Country Gives Immense Majority to Harding and Coolidge They Will Have More Than Three Hundred Votes in the Electoral College

REPUBLICANS WILL CONTROL BOTH SENATE AND HOUSE

A Number of States Considered Safely Democratic Have Gone Republican

New York, Nov. 2, 11:10 p. m.—On the face of returns showing the growing landslide for Senator Harding, the republican candidate for president, Governor Cox, the democratic candidate, in his own newspaper, the Dayton Daily News, and Chairman White of the democratic national committee, soon after 11 o'clock tonight conceded the election of Senator Harding without awaiting returns from the west, which four years ago elected President Wilson in face of pluralities for Hughes throughout the east.

The democratic candidate and his chief conceded that in the solemn referendum which President Wilson declared would decide the League of Nations question, the American voters had preferred Senator Harding, who favored staying out, to Governor Cox, who favored going in.

Governor Cox, who was in his newspaper office when the concession to Senator Harding was published, said he would issue no statement.

Senator Harding, who received the election returns at his home at Marion, said he was more given to prayer to God to make him capable of playing his part than he was to exultation.

Chairman White also conceded the election of a republican Congress.

A SWEEPING VICTORY
New York, Nov. 3.—One of the most sweeping republican victories in history is recorded for Senator Harding for president and a republican Congress. The tremendous republican pluralities continue to mount.

The democrats also lost governors, state legislatures and local candidates and the solid south is even threatened. The indications are that Harding will get 329 electoral votes; Cox, 127; doubtful, 75.

The women vote contributed to republican majorities.

A REPUBLICAN CONGRESS
New York, Nov. 3.—A net gain of twenty republican votes in the House is shown on the complete returns from seventeen states, including most of the democratic strongholds.

Eight of the fifteen republican senatorial candidates won and ten others are reported leading. All nine of the southern Senate candidates won. The republicans claim a majority of eight or ten in the next Senate.

TENNESSEE CLOSE

Nashville, Nov. 3.—There is a close race in Tennessee. The Commercial Appeal gives Harding a 10,000 lead on unofficial returns from 71 out of 95 counties, and Taylor, republican, a 19,000 lead over Roberts, the democratic candidate for governor. The democrats claim that complete returns will show a democratic victory.

SOME OF THEM LIKED SUGAR

New Orleans, Nov. 3.—The result in the Louisiana sugar belt is in doubt.

GEORGIA STOOD FIRM

Atlanta, Nov. 3.—Returns from half the counties in Georgia indicate a democratic victory by four to one. Harding carried some mountain precincts that are usually republican.

ALSO ALABAMA

Birmingham, Nov. 3.—The democrats have apparently won all Alabama congressional districts, except the doubtful seventh, where the democrats are leading by 477.

OKLAHOMA IS CLOSE

Oklahoma City, Nov. 3.—Half the returns from Oklahoma indicate a democratic majority of 4000.

CHAMP CLARK IN DANGER

St. Louis, Nov. 3.—Champ Clark's republican opponent for Congress is leading him by 1500 votes on the returns from not quite half the precincts in the district.

MARYLAND ISN'T OUR MARYLAND

Baltimore, Nov. 3.—Ninety per cent of the returns show Harding leading in Maryland by 40,000.

HARDING IS HAPPY

Marion, Nov. 3.—Senator Harding,

pleased with the prospects of a republican Congress, is planning a vacation on the Texas coast and the Panama canal soon, returning via New Orleans to speak at the Elks memorial meeting at Bedford, Va. The senator will consider cabinet appointments after his return.

COX IS A GOOD SPORT

Dayton, Nov. 3.—Gov. Cox today said he would send a congratulatory message to Senator Harding. The governor proved a good loser, consoling his disconsolate friends. He is planning a hunting trip in Mississippi.

WHAT'S THE MATTER WITH TENNESSEE?

Nashville, Nov. 3.—Returns from sixty counties of the state's, ninety-five gave Harding a lead of 288.

