

NO WORK

To Be Taken Up Until Tuesday Morning.

Special Session of Legislature Called to Order at 3 P. M.

Columbus, O., Aug. 25.—At noon today there was not a quorum of Legislators in town. The session in both branches was called to order at 3 o'clock this afternoon. There will be prayer in both houses, followed by roll call and reading of the Governor's message.

The Nash code will be submitted with the message. Next in the Senate the new Lieutenant Governor will be introduced and sworn in, then resolutions of respect for the memory of Wm. Bell, Jr., Democratic member from Licking county, who died recently, will be offered and an adjournment taken for the day. Commons will introduce the code in the House and Longworth in the Senate Tuesday morning.

It is impossible to gather from members present what will happen to the code as each has his own ideas concerning municipal government. Mayor Johnson will not have a code.

Among amendments to the Nash code will be one offered by Judge Thomas, of Huron county, which calls for the merit system in all city departments. There is also complaint because the public library and health departments are put under control of Board of Public Service.

Columbus, O., Aug. 25.—Governor Nash's message specifically asks the Legislature to do only two things—repeal the Royer law and pass the Nash Code bill, just as presented, then go home and think it over until the session of 1904, when if the code does not suit, amendments can be made.

It is the Governor's hope to push the Code bill through as a non-partisan measure. If this fails he will make it a party measure, try to force an agreement in caucus and then jam the code through the Senate and House.

Mrs. Vanderbilt Has Hired Negro Comedians, Too

Newport, R. I., Aug. 25.—Mrs. Cornelius Vanderbilt's entertainment, to be given tonight, promises to be the event of the season. Society is bound to hear itself joked and caricatured and the effect will be interesting. Besides buying every seat in the Knickerbocker theatre so that she might have the "Wild Rose" company one

night, Mrs. Vanderbilt has hired several vaudeville performers, among them Williams and Walker, colored comedians. Williams will sing his "Ma Castle on de Nile." The song has things to say about the necessity of indigo in blood, diamonds on the floor, baboon butlers at the door, and monkeys for valets.

All my champions fickle
Have left me in a pickle,—
Even rantin' William Frost
Will be numbered 'mong the lost.

MUTILATED

A Fine Driving Horse at Barberton, Sunday Night.

Offender Caught and Given Severe Sentence by Acting Mayor Werntz.

(Special Correspondence.)

Barberton Aug. 25.—Armed with a spike and a piece of sharp tin, Charles Mackey is alleged to have entered the barn of Mr. Emmet Swinhart, on Cornell st., Sunday night, and inflicted frightful cuts and wounds upon Mr. Swinhart's handsome black driving horse. He was brought before Acting Mayor Werntz, Monday morning, and fined \$25 and costs and sentenced 60 days in the workhouse.

The deed, which was committed some time during the night, was not discovered until Mr. Swinhart went to the barn Monday morning, when he was

horrified to find the animal sore and bleeding from innumerable cuts on sides and back. A veterinary surgeon was summoned and it is thought there will be no serious results, as the cuts were not deep.

Mr. Swinhart's suspicions turned at once upon young Mackey, who was arrested some time ago and fined upon charge of entering Mr. Swinhart's barn and driving his horse, without leave. He sent for Officer Boerster and told of his suspicion and the officer immediately placed Mackey under arrest. He acknowledged his guilt, but had little to say relative to its motive.

gave Peters the worst of it. Hester and Miss Speyers were married Sunday afternoon at the First Presbyterian church in this city. Fully 300 people witnessed the wedding. Peters was carried off the mountain top on a stretcher and is unable to sit up.

VOTED

To Support Principles of Tom L.

Meeting of Summit County Delegates.

City Clerk Isbell Elected Chairman of Delegation.

At a meeting held Saturday evening, by delegates selected to represent Summit county at the State Democratic convention at Cedar Point, Sept. 2 and 3, City Clerk Chas. H. Isbell was elected chairman of the delegation, and Messrs. W. E. Snyder and Ed. H. Bishop were appointed a committee on hotel accommodations and transportation.

It was decided by a vote of the delegates to support the principles and policies of Mayor Tom Johnson in arranging a platform for Ohio Democracy.

There will be 20 Summit county delegates at the convention, each with half a vote. Ordinarily, this county would have only 10 delegates, but it was believed the representation would

be better if 20 delegates were selected, and each given half a vote. Ten of the delegates are from the county and ten from the city. Their names follow:

Chas. H. Isbell, chairman; C. R. Grant, S. G. Rogers, W. T. Tobin, John McBride, W. A. Spencer, W. E. Snyder, H. E. Andrews, Joseph Winum, James Sullivan, Dr. F. G. Bauer, W. S. Haupt, O. D. Everhardt, Ed. H. Bishop, E. L. Phillips, F. E. Renninger, S. C. McGowan, Thomas A. Steele, C. J. McCormick and Chas. W. Kempe.

