STEAMER SUNK.

Total Wreck of the Viola Belle. in New York City, recently, was robbed of The steamer Viola Belle struck a snag at and all his money. Smith's Bar, twelve miles above Atchison, at 6 o'clock on Sunday, and is a total wreck.

There are twenty feet of water on the starboard side, twenty ahead, ten at the stern, and the boiler guards are three feet under water. Her cargo consisted principally of 3,050 sacks of corn, about 500 of which can be saved. The Viola Belle was owned by C Lohman, of Jefferson City, and Erlort Petring of St. Louis. She was valued at \$20,000, and insured for \$11,000, in the Commercial of Chicago, Enterprise of Cin-cinnati, and the Peabody, Franklin, and Citzens Fire, Marine and Life of Wheeling Next week she was to go in place of the Fontanelle, between here and Omaha.

The following are her officers: Captain Ed. McPherson; Clerks, L. C. Lohman, W. Lohman; Clerks, L. C. Lohman, C. W. Lohman; Pilot, John Kunz; Engineers, John Bull and L. Shute; Mate, Sam. Smith.

Among the freight green, inc., Sam. Smith. Among the freight were eight packages for W. H. Matlock, and a wagon for H. W. Leonard, Leavenworth. Further particulars of freight may be had of Mr. E. S. Wilhite,

Agent, No. 42 Levee.
Mr. Lohman, clerk, to whom we are in debted for the above information, left last evening for the scene of the disaster.

THE KANSAS CENTRAL. Important Meeting Last Evening.

A Large Delegation from Western Kansas.

The narrow gauge project has thoroughly aroused the people of Western and Northwestern Kansas, and an interest is manifested in the road never before exhibited toward

any other enterprise ever started in the State, Yesterday delegations of leading citizen from Clay, Cloud, Saline and McPherson counties met the representatives of the Kan-as Central at the office of the company in this city, where the questions of aid, routes and branches were discussed at length. The consultation closed with an evening session, at which conclusions generally satisfactory to all parties were arrived at. The visit of these all parties were arrived at. The visit of these gentlemen, and their reports from the sec-tions they represent, promise a hearty sup-port to the company in immediately com-mencing the road, and pushing it forward to completion as rapidly as possible. The following are the delegates:

Clay County - Alonzo Dexter, Mr. Wake Dr. Gillespie, Mr. Ackley, Mr. Reardon Capt. Morgan. Cloud County-Mark J. Kelly, Frank Lawrence, L. D. Lawrence.
Saline County—T. L. Bond, Mr. Bishop

Mr. Shirley. McPherson County-Mr. Olooson. The Kansas Central was represented, by L. T. Smith, J. C. Stone, H. W. Gillett, G. R. Hines and Alex. Caldwell.

Enrly Rose Pointon DIAMOND, Leavenworth Co., Aug 25.

To the Editor of the Times: I see in your paper of the 17th inst., G. W. H. Moore, of Fruit Hill, Kickspoo Township. I write this to show what I have done on a small scale in the potato line. I got just one-half pound of seed from Mr. Moore as he was passing my place with the seed from which he raised the potatoes mention-d by you, and I cut those into thirtyapart in the row, then worked well twice, then mulched with old hay, from which I dug, on the 25th of this month, one bushel and a peck of as fine large potatoes as I ever saw in my life, and I intend to take them to the fair at O-kaloosa and expect to carry off JOHN W. HENDRICK.

More Glory for Leavenworth. At the St. Joseph Fair, Friday forenoon Leavenworth won the first purse in the trot.

The Herald says: The event which formed the principal at-raction of the afternoon exhibition was the trial of speed between trotting horses, mare remiums—the first for \$100, and the second or \$50. There were six entries for the trot. We give the names in the order in which they came up to the judge's stand: Ben. Akers, Leavenworth; Walter Overton, Buchanan county; George Montgomery, Brown county, Kansas; J. D. Whittemere, Ray county; Jas. F. Newby, Clinton county, and N. J. Kertley, Platte county.

Ben. Akers' horse, as it will be observed,

came in first—time, two minutes and forty-eight seconds—entitling him to the first pre-mium. He was closely followed by Walter Overton, there being only a few seconds dif-ference in the time.

