## ANNUAL REPORT OF THE OCALA WOMAN'S CLUB

It was the privilege of this administration to have its first official act come upon Memorial Day, May 30th, at which time the pillars at the head of Victory Way were unveiled and dedicated by the Marion County Post of the American Legion. These pillars in memory of the Marion county men who paid the supreme sacrifice and in loving tribute to the brave men and noble women who served in the great world war stand today as the symbol of two years of untiring work on the part of the Ocala Woman's Club through its Victory Way committees.

On October 15th, the club opened its season by a reception to the public school teachers. A most delightful program in the form of a pageant was given.

The chief aim of the club this year has been to foster a community spirit of co-operation. During November we were given two opportunities to join with other organizations in civic work. At the Marion County Fair, the hospitality committee of the club maintained a rest room for ladies and a nursery for babies. This was greatly appreciated by out of town visitors to the fair. The Marion County Board of Trade extended an invitation to the Jacksonville postal card visitors to their visit the club was most active in entertaining these visitors and in co-operating with other civic bodies in their programs.

During December the club committees were busy endeavoring to spread the spirit of the season among all. The civic committee had a very beautiful tree on the civic lot. This was attended by hundreds of people and all the children received bags of candy, oranges and apples. The tree was unusually attractive and caused much comment from passers on the passing trains. This undertaking was a big success from every standpoint.

The home economics committee collected and packed a bountiful box of goodies for the Children's Home in Jacksonville. This was sent in time to arrive on Christmas. In addition to this, the same committee a few weeks later sent the home a box of nice warm clothing.

An innovation in the club's regular program was a reception to the men of Ocala. This evening was so much enjoyed that the wish was expressed that there might be one every year.

In February the club held its regular yearly card party for the benefit of the Children's Home in Jacksonville. This party was very successful and \$128 was sent to Dr. Fagg as a result.

The educational committee was also busy during the month of February and held an Elson art exhibit from which they realized sufficient money to buy a picture for every room in the Ocala high and primary schools.

The club has made donations to the endowment fund, the scholarship fund, the Girls' Canning Club, the girls' and boys' schools and our national home in Washington.

During the year fifteen new members have been received. Our rest room chairman is doing all that can be asked in providing a well-equipped rest room for out of town guests, and some of our business women go there to have their lunches. She is fortunate in keeping for several years the same efficient maid. This is

## ELEVEN THOROGBRED TURF ARISTOCRATS

Morvich the Favorite Among The  
Superb Horses at the Kentucky  
Race Meet

Louisville, May 13.—(Associated Press).—Eleven thoroughbreds, artists of the American turf, are carded to face the barrier at Churchill Downs today in the forty-eighth annual renewal of the Kentucky Derby. Those who have watched the event since its beginning declare no year has boasted of a field of more outstanding prominence and never has a colt faced the barrier with the degree of favoritism possessed by Morvich. Other favorites are Deadlock and By-play. Seventy thousand persons will see the race. The weather this morning was clear.

### WEATHER NEXT WEEK

Washington, May 13.—(Associated Press).—Generally fair weather and moderate temperature is the forecast for Florida the week beginning Sunday.

## SOUTHERN METHODISTS AT HOT SPRINGS

Hot Springs, May 13.—(By the Associated Press).—A full day behind with business on the calendar, the Southern Methodist general conference began its final session today. Tonight the delegates will attend a meeting at which representatives of the church finance board will discuss plans for obtaining a fund of ten million dollars for superannuated ministers.

one of the greatest works our club is doing.

Our chairman of legislation had an unusually interesting program on citizenship, having men of different nationalities to talk of what America has done for them.

The program on art was helpful and beautiful. Good talks on the subject and many beautiful pictures on display by some of our home talent.

The social and industrial chairman with her committee have been active in all their work, visiting the industrial school and letting them know their interest in them.

We had a most delightful trip to France through our literary chairman, there being pictures displayed with the history of each told in an interesting manner.

The conservation and park committee had lectures on conservation and parks. And right here we might mention our delightful picnic given in Tusculum Park which had been made so beautiful for the occasion.

Our crowning effort was our reciprocity day, which was made for us almost a board meeting through our vice president of section four. We were honored by having three state presidents and three state officers on that occasion and many of the clubs from the surrounding country were represented.

The delightful lunch prepared and the manner of serving, by our social chairman and her committee, could not be excelled. The music for the day was delightful. The chairman did herself proud in getting up her program of home talent.

The health chairman had a good program on health. At this time she secured a lecturer to arouse the women to take more interest in politics.

