one of the strongest advocates in the State, a most successful lawyer, a man of wonderful executive ability and far-seeing statesmanship, yet, above all, his clearness and comprehension as a jurist are his crowning characteristics. Senator though he has been, he is most eminently a Judge. We wish to be fully understood. Judge James G. Day is our honored friend. The heart-of-oak manner in which he stood by his convictions of duty to the people and Constitution of Iowa amid clamor and vituperation has heightened our admiration of his character. But the clamor which has made it impossible for him to decline a candidacy does not obliterate the fact that he has already served the accustomed terms awarded to Iowa's best and noblest and strongest. In accordance with the order of the lead of Phil. Kearney Post. The rain of Tuesday had made it impossible to have the ceremonies at the Forest Cemetery, as had been intended, so the ommittee engaged the Opera House, at which place the exercises, save the strewing of flowers, took place. At two o'clock the Knights of Pythias band, in full uniform, lead the way to the Opera House, where the people had gathered. Major Loring, Post Com-

rendition of "America" by the choir and Mrs. Logan's class of children, the Chaplain, Rev. A. V. Kendrick, a former member of the 33d Iowa, made a touching prayer, in which the memory of our departed comrades was carried to the throne of grace in fervid words. Major Loring then delivered the following

INTRODUCTORY ADDRESS:

Fellow Citizens:—Although obedience to orders is the first lesson learned by a soldier, with that duty; for this annual ceremony is not exclusively ours as members of the G. A. R.; but it is yours as well. It is a common tribute we pay to our country's dead. As each setting sun brings visitors from the home circle to this sulprisence, and to their fallen comrades wherever they hay rest.

Soldiers:—These fallen heroes are past the sting of bullets or the hurt of cannon. Standing the dust of our dead comrades, let us firmly resumbrings visitors from the home circle to this silent city to drop tears of sorrow, and offer tribute of love over the graves of the departed, so each passing 30th day of May brings us all together to commemorate our nation's loss and our nation's gain. Flowers, the universal and that the services of the soldiers of 1861 will in their frailty, remind us of mortality, yet speak to us of the higher life, and no heart touched by a prateful and patriotic people in whose hands the government will and that the services of the soldiers of 1861 will be appreciated by a grateful and patriotic people in whose hands the government will in their frailty, remind us of mortality, yet speak to us of the higher life, and no heart touched by fitting embleins, laid by all on a common altar, in their frailty, remind us of mortality, yet speak to us of the higher life, and no heart touched by an earthly loss, but feels their power; and with these flowers and this ceremony, we speak our faith that these men's lives were not a failure, nor their sacrifice in vain! Whether in camp or field, in hospital or prison pen, whether under the sharp crack of the picket firing, or in the fearful charge of heavy battallions, it matters not. It is enough for us to know that they gave full measure of time to their country and scaled their devotion with their lives. It has

Again we stand by the graves of our failen comrades to pay our tribute of love and affection to their memory. Another year has passed since we bedecked these mounds with flowers. Another year has quickly crowded between us and the war of the rebeliton—a year which has borne on its swift wings the spirit of many a loved comrade, and transferred it from the Army of the Republic to the grand army above. Wesley Moreland, of the Seventh Iowa, read Major Byers' mile and a quarter of piling to be put poem, as found in full below, and written specially for the great decoration ceremonies at Washington City, where t formed a special feature in the pr gram. The poem is as follows:

Who sleep by wood and field and shore!
To them we come with loyal tread
And knogl beside their graves once more
With notes of bugle-song and drum,
And flying flags and sweet May flowers,
And grateful hearts, again we come
To deck these soldier graves of ours, With hopes undimned by flying years And faith renewed by the great pas We see amidst our funeral tears The glory that was born to last. And lifting up the veil of years,
We hear again the nation's cry—
Its dark distress, its anguished lears,
Its wail for help—for men to die.
We see the tramping thousands come,
Their tents shine white on every field;
The nation's heart, it is not dumb,
It cannot fail, it will not yield.

Treamor tan, it win not yield.
To priming hooks and staves are bent;
From farms and hills and far-off glades.
The dreadful news is quickly sent;
And-sounds of drums and clanging steel.
And traying horns are in the air,
And quick the pulse of men who feel.
Their own heart's blood is flowing there.

On, on, we hear them once again
Shout back the fierce, old rebel yell,
And though from ships and ramparts rain
The sulphurous smoke, the fire of hell,
Still on, until the withering blast
Is silenced like the trampled dead,
And fair as morning shines at last
The stars and stripes above their head. The sleep to-day in silent lines.
Heroic men, whom faine hath lent
The glory that forever shines
To be their lasting monument.
And years and men may pass, but they

The supervisors should now be putting the roads into good condition. One day's work in the spring is worth two or three in the fall. The road, poil and property tax in Des Moines township is \$1,960.3%, and if this sum was judiciously expended, mostly in the spring, we would have roads that we could be proud of. There is certainly a great deal of money worse than thrown away on our roads, and it is time to call a halt here and now. Supervisors should only allow men working on the roads just what they earn, and thus they will be brought to do as good work there as in their own fields. SHORT Horns.—At the West Libbety sale of short horns last week, a good attendance was reported. There were in all 104 head sold, of which 25 were cows, 32 heifers and 47 males, most of them bringing fair prices, while a few animals were ruinously cheap. The total receipts of the sale were \$10,215, of which the cows brought \$2,800, the heifers \$3,295, and the males \$4,420, averaging for cows \$112, heifers \$92,60, males \$94.04. The highest price paid for any one cow was \$235, lowest \$45; highest paid for any one heifer was \$155, lowest \$40; the highest paid for any one male was \$210 and the lowest \$50. The seeming discrepancy in the extremes was from the fact that some of the cattle offered were quite young. Altogether the sale was a very fair one and generally gave satisfaction to both seller and buyer, Col.

Soldiers:—Eighteen years have passed since the close of that great struggle; and when we contemplate the condition of our unhappy country when you were called to its defense, and its present condition, we have many reasons for congratulation. The government which was then rent and torn, divided by hostile factions, distracted by bitter dissensions even at home, trembling under the tread of vast armies marching to each other's destruction, was preserved by the bravery and endurance of its LOYAL SOLDIERS AND SAILORS,

here were your neighbors, friends and relations. You aided and sustained them in their patriotic endeavors to save our country. You hade them God speed and an affer mate adieu when they went to the war, and an agled your tears with ours at their untimely death.