SMITH MAY BE SAVED

New York, Nov. 3.—With the state giving Harding the unheard of plurality of about one million votes, interest centered on the governorship with Gov. Smith, democrat, leading by 18,000 at noon.

HALF DEMOCRATIC ANY HOW

Oklahoma City, Nov. 3.—Half of the returns from Oklahoma indicated a democratic majority of 4000.

WILSON DOESN'T WORRY

Washington, Nov. 3.—President Wilson arose early today and did not vary his routine. White House officials said he appeared well as usual.

CLOUDY SKIES FOR CLARK

St. Louis, Nov. 3.—Late returns continued to increase the republican lead in Missouri with Champ Clark behind.

CALIFORNIA FOR HARDING

San Francisco, Nov. 3.—Harding's lead in California was increased by later returns.

COX WIRES CONGRATULATIONS

Dayton, Nov. 3.—Gov. Cox wired Senator Harding his congratulations this morning, pledging his "support as a citizen to the executive authority in whatever emergency might arise."

ROOSEVELT TO COOLIDGE

New York, Nov. 3.—Franklin D. Roosevelt, congratulating Governor Coolidge on his election as vice-president, said: "I trust the nation will grow in prosperity and in the unselfish ideals of Americanism which unprejudiced citizens of all parties desire."

"A PROPHET IS HONORED," ETC.

Princeton, Nov. 3.—Harding carried President Wilson's home district two to one.

BONDS FALLING BEHIND

(Special to the Star)
Tampa, Nov. 3.—Incomplete returns from 66 out of 977 precincts give the bond amendment 2660 for and 2798 against.

FLORIDA STANDS BY THE POLITICAL FAITH OF THE FATHERS

Opposition by the Republicans Seems to Have Only Stirred Democrats Up.

Owing to the length of the ballot, there being four ballot boxes with unequal numbers of tickets cast, causing different sets of inspectors to finish at widely different times, it is impossible to tell accurately what the vote in Ocala is, twenty hours after the polls closed.

Enough is known however to say that both the bond amendment and the republican ticket were heavily defeated.

At least 1408 votes were cast, of which something over 400 were colored. This is more than has often been cast at an election in the entire county. The colored people were very quiet and orderly. They voted mostly for republican electors and L. R. Hampton, their candidate for the legislature. C. W. Hunter, democratic candidate for representative, received fourteen votes from the negroes, and L. R. Hampton received eight votes from the whites. The colored people voted heavily against the amendment.

The whites voted democratic by a huge majority, and against the amendment at least five to one.

Returns from several county precincts showed about the same proportion as in the city—democratic and against bonds.

Mr. R. B. Meffert was elected county commissioner by a large majority. It will take a long time to tabulate the result of the election, but enough is known to make it certain the state went democratic by a big majority, and from all returns available, the bond amendment is defeated. Alachua county went against it almost as heavily as Marion.

SPECIMEN PRECINCTS

(Special)

Tampa, Nov. 3.—Eighty-nine scattered precincts of the state incomplete give for the amendment 3710; against, 3834.

GEO. W. STEVENS

Richmond, Nov. 3.—Geo. W. Stevens, president of the Chesapeake & Ohio railway, dropped dead today at White Sulphur Springs. He had been ill since the death of his son in 1918.

ASSOCIATION FOR PROTECTION OF SAVINGS

Ponzi High Finance Fiasco Taught People of Boston a Needed Lesson

(Associated Press)

Boston, Nov. 2.—An organization to promote thrift and to protect savings has been incorporated here as an outgrowth of the war-time conservation campaigns and the recent Ponzi high finance fiasco. It will be known as the Association for the Promotion and Protection of Savings and will combine with the encouragement of safe investment an educational program to combat quick-rich schemes.

At the head of the association is Alfred L. Aiken, former governor of the federal reserve bank in this city. Those associated with him include leaders in the thrift, liberty loan and other campaigns of recent years. The association will co-operate with the work of the savings division of the treasury department, but its activities will be distinct from any government branch.

The educational department will be divided into school and home economic sections, the former covering education in thrift in colleges, public, private, parochial, normal and vocational schools and the latter working with women's organizations, fraternal bodies, the army and navy, the professions and the churches.