The club has been active in getting the women to pay their poll tax and register and to vote on election day in June.

Too much cannot be said of our social chairman. Her's was an all year undertaking. She has met every condition. Always considerate of her helpers and our expenses.

We are indebted to our music chairman for each month. They have given time and talent in preparing for our delightful programs for each meeting.

Our club house and finance committee has been a delightful recreation for us. Club house always neat and clean, an efficient maid in the kitchen and finances managed in a most satisfactory manner. This is no small undertaking.

The officers have worked shoulder to shoulder with the president, giving her great stimulus to meet obligations as they would arise.

We feel extremely grateful to our hostesses for the year. They have nobly and generously responded to the call of the social chairman, thereby making our social hours very enjoyable.

We would feel ungrateful not to mention Evelyn. To us, dear Evelyn, "Our Maid." No invention Edison has ever put forth can compare to her in our estimation.

Your club has been honored this year by having one of our members

### STATE ROAD SYSTEM

Tallahassee, May 13.—(Associated Press).—The custom of state and county officials when discussing the eight state trunk-line highway projects of designating them by number has been very confusing to the average citizen, according to reports received here from all parts of the state. Persons residing in the territory traversed by the different highways know their local road when designated by number but outside official circles, few are familiar with the other roads.

The eight projects, the number by which each is designated and the general routes of the roads follow:

No. 2. Georgia state line to Fort Myers. Route: State line, Jasper, Lake City, Gainesville, Ocala, Leesburg, Eustis, Orlando, Kissimmee, Haines City, Bartow, Arcadia, Fort Myers.

No. 4. Georgia state line to Key West. Route: State line, Callahan, Jacksonville, Bunnell, Daytona, Titusville, Fort Pierce, West Palm Beach, Miami and south.

chosen for state treasurer, another asked to be a state chairman. Your retiring president had the honor to be one of a special committee of the state president, and was asked to be a state chairman and a member of a state committee.

We are not unmindful of the kind consideration the Ocala Evening Star and the Ocala Banner have had of us, giving liberally of their time and space.

Your retiring president wishes to thank you each and every one for your kind and respectful consideration of her and in co-operating with her in her every undertaking to make the club year of 1921 and 1922 a success. "Our deeds still travel with us from afar."

"And what we have been makes us what we are."

## IMPORTANT INFORMATION TO TAXPAYERS

The law in regard to the payment of sales and miscellaneous taxes is that returns and remittances must be made so as to reach the office of the collector of internal revenue, Jacksonville, Fla., on or before the last day of the month following that for which the tax was collected.

Heretofore, however, returns and remittances mailed on the last day of the month have been accepted by the collector and not construed as delinquent, even though same were not received by him until the next day. The department has called attention to the fact that such returns are considered delinquent and must not be accepted as having been paid on time.

As the tax for which these returns and remittances are made was collected on or before the last day of the month, the person sending same to the collector has had ample time in which to make the necessary reports and remit the amount due before the end of the following month, and in order to avoid penalties for delay, in future all persons required to make such returns must get them to the collector in sufficient time to prevent any question arising as to delinquency.

Collector of Internal Revenue.

## GOING TO RAISE THE PRICE OF GAS

Oil Companies in Atlanta and Other  
Southern Cities Doing Big Business  
This Afternoon

Atlanta, May 13.—(By Associated Press).—The oil companies in Atlanta and other parts of the South did a big business today as the result of the issuance of notices of a general advance of two cents a gallon in the price of gasoline effective next Monday. All companies announced an increase except the Texas company, local officials of which said they had not yet heard from the general office.

### BANQUET TO THE SENIORS

As each year rolls around and each succeeding graduating class prepares for commencement, their sister classes vie with one another in their entertainments to the departing class. This season first came the Silver Springs picnic tendered the seniors by the sophomores, then the lawn fete given by the freshmen and last but not least the seniors were entertained by the juniors last night at a banquet at Davidson's restaurant.

The table at which the guests were seated was long and narrow, and the decorations which were very pretty carried out the school colors and flowers and the place cards and programs were also in these colors. These were unusually clever and brought forth many remarks and exclamations of appreciation.

California daisies were the flowers used. These were on the table in baskets, there being thirty of them. The candles were covered with green and gold shades and the individual favors were also in green and gold, the fluffy edges of which made them look like big daisies. The place cards were hand-painted miniature signboards with the names of the guests, and at one side of each a darling little elf peeped around the corner.

