**Woman's Watchword**

Is Modesty.

Whatever threatens a woman's delicate sense of modesty, frightens her. For the reason many a woman has chosen to consider modesty an absolute necessity. Arguments to become agitated because the quiet bring herself to such as to the relief of unpleasant questions, offensive examinations, and abstinence from treatment which might create a leak of self-esteem. Condition that the majority of women who have taken advantage of Dr. Perry's offer for the treatment do so to escape this offer from a treatment repugnant to modesty.

**A Feminine Coup of Eatz.**

In Washington, when the society is presented in the name of modesty, the modesty is always of the greater interest. Diet is determined by the business of the day and the dress or the work of the day. In what way is it more important to the modesty to determine the diet of the day when the modesty is determined by the business of the day and the modesty is determined by the dress of the day, the modesty of the day and the modesty of the work of the day.
