southerners, during the war. The leading officers  
of this Company protested against this injustice,  
and on its consummation, withdrew and orga-  
nized the "GLOBE MUTUAL," on principles more  
liberal and just than those yet adopted by any  
other Insurance Company. In the event of death  
in battle or in a duel, the equitable value of the  
policy will be returned to the heirs. ALL other  
Companies forfeit it. In case of suicide, the  
FULL Policy is paid. No restriction on travel.  
This Company has, in its guarantee fund of  
\$500,000, an element of strength possessed by no  
other Company. It offers the entire new feature of  
Probability Endowment, which gives the  
largest possible sum for the premium paid. No  
other Company possesses this feature. Insures  
children of any age. In the moderation of its  
premium rates, in the variety of its tables, in its  
dividends and in the security offered insurers, it  
invites comparison with any other Company.

**HEINITSH'S QUEEN'S DELIGHT**  
IS THE WONDER OF MODERN SCIENCE. No  
medicine has attained such a world-wide repu-  
tation as this justly celebrated COMPOUND. Its  
extraordinary healing powers are attested to by  
thousands, and every mail is freighted with let-  
ters bearing testimony to its excellent character  
and worth as a medicine. Orders are coming in  
from all quarters, and all bear unmistakable evi-  
dence of its great popularity.  
"Mr. E. H. Heinitsh—Dear Sir: I have been  
afflicted for many years with an eruption of the  
skin, of the nature of Erysipelas, and have tried  
a number of preparations without relief. My  
health, much impaired in consequence of this dis-  
ease, and having heard so much about the virtues  
of your preparation of 'Queen's Delight,' I was  
induced to try it. My expectations are more than  
realized; I find it a complete success. I give this  
testimony freely, that others may be benefited.  
Yours respectfully,  
Mrs. H. F."

Read this remarkable case of Liver Complaint,  
cured by one bottle of "Queen's Delight."  
"Mr. E. H. Heinitsh—Dear Sir: My wife was  
suffering with Liver Complaint and pains in the  
side and heart, nervousness, could not sleep, bad  
appetite and general bad health. I procured one  
bottle of your 'Queen's Delight.' I regard her  
case as cured. She is looking as well as she ever  
did. Your 'Queen's Delight' is a blessing to the  
afflicted. I give this certificate cheerfully. Yours  
respectfully,  
J. D. HALLS."

General prostration cured by the "Queen's De-  
light."  
"Messrs. Fisher & Heinitsh—GENTS: I have no  
hesitation in saying that I regard 'Heinitsh's  
Queen's Delight' a great medicine. I have been  
suffering with Weakness, Languor, Want of Ac-  
tivity, Fatigue of Limbs, Drowsiness, Sleepiness,  
Nervousness and General Prostration. I have  
taken one bottle of the 'Queen's Delight,' and I  
rejoice to say that I am a new man and am about  
my business as well as ever. Yours truly,  
"H. I. FAUNER."

"Dr. E. H. HEINITSH: Your medicine for Chills  
and Fever is a sure remedy. I have been suffer-  
ing for several months past, and one bottle of  
your Chill and Fever Cure has entirely cured the  
disease. I have not had a chill since, and I re-  
gard my health restored. Yours respectfully,  
"M. D. WADE, Tax-Collector."

"Dr. E. H. HEINITSH: I take great pleasure in  
testifying to the remarkable medicinal powers of  
your valuable medicine, the 'Queen's Delight.' I  
have used three bottles in my family, and I owe  
the restoration of my wife's health entirely to its  
use. I am now trying it for Asthma, on my  
daughter, a child six years of age; will report the  
result. Your medicine is worthy a place in every  
household. Yours, &c., REV. A. K. DURHAM."

"Dr. E. H. Heinitsh—DEAR SIR: I cheerfully en-  
dorse the recommendation given for your 'Queen's  
Delight' in cases of Chills and Fever. I have been  
cured with your medicine when every other I tried  
failed. Yours truly,  
S. L. SLOANE."

"Dr. E. H. Heinitsh—DEAR SIR: Your 'Queen's  
Delight' has done all you promised it would do in  
my case. A radical cure for Chills and Fever. The  
chills are gone. A general restoration of my health  
is the result of only one bottle. My doubts have  
all been removed in regard to the efficacy of your  
medicine. I have tried it, therefore I can endorse  
the statement of others that it is the best medi-  
cin—out. Yours, &c., W. K. ELKINS."

"Dr. E. H. Heinitsh—DEAR SIR: In accord-  
ance with my promise, I give you the certi-  
ficate of cure in my case. I had Chills and Fever  
for more than three months, in which time my  
loss of work was equal to \$100. I took only one  
bottle of your 'CHILL CURE' and I am entirely  
cured; my health restored. The only objection I  
have to it is that it increased my appetite far be-  
yond my means to supply it. Otherwise, it is the  
best Chill and Fever Cure known. Yours truly,  
"HENRY DANIELS."

# BEER!

THE Commissioner of Agriculture, in his report  
for the year 1865, speaks as follows:  
"There can be no doubt of the general adulter-  
ation of all malt liquors. In England and other  
countries, where heavy penalties are imposed, and  
an increasing vigilance practiced to detect and  
punish such frauds, by a system of inspection of  
all malt liquors manufactured before exposed to  
sale, the practice is very common. How much  
more in this country, where there are no laws on  
the subject, and no officer to carefully analyze the  
products of the brewery? Some years ago, Pro-  
fessor Mapee, of New York, analyzed the beer  
from a dozen different breweries, and all were  
found adulterated with noxious substances. It is  
said that the sale of drugs to brewers, is a profit-  
able part of the trade. This is perfectly infamous.  
Cocculus indicus, (fish-berry), nux vomica, (dog-  
bane), from which strychnine is obtained, are  
some of the detectable substances found in beer.  
These are potent poisons, and the brewer found  
using them should be drowned at once in one of  
his own vats. The British Parliament passed a  
law to prevent this nefarious business. The fol-  
lowing is an extract: 'No druggist, vendor of or  
dealer in drugs, or chemist, or any other person,  
shall sell or deliver to any licensed brewer, dealer  
in or retailer of beer, knowing them to be such,  
or shall sell or deliver to any person on account  
of, or in trust for, any such brewer, dealer, or re-  
tailer, any liquor called by the name of sold for  
coloring, from whatever material the same may  
be made; or any material or preparation other  
than unground brown malt, for the darkening the  
color of worts or beer, or any molasses, vitriol,  
honey, quassia, cocculus indicus, grains of para-  
disae, Guinea pepper, or opium, or any extract or  
preparation of molasses, or any article or prepa-  
ration to be used in worts or beer, or as a sub-  
stitute for malt or hops, and if any druggist shall  
offend in any of these particulars, such prepara-  
tion, &c., shall be forfeited, and may be seized by  
any officer of excise, and the person so offending  
shall forfeit five hundred pounds.'  
"Under this law, very many druggists and brew-  
ers were brought to grief, and yet the practice  
continues. Unless the American public are ready  
to admit the immaculate purity and innocence of  
American brewers, they must be content, while  
drinking their beer, to cherish the belief that they  
are at the same time guzzling some narcotic poi-  
son or damaging medicine. In view of the unpre-  
cedented growth of the barley crop; of the great  
increase of the number of maltsters and brewers;  
of the vast unknown quantities of beer that are  
drunk in every city and almost every town on the  
continent; it is the dictate of sound wisdom, that  
the attention of legislators should be called to  
the subject of the adulteration of our malt liquors,  
and severe penalties should be inflicted as a pre-  
ventive."  
P. S.—Judge for yourself! My Beer is pure,