The program of the evening was gotten up as a book in the school colors. Special mention of the originality and completeness of this program should be noted. They were the work of one of the high school pupils. Dr. Frank Crane's "House of Life" was used as the basis, the four years of the high school term being compared to the four stories of the "House of Life"—the seniors the fourth and highest, the juniors third, the sophomores second, and the freshmen to the cellar and the specials to the woodshed. The faculty were the bookkeepers and the superintendent of public instruction was the landlord. This clever idea was carried out through the program, the heading to one of the toasts being "A Toast to the Third Floor Back." Besides the regular program there were several impromptu speeches which were enjoyed very much.

James Knight acted as toastmaster of the evening and the banquet was formally opened by his welcome to the seniors and their response, given by Bob Buhrman; to the seniors by Margaret Hocker; and a response by Jack Williams; a toast to the faculty by Cornelia Dozier and response by Wayne Haisley. There was also a toast from the sophomores by Marion Lummus and one from the freshmen by Norris Stephens. James Fielding and Mr. H. G. Shealy also gave short addresses, and the boys' quartet gave several selections which were heartily applauded.

One of the clever hits of the evening was the toast given to the juniors by the senior class, this being given in song. This concluded the regular program and those present were loud in their praises to the juniors as royal entertainers. At the banquet consisting of four courses, there were about seventy-five present, including the seniors, juniors, faculty and presidents of the other classes.

## EDUCATORS MET AT PRIMARY SCHOOL

County Conference of Parent-Teachers  
Associations Held in Ocala  
Thursday, May 11

The regular meeting of the Parent-Teachers Association was held Thursday, May 11th, at the primary school building at 3:15 o'clock. Mrs. E. T. Helvenston presiding. This meeting was also a county conference of the parent-teachers associations.

Those present from other schools in the county were as follows: Mrs. W. R. Brown, Mrs. M. G. Bateman and Mrs. J. K. Christian of McIntosh; Mrs. W. T. Dupree and Mrs. Stuart Ramey of Citra; Mrs. Clara Ledbetter of Belleview; Mrs. Julia Williams of Weirsdale; Mrs. S. F. Rou of Lowell; Mrs. J. E. Thomas of Sparr, and Miss Hettie Harwell of Anthony.

The meeting opened with songs by a dozen or more pretty little maids of the primary grades, also a spring dance by the same, and an Indian war dance by seven little boys.

The first speaker on the program was Miss Margaret Taylor, who told of the reasons for organizing a county conference of parent-teacher associations. The reasons were as follows: 1. To get together and talk over our successes and failures. 2. To promote growth of parent-teacher associations in other localities. 3. To enable us to get some of the state's best speakers to address us. 4. It enables parents and teachers to act as a unit. Miss Taylor emphasized the fact that there is no progress without growth, and our growth is measured by our helpfulness to others. She outlined a plan of organization, namely: to have two meetings a year, a meeting in the fall to plan the year's work, and a spring meeting to report on the work accomplished. These meetings are to be all-day sessions, members bringing their lunches, the local organization having refreshments for sale. Miss Taylor had to leave us at this point, as she was due to go to Orlando that afternoon to meet with the Business and Professional Woman's Club of that place.

Mrs. Helvenston was nominated for temporary chairman, and in a few well chosen words gave the visitors a cordial welcome.

Miss Margaret Taylor was then named for permanent chairman of the organization and was elected unanimously.

It was agreed to meet the fourth Saturday in September and McIntosh gave all a hearty invitation to meet at that place.

Mrs. W. T. Gary was to have addressed us on the "Parent's Place in the Parent-Teacher Association," but was unable to attend on account of illness.

Reports from the different schools were asked for and McIntosh was the only one to respond. They reported a nice library for their school, also baseball and basketball equipment. They had accomplished this the past two years and planned to do more the coming year.

Two beautiful piano solos were then rendered by Miss Margaret Gerig. Mrs. H. S. Wesson in her lovely manner told us of the teacher's place in the parent-teacher association. On counting the votes for the different rooms for the beautiful picture given by the Elson Art Exhibit, it was found that Miss Edith Griffin's room won.

Mrs. Helvenston explained that some of the parts of the apparatus of the campus equipment needed repairs, and it was voted that money be used from the treasury to have these parts mended.

The treasurer, Miss Mamie Taylor, gave her report for the past year. There had been \$479.45 taken in from various sources, and \$426.33 paid out to the different chairmen of committees, leaving a balance of \$53.13 in the bank.

The meeting then adjourned for the social hour, during which cake and ice cream were served.

Mrs. P. D. Bateman, Sec'y.