The business department will be divided into industrial and commercial, agricultural and banking sections. The industrial and commercial section will work with labor unions, associated industries, the wholesale and retail trades, Americanization committee and the Young Men's Christian Association industrial secretaries.

The agricultural section will be concerned with the granges and farm bureaus and the banking section will have its work with the savings, rational, trust company and co-operative banks, insurance and investment banking accounts and trust companies.

OUTBREAK AT OCOEE

(Associated Press)

Orlando, Nov. 3.—A negro named Perry was hung from a tree and his body riddled with bullets after a night of rioting near here, starting when a negro went to the polls armed with a shotgun because he was not allowed to vote, not having paid his poll taxes. Two white men are dead and an unknown number of negroes are dead.

(Times-Union)

Orlando, Nov. 2.—Reported race riot at Ocoee, nine miles west. Trouble came from unregistered negroes who approached the polling place in a body and demanded ballots. Reports say one negro was killed, and Sam Salsbury, former chief of police of Orlando, wounded in the arm. Fifty carloads of men left Orlando to help preserve order.

APPLICATION FOR PARDON

Notice is hereby given that I, R. B. Duff, intend to apply to the state board of pardons, at its next meeting, Nov. 9 and 10, 1920, at Tallahassee, Florida, for a pardon from the sentence pronounced on me in the circuit court of Marion county, at Ocala, Fla., June 2, 1920.

HALLOWEEN PARTY FOR CHILDREN

Mrs. H. H. Black entertained at a beautifully appointed Halloween party Monday afternoon at the home of her parents, Mr. and Mrs. George Martin, in compliment to her small niece, Irnette Wilson. About fifteen of Irnette's closest little playmates were present, and for several hours they enjoyed themselves at all kinds of games such as fortune telling, bobbing for apples, etc.

The dining room was attractively decorated in Halloween colors and pumpkins. In the center of the dining room table was placed the lovely ornamented birthday cake bearing six candles, as it was Irnette's sixth birthday.

Each little guest was given a unique Halloween souvenir, which caused much merriment. Refreshments were served and shortly after the guests departed, having had one of the happiest times of their young lives.

FARM NOTES BY THE COUNTY AGENT

Interesting to cane syrup producers is the announcement from the department of agriculture at Washington that a process has been worked out by the bureau of chemistry for making syrup that will not ferment or turn to sugar. We have a letter from the chief chemist, explaining the process and offering to give demonstrations of the method to the farmers of this county if they are interested. As soon as definite plans for these demonstrations can be worked out, we will advertise the meeting places and dates.

The great trouble with syrup has been that when made thin enough not to crystallize it would ferment in summer and when made thick so as to prevent fermentation it would turn to sugar. Either trouble is an obstacle to handling syrup in bulk and has made necessary the practice of using air-tight containers with proper sterilization. The new method involves the use of a little extract of yeast when the cane juice is boiled down half way to syrup and leaving it to stand unfinished for twelve hours when the cooking is resumed and carried on in the regular way. The extra expense is very small, but extra barrels or tanks will be required, and a second kettle or pan where a large amount of syrup is to be made.

Now is the time to select the hens for laying the eggs from which to raise pullets next year. The hens that have been laying all summer and fall and have not yet fully moulted are the good layers. They haven't shed their feathers because they have been laying. Those hens that moulted along from July to September are the poor layers. They shed off then because they stopped laying and had nothing else to do. They will never be profitable egg producers and should be eaten or sold. Mark the good laying hens so they will be known in the spring, and save eggs from them to raise pullets.

Scuppernon grape vines should be pruned as soon as the leaves have fallen for the reason that there will be less bleeding than at any other time of the year. Thinning out the vines improves the crop of grapes and tends to lengthen the life of the plant. If a larger vine is wanted, the arbor should be added to as fast as the limbs grow out. If the young branches are allowed to hang down, the vine is checked in its growth and will never attain much size.

Wm. A. Seasons, County Agent.