A Grand Work. Few of our citizens are aware of the great

improvement Gen. Pope is making upon the road between the city and the Fort. An avenue one hundred feet wide is opened up, crusher has been ordered with a good steam prosi-engine, and the bed of the road will be macadamized and finished to Corral creek this fall. From the creek to the city the line of the road is not fixed. We have been informed that the General will extend the avenue to the north line of the city connectng with the street which shall be first graded

We hope the people will, on some one of the streets, have the foresight to improve the street and thus secure the extension of the finest drive Leavenworth will be likely to

Mr. H. C. Smith, the other day at St. Louis, shipped a lot of goods and horses for Kansas City by the steamboat Mountaineer. On the way up the boot struck a snag and threw overboard a valuable horse b longing

on and had the boat seized. The boat belongs to the Missouri River Packet Company, and their agents, Messrs. Hoover & Vaughn, gave a forthcoming bond of \$400 upon which the boat was released. The time set for the hearing o the case is the 4th of September. The case will be of considererest to parties who are shipping live

CLOUGH has in his possession a copy of the Bible bearing upon its title page the following imprint: "John Backett, Printer to the King's Most Excellent Majesty, and by the amigns of Thomas Newcomb, and Henry Hills, deceased, MDCC-XV. By His Majesty's special command appointed to be rend in the churches." As may be supposed, the volume has an antique appearance, and as the cover is entirely gone the Col. will have it rebound, in order to insure its preservation. The book was the proparty of his great great grandfather, and contains an old family record.

BLUE BAPTIDE, Match and other effects at this house He sent us a letter, dated at Manhattan, stating that he would return in ten days or two weeks and requesting us to take good care of the articles left with us. Since that time nothing has been heard from him, and we fear some accident has happened to prevent his return.

He was regarded as a fine young man by those who knew him, and by publishing this letter and requesting your exchanges to copy you would confer a favor, and perhaps we might learn of his whereabouts

SPECIAL NOTICES.

-We had a call to-day from the vene pioneer of Kansas, Judge Wakefield, of Reno. The Judge is now seventy-five years old, enjoys good health, and has a fair prospure, and of marble delicacy, yet entirely free from pect of many more years of life. He is stop- any thing which can possibly be injurious to the ping with his son-in-law, Mr. Goss, for a few days.

The sunlight is past, and the dusty air,
That filled the day in its prime;
Of all the hours there is none so fair
As the dim white even time.
The wind that blew like a breath of heat,
Is cooler and fresher now;
Of all the winds there is none so sweet,
Soft expiner wind as then

An hour like this is soon forgot, And never recalled again; The peace and rest we remember not, Only the joy and the pain. Were we content with such pleasure We might be happy in rest; But in the pursuit of more difficult bliss, We seem to be easily blest.

WE take delight in referring our afflicted friends to the drug store of R. J. Brown, where that most estimable medicine, Dr. S. O. Richardson's Sherry Wine Bitters, can be because we know its value in curing Fever and Ague, diseases common in the West, and all new countries. It should be kept at hand in every family.

POR accuracy of machinery and adaptability to the various wants of the family, we believe the Empire is the best machine before the public. We are using and have had practical experience with many other patents. We have never seen a machine which does accurately such very fine stitching as this. We do not consider that perfection has yet been obtained. There certainly is room for great improvement in the sewing ma-chine; but thus far the Empire, in our opin-ion, stands ahead, and we are happy to learn from the quarterly reports of the manufac-turer that the public are fully alive to its merits, as their s de shows a greater increase than those of any similar establishments. —

The Doctor's opportunities in hospital and private practice are unsurpassed in St. Louis or any other city. Each files of St. Louis papers prove that he has been located there longer by the last prove that he has been located there longer by the last papers prove that he has been located there longer by the last prove that he west, unsurpassed anywhere. Age, with experience, can be relied upon, and the Doctor can refer to many physicians throughout the country. In past success and present position he stands without a competitor.

The Writings of a Physician whose reputation is Union-wide should be worth reading.

Dr. Whittier publishes a Medical Pamphiet relating to venereal diseases and the disastrous and varied consequences of self abuse, that will be sent to any address in a scaled envelope for two stamps. It contains full symptom lists that will enable those afflicted to determine the nature of their complaints and give a written statement of their cases that will answer almost as well for the purpose of treatment as a personal interview, but where it is convenient the Doctor should be consulted personally.

convenient the Dorlor should be consulted person-ally.

It is self evident that a physician who confines himself exclusively to the study of a certain class of diseases and treats thousands of cases every day, must acquire greater skill in that specialty than one in general practice. Many physicians recognizing this fact, introduce patients to the doctor after read-ing his pamphlet. Communications confidential. A friendly talk will cost you nothing. SARSAPARILLIAN

RESOLVENT.

AS MADE THE MOST ASTONISHING Cures, so quick, so rapid are the changes the bedy undergoes under the influence of this truly wonderfully medicine that every day an increase if fiesh weight is seen and felt.

