It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where FEVER AND AGUE prevails, every body should have it and use it freely both for eure and protection. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is that it contains no Quining

other ever discovered for the speedy and certain cure of Intermittents is that it contains no Quinine or mineral, consequently it produces no quinism or other injurious exects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralyia, Rheumatism, Gont, Headacke, Blindness, Toothacke, Eagarche, Catarrh, Asthma, Fal. ness, Toothache, Earache, Catarrh, Asthma, Fal-pitation, Painful Affection of the Spleen, Hyster-ies, Pain in the Bowels, Colic, Paralysis and De-rangement of the Stomach, all of which, when rangement of the Stomach, all of which, when riginating in this cause, put on the intermittent tipe, or become periodical. This "Cure" expels he poison from the blood, and consequently cure them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot occumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Interon than cure, and few will ever suffer from Inter

mittents if they avail themselves of the protection this remedy affords. Prepared by Dr. J. C. AYER & CO., Lowell, Mass
