E. P. HUNT & COMPANY

GREAT BARRINGTON, MASS.

TIME AGAIN TO FILE INCOME TAX PAPERS

(Continued from page 1)

with him by blood relationship, relationship by marriage or by adoption" is allowed the same exemption as a married person.

In the returns of married persons must be included the net income of both husband and wife and dependent minor children. Husband and wife may make a joint return or separate returns. They receive but one personal exemption, \$2,500 or \$2,000 as the case may be. If they make separate returns the exemptions may be taken by either or divided between them. The exemption of \$400 for a dependent may be claimed only by the one who furnishes the dependent's chief support.

The taxpayer's status on the last day of the taxable year—December 31, 1922 if made on the calendar year basis—determines the amount of his exemptions and credits. If married and living with wife or husband on that day the exemption is \$2,500 or \$2,000, according to the amount of net income. If single and without dependents on that day he may claim but \$1,000 as his exemption, even though he may have been married or the head of a family during the greater part of the year. Widowers, widows, divorcees and persons separated by mutual consent are classed as single persons.

The Bureau of Internal Revenue is preparing to send into each county in the United States revenue officers who will aid taxpayers in making out their returns. Similar services will be offered city residents. But the bureau's advice before seeking such assistance is to read carefully the instructions. Unless the problem is particularly complex, study of the form will enable the taxpayer to make a correct return.

The normal rate of tax of 4 per cent on the first \$4,000 of net income and 8 per cent on the remaining net income above the exemption remains unchanged. Sur-tax rates which apply only to incomes in excess of \$6,000 are lowered, ranging for the calendar year 1922 from 1 per cent on the amount of net income between \$6,000 and \$10,000 to 50 per cent on the amount by which the net income exceeds \$200,000. For the year 1921 the surtax rates ranged from 1 per cent on the amount of net income between \$5,000 and \$6,000 to 65 per cent on the amount of net income in excess of \$1,000,000.

Triangles 37; Evergreens 23. The Winsted Triangles defeated the Evergreens on Saturday night by the score of 37-23. The game was rather rough in spots, most of the rough stuff being pulled by the visitors.

The first half was an exciting one but in the second frame the Y. M. C. A. swept Canaan off its feet. The Evergreens started the game with a rush that sent them into a seven point lead. The visitors soon overcame this advantage, however, and forged to the front. They were never headed again.

Baldwin was the star for Canaan, with six field goals Hayward, of the Triangles, was their ace, likewise sinking five twin pointers. Howe caged four while Dayton and Smith each scored three. Davis and Clark were contented with one apiece.

Referee—Stannard.
Red Leaves Lose
East Canaan, bolstered up by Shook, the Sheffield star, defeated the Red Leaves last Thursday night, 26-12.

The first half was a runaway for the visitors, Canaan scoring but four points to their fourteen. In the final half, the Leaves held their opponents even, but could not overcome their early lead.
Shook and Joe Casey were the only scorers for East Canaan, each sinking five baskets. Shook also caged six foul shots. Goggin and S. Gondalli each made five points, and Hicks scored the other two.

ONE JUDGE FOR ALL MOTOR VEHICLE CASES

(Continued from page 4)

a dealer may use a car for his personal use. This was apparently inadvertently left out of the law, and the commissioner says that there should be a distinct determination as to just what may or may not be done under the marker. The suggestion offered is that the marker and fees be graded, and that there be an unlimited marker by which the dealer may do anything he pleases and for which he pays a higher fee, and a limited marker by which he may only demonstrate a car, and the demonstration of the car must be defined so that there will be no escape from the application of the definition.

The gasoline tax is commended as a success. Certain exemptions are recommended, however. The professional oysterman or fisherman who uses his boat for the gathering of oysters or sea products ought to be exempt from payment of the tax on his fuel, in the opinion of the commissioner. The farmer who plows his fields for agricultural purposes ought to be exempted. Under the present law, no fuel used in any motor boat is exempt, and it is suggested that the law be changed so that the motor boat user may benefit in productive business where he uses fuel.

Pointing out that Connecticut, under Governor Baldwin, was the first state to consider the subject of supervision of aircraft, and recalling activities of the department under the amended aircraft law, particularly with regard to the desirability of seeing to it that all who operate aircraft over Connecticut are qualified, it is projected by the commissioner, "that the most available flying fields in the state be charted so that whenever an airplane alights in Connecticut the state police department will forthwith have notice by wire of the fact that such a plane is in the state and then, through the agency of the police, the aviator can be prevented from again flying until he is examined and qualified. It is noted that Lieutenant Talbot O. Freeman, a qualified aviator with large experience, has been appointed aviation inspector of the department.

Several of the other activities of the department which have been told of in the newspapers from time to time are reviewed in the report with the commissioner's conclusions.

LETTERS FROM THE PEOPLE

It was reported Santa Claus refused to come down chimneys this year on account of so many people burning soft coal, but that he would be at the Pilgrim Church Friday p. m. at 4:30 o'clock sharp, to see the boys, girls, babies and old folks, consequently there was a large delegation of the aforesaid to meet the distinguished visitor. The children sang their songs and spoke their little pieces splendidly. Santa had gifts for all the children. The Church Treasurer was greatly surprised when Santa announced he was going to present him with an automobile. This was supposed to be in part payment for services rendered, or possibly on account of the poor sidewalks on West Main Street. The following note accompanying the car will explain: Old Santa very much enjoys this giving gifts to all his boys and so it gives me joy indeed To bring this gift to John B. Reed.

Now I have heard how every day To work you plod your patient way So with this gift you see I've tried To furnish you the means to ride.

It more befits, it seems to me A banker of maturity Altho your walk be not so far, To roll up grandly in your car.

So step aboard and join the ranks Of Canaan's cheerful motor cranks. P. S. The car was 6 inches long 4 inches high, 2 inches wide, had 4 wheels and a starter—supposed to be a Ford.—J. B. R.

Acknowledges Box Sent by Children

The pupils of the Center School will be interested in the following letter:

Miss E. C. Lindell, Center School, Canaan, Conn.
Dear Miss Lindell:
This will acknowledge receipt of your splendid box of stockings, contributed by the children of your school.

On behalf of ourselves and the disabled soldiers we wish to thank you for your contribution to their Christmas entertainment which we feel sure will be a success with the generous assistance you have given us.

The contents in these stockings could not be better arranged and they show great interest from all of you.

With the best of Christmas wishes, we are,
Very truly yours,
Neville G. Hall,
Field Director.

The American Red Cross
