Prove All Things.

This Old Command Is Easy to Fulfill In Akron.

To win a wager, an English marquis stood on London bridge and offered for an hour British sovereigns (\$5) for five shillings (1.25). He could not find a customer. There are several good reasons why the ordinary mortal could not be induced to buy, but no reason can be given why Akron people will not accept the following convincing proof about Doan's Kidney Pills. Read this:

Mr. F. M. Wolf, of 380 South Main street, says: "I consider that Doan's Kidney Pills did me a great deal of good. My husband got them for me from Lamparter & Co.'s drug store. Before using them I had a dull, grinding aching over my kidneys, was lame in the small of my back, my kidneys were sluggish, and I suffered from a feeling of weariness the whole time. The use of Doan's Kidney Pills removed the trouble in my back, and my kidneys acted normally. They are a splendid remedy."

Doan's Kidney Pills for sale by all dealers; price 50 cents a box. Mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

An Artful Creature.

"Now, what on earth did she mean by telling him she dearly loved rainy days? Surely, she didn't want him to think her sentimental."

"Oh, no; she knows well enough that sentiment is out of date. She wanted him to get the idea her hair curled naturally."—Indianapolis Journal.

CURES AFTER DOCTORS FAIL. I wrote you last summer and you advised me to take Wine of Cardui and Black-Draught. I have taken three bottles of the Wine of Cardui and four packages of the Black-Draught, and I am glad to let you know that I am better ever since I took the first nine doses. When I first commenced taking your medicine I was in bed. I tried several doctors and they didn't do me any good, but now I can do all my work and not get tired. I think I have had all the troubles that could afflict a poor woman; my back hurt, as did my head and legs, and I had sick stomach every time I ate anything. Now I can eat anything and not hurt me and don't get tired. I think this is the best medicine that was ever discovered. Mrs. CORA ROBINSON. And yet this case of Mrs. Robinson's is only one of thousands. Every day in the year Wine of Cardui accomplishes wonders for sick, suffering women, where doctors failed to bring any permanent relief. Doctors do the best they can, but Wine of Cardui is the one natural remedy for female diseases. It contains the vital elements necessary to strengthen and regulate the delicate menstrual organs. Hence it never fails to benefit—seldom fails to cure. With the convincing evidence in favor of this wonderful remedy, no suffering woman should hesitate to avail herself of it. That trifling headache, and those dreaded pains in the head and legs quickly vanish before the magic influence of Wine of Cardui. For advice in cases requiring special directions, address, giving symptoms, The "LADIES' ADVISORY DEPARTMENT," The Chattanooga Medicine Co., Chattanooga, Tenn. ARCHER, Marshall Co., Tenn., Dec. 1, 1898. I got her a bottle of Wine of Cardui. She has taken five doses only and it has done her more good than all the medicine she has taken from the doctors. IT IS SOLD AT EVERY DRUG STORE.

IT RAINED METEORS.

A Wonderful Display That Was Seen by Only One Man.

"Strange the papers didn't say anything about the great cosmic disturbance and shower of meteors the other day," exclaimed Walter Scott Hobart at the club one afternoon. "It came off while I was down at my place at San Mateo. You know I have been taking boxing lessons for some months to reduce flesh, and it has worked like a charm. It's good sport, too, and, though I say it myself, I'm pretty eager with the gloves now. Had an instructor come down three times a week, and we had some rattling bouts. I can tell you.

"It got to be rather slow after awhile. The man had taught me about all he knew. I was up to all his tricks, and he simply couldn't touch me. I saw I'd have to get a more scientific instructor, and told the man as much one afternoon. I broke it to him gently, of course, but I let him see I knew he wasn't in my class. The poor fellow was all broken up, and I felt so sorry for him that I said we'd put on the gloves anyway for one last go.

"It was then that the extraordinary cosmic phenomena I mentioned took place. I had just put up my hands and was getting ready to show him a trick or two when the world seemed to bump into something hard and jarred me clean off my feet. At the same time it ran into a rain of meteors that made the most brilliant protechnic display I have ever witnessed.

"Somehow it didn't seem to affect the professor much, for when I recovered from my surprise he was bathing my head and murmuring something to the effect that he 'guessed the young guy wouldn't be so gay now for awhile.' I have decided to keep him on until the cosmogony gets a little more settled."—San Francisco Argonaut.