Scrofula, Consumption, Syphilis in its many forms, Glandular Disease, Ulcers in the Throat, Mouth; Tumors, Nodes in the Glands, and other parts of the system; Sore Eyes, Strumous Discharges from the Earn; Eruptive Diseases of the Eyes, Nose, Mouth, and the worst forms of Skin, Diseases; Eruptions, Fewer Sores, Scald Head, Ring Worm, Sait Rheum, Erysipelas, Acte, Black Spois, Worms in the Flesh, Tumors, Camers in the Womb, and all Weakening and Painful Discharges; Night Sweats, and all Wastes of the Life Frincipie, are within the Curative range of Edway's Sarsaparillian Resolvent, and a few days use will prove to any person using it for eitherof these forms of disease its potent power to cure them. Not only does the Sarsaparillian Resolvent excel all known remedial agents, in the cure of Chronic, Scrofulous, Constitutional, Skin and Syphiloid diseases, but it is the only positive remedy for

Kidney, Bladder, Urinary and Womb diseases, Gravel, Diabetes, Droppy, Incontinence of Urine, Bright's disease, Albuminarid, and in all cases where there are brick dust deposits, or the water is thick, cloudy, mixed with subctances like the white of an egg, or threads like white silk, or there is a morbid dark, billious appearance, and white bone dust deposits, and where there is a pricking, burning sensation, and Pain in the Small of the Back, and along the Loins. In all these conditions italway's Sursaparilia Resolvent, aided by the application of Radway's Beady Relief to the Spine and Small of the Back, and the Bowels regulated with one or two of Radway's Regulating Pills per day, will soon make as complete cure. In a few days, the patient will soon be enoled to hold and discharge water naturally without pain, and the Urine will be restored to its natural clear amber or sherry color.

THE WASTE OF THE BODY is supplied with new, healthy, and vigorous blood, that turnishes sound structure. Hence all suffering from Weakening Discharges, either Male or Female, or from Ulcers or Sores, through the reparative process of Radway's Sarsaparillian, are arrested, and the ruptured organs healed.

FIGURE THEORY OF CLARE. the ruptured organs healed.

Rulway's Sursquarillian Resolvent supplies the system, through the blood, arine, swear, and structure making constituents, with Tissue-making Flesh-making. Heat or Caloric and Fat-making elements. All of its constituents are nourishing, purifying, and strengthening. It Repairs, Heats, Resolves and drives out of the Body the products of becay and Corruption. Consumption, White Swelling, Dropsy, Syphilis, Cancer, Tumors, &c., are all of a scrofulous diathesis, and, as such, are within the curative range of the Sarsaparilliant Resolvent! That Scrofula, by whatever name designated, is the result of deposits from the blood, induced or caused by Chronic inflammation. That those deposits take place when the blood is poor, weak, watery, and incapable of holding in solution its proper constituents, or from the presence of some irres or poison in the blood, as Mercury, Calomel, Corrosive Sublimate, which is the Corrosive Chiporicle of Mercury or other agents, given in medicines, and which enters largely in the common silvertized Sarsaparillas, not absorbed or changed from their natural condition. from their natural condition.

That unless the repairs or nutriments are greater han the wastes, that decomposition and decay will upervene, and the powers of life will become ex-

hausted.

That the dying body cannot be sust fined on any treatment of medication that exhausts the system, or fails to nourish the blood, the only medium through which the vital forces are preserved, and on which the growth of the body depends. OVARIAN TUMOR CURED.

Never has a medicine taken internally beers known to have cured tumors either of the words, uterl, ovaries, or bowels; the knife has been the sole reliance in the hands of experienced surgeous but Dr. Radway's Sarsaparlillan settles this question. For it has cured over twenty persons o dramar of the following the sole of the Bowels, Uterus, Womb, Liver, Proposical Effusion, Ascites, and Calculus Concretions.

TUNOR OF TWELVE YEARS GROWTH CURED BY RADWAY'S RESOLVENT.

BUCKED BY RADWAY'S RESOLVENT.

DR. RADWAY—I have had Ovarian Tumor in the ovaries and bowels. All the doctors said "there was no help for it." I tried exceptibing that was recommended, but nothing helped me. I saw your Resolvent, and thought I would try it, but had no faith in it, because I had suffered for twelve years. I took six bottles of the Resolvent, one box of Radway's Pills, and used two bottles of your Ready and there is not a sign of a timor to be sever of felt, and I feel better, smarter, and happier than I have for twelve years. The worst tumor was it the left side of the bowels, ever the groin. I write this to you for the benefit of others. You can publish it if you choose.