SAGE

Says Morgan Should End Strike.

Declares All That's Necessary Is For Him to Speak.

New York, Aug. 25.—Russell Sage in an interview that it is J. Pierpont Morgan's duty to end the coal strike. When the aged financier was asked how he thought Morgan could bring about a settlement, he said:

"Mr. Morgan is the greatest man in the financial world of this country. No one can deny this, and it is through this fact alone that he can bring an end to the coal strike. His influence is so great that all that is necessary for him to do is to speak, declare his

mind on the subject, and if it favors a termination of the strike it would not be long before the miners would resume work."

Speaking further of the matter, Mr. Sage said that circumstances have placed Mr. Morgan in his present position, a position where the public welfare makes it obligatory on him to act. Sage also said that he did not think it right for Morgan, considering the circumstances, to remain reticent.

NAVY WILL TRY TO INVADE COAST

Washington, Aug. 25.—War between the Army and Navy will begin next Friday, when the Navy will attempt to invade the country and if possible, capture New York. All new devices of war will be tested, including balloons. It is predicted that the coast defence will be strong enough to prevent invasion by the Navy.

THE WEATHER:
FAIR AND WARMER TONIGHT
AND TUESDAY.

STRIKERS

Prevented Opening of Mines

And Beat Non-Union Men Terribly.

One May Die and Others Were Kidnaped.

Hazleton, Pa., Aug. 25.—The most turbulent scene which has occurred during the strike took place here early this morning, when an attempt to open Cranberry and No. 40 colliery was made. Ten thousand miners formed a cordon about the mines and no attempt to open the mines was made.

Forty non-union men who appeared at the mines were beaten with clubs and driven back. The most serious feature of the demonstration occurred when August Scheuch, foreman, while attempting to rescue his son from the mob, was seized, beaten to the ground, and stabbed three times by unknown parties. Scheuch was taken to Hazleton hospital, where he now lies desperately wounded. Physicians there discovered internal injuries which they think will cause the foreman's death.

The mob would have killed Scheuch had it not been for the timely interference of a party of citizens, who caught the wounded man up from the ground and ran with him to a place of safety. Several of the non-unionists who were kidnaped are also badly hurt, it is thought. No one knows where they are. No shots were fired, the strikers using clubs and sticks as weapons.

GEN. MILES

Declined to State Object of Trip to Philippines.

Boston, Aug. 25.—General Miles, in an interview here, announces that he will sail for the Philippines within a few weeks. The object of his trip he would not divulge. When asked if he was going in his official capacity, he replied: "Well, I'm not going as a tourist, neither am I going for my health. I cannot tell until I get there what I will do."

PRESIDENT

Spent a Day With Senator Logg at Lynn.

Lynn, Mass., Aug. 25.—President Roosevelt, who spent last night at Nahant, as the guest of Senator Logg, is quietly resting at the home of the junior Massachusetts Senator today, preparatory to a resumption of his tour through New England. He spent the morning hours in walking about the handsome grounds of the Senator's summer residence.

GAMBLING

Never Greater at Saratoga Than Last Week.

Saratoga N. Y., Aug. 25.—Last week was probably the heaviest in the gambling annals of Saratoga. The book-makers, Joe Ullman, "Eddie" Burke and Sol Liechtenstein handled something like \$400,000 and as much more found its way through the fingers of the other bookies.

At Canfield's gambling house the

play is getting higher and higher every night. Saturday night a young man whose father is said to have made a fortune in coal during the last three months sat in the restaurant overlooking the gambling room and sent in commissions to venture on the colors at roulette.

CONGRESS

Could Only Advise Ending Strike.

It Could Not Order It To Be Settled.

Washington, D. C., Aug. 25.—If the Central Federated Union, of New York, representing 250,000 workingmen, meets and carries out its program of adopted resolutions, asking President Roosevelt to call Congress together in special session to take action to end the coal strike, there is no doubt that its request will receive respectful consideration. But that it will result in the assembling of Congress before its regular December term, is not believed here.

Congress could only advise a termination of the strike. It could not order it.

Vessels of Defending Fleet at Anchor.

Rockport, Mass., Aug. 25.—The sham naval warfare is in progress, and is not altogether a matter of play without danger. On Aug. 22 a serious accident occurred on board the Kearsarge. To the left is seen the boat of the

Kearsarge which fell and killed two men and injured three others. The Maltese cross shows where the davit broke. To the right are warships at anchor and boats making their way to them from shore.
