

STUDENTS

Are Coming to Buchtel College.

Real Work Will Begin Wednesday.

Not Likely to be a Football Team This Year.

Tuesday will mark the opening of the school year at Buchtel college.

The Z. A. E. fraternity has been busy during the vacation months and through the efforts of its members ten new students have been added to the college list.

The outlook for a foot ball team is far from bright and it is very doubtful if Buchtel will be represented on the gridiron this season.

READY FOR ANOTHER YEAR

Oak Place School to Open Thursday, Sept. 25.

The fourth year of the Oak Place private school will open Thursday, September 25. The outlook is unusually good both for the number of pupils and the qualifications of the instructors.

The intermediate department will be in charge of Miss King. Miss King has also had the normal training and has taught very successfully for two years in the Froebel academy of Yonkers, N. Y.

Special attention is given to the academic or collegiate department which is preparatory for any of the eastern colleges.

Wellesley accepts graduates from this department without examination. Last June a student of this department was the only one in the city who took the examinations sent and given by the board of examiners of the eastern colleges.

A GIRL'S PROBLEM.

How to Feed Herself When Running Down.

"I am a stenographer!" That statement brings up a picture of long hours of tiresome indoor confinement, close mental concentration and subsequent exhaustion and brain fog.

A young lady in Dayton, Ohio, writes: "Some time ago I was a stenographer in a large city retail store and having the responsibility of the office work resting largely upon me my health began gradually to decline, and I stood facing the difficult problem of finding relief of some kind or leaving my situation. Worry added to my trouble; I became dyspeptic and nervous and suffered with insomnia and restlessness at night."

So I began to use the food conscientiously. It formed my entire breakfast with, perhaps Postum Coffee or some other nourishing drink and a second dish was taken at the evening meal.

My work grew smoother and easier and after seven months of this diet I could do almost twice the amount of work in a day and do it easily and without feeling exhausted.
