DECAYED MEAT

Was Sold to the Public by the Beef Trust.

St. Louis, Mo., Sept. 18.—Partly decayed meat, which had been treated chemically to hide its condition, as well as sausages containing potato flour, unhealthy kidneys ground up and other adulterations were sold in St. Louis and the other large cities of the country between Aug. 21, 1890, and May 1, 1902, by the members of the Packers' trust, according to testimony given here by Thomas L. O'Sullivan, meat and live stock inspector of St. Louis, at the Beef trust inquiry before Supreme Court Commissioner I. N. Kennedy. It is alleged that some of the meat was sent to Cincinnati.

aminers shall complete their work in at least thirty days. In Sandusky county and there are other counties "in the same boat" this work is regarded much in the light of a sinecure. Mr. Tyler stated that in his county it required more than a hundred days to complete the last examination.

Several resolutions were offered and will probably be adopted. One was by Mr. Seal. This resolution seeks to get Ohio's representatives in Congress to vote for a bill in the United States Senate by Mr. Foraker, to authorize the President to reinstate Col. Williams Welsh, of Cadiz, who was dismissed from the U. S. army through the error of an inspecting officer. The Seventy-fourth General Assembly adopted a similar resolution. Mr. Sharp offered a resolution to authorize the printing of four thousand more copies of Howe's historical collections.

The code committee held a busy session Wednesday afternoon, spending considerable time on the taxation proposition. Chairman Willis of the sub committee on taxation presented a list which showed the rate for 70 cities in the state for municipal and school purposes. The Nash code provided that the City Councils could establish a rate of not to exceed ten mills but it was sought to increase this. A greater levy than that prescribed by the law must be approved by a vote of the people at an election. There was considerable opposition to the amendment. Mr. Hayes struck an average and found that of 70 cities contained in the list presented by Mr. Willis, the average was 12 mills. This did not satisfy the representatives of the smaller towns who insisted upon 15 mills, and this was carried.

Other changes made in the Nash code was the provision that the president of Council while acting as Mayor can not preside over the session of Council. It also provided that when there is a vacancy by death or resignation in any of the administrative offices of the municipality, the same shall be filled by appointment by the Mayor.

The amendments also require the Mayor and the other municipal officers to attend the sessions of the City Council whenever requested; that they must meet at least once each week and advise together upon the general needs of the municipality and that each must furnish to the Mayor or the City Council any information which they desire. The Mayor is also to appoint two persons of opposite politics who are to be examined without notice, the affairs of any office.

As to the tax rate, 15 mills will be a large sum for Akron. The rate there for municipal purposes is 11.4; schools, 7.6. The total valuation is \$20,424,680. The rate was made 11 mills by a special act last winter. C. E. CREAGER.

E. W. GROVE. This name will appear on every box of the genuine Laxative Bromo-Quinine Tablets. The remedy that cures a cold in one day. 25 cents.

PARENTS

Must Keep Children In School.

Truant Officer Is Conducting a Crusade.

Two Fathers Fined In Police Court Thursday.

Truant Officer Charles Watson is in the midst of a crusade against Akron parents who fail to keep their children in school in compliance with law. "As fast as I locate these people I will have them arrested," said Mr. Watson, Thursday morning. "There are still a number who have not been attended to, but they will be looked up as soon as possible."

Two fathers were arraigned in Police court Thursday morning, and charged with failure to keep their children in school. Peter Degregorio, the first, insisted that he had sent his daughter Mary, about whose attendance the trouble arose, to school every morning, and that he thought she had gone to school when sent. Peter has had trouble of this kind before. The Mayor fined him \$5 and costs, but suspended the fine as long as he complies with the law.

The case of George Binder, arrested on the same charge, was interesting. Binder claimed that he had sent his 13-year-old boy to school, and he maintained that he thought the boy had attended. It was developed that the lad cannot read or write, though he is nearly full grown, and is classed with six year old children when he does attend school. The boy has run wild, and was arrested some time ago for stealing wheat. Binder was fined \$5 and costs and will be committed until he has settled.

"LITTLE OUTCAST"

At the Grand Tonight—Other Attractions Coming.

"A Little Outcast" opened a three nights and daily matinee performance at the Grand opera house this afternoon. There has been a good sale of seats for tonight. The play is good—a story of love and adventure. It ranges from Murray Hill to Five Points, the latter locality giving opportunities of portraying in a serious of vivid incidents the ways of the desperate characters who infest that part of New York, and who for many years have kept the police at bay.

"Devil's Island" comes to the Grand for daily matinee and night performances the first three days of next week.

Mrs. Idah McGlone Gibson (Mac) of the Toledo Blade, will deliver her eloquent illustrated lecture on "Dramatic Art" at the Grand tomorrow morning at 10:30. This lecture is given under the auspices of the Theatrical Managers' association to further the interests of the stage and its people. The lecture is free to all ladies. A beautiful souvenir will be presented to each lady present.

Mrs. Gibson is known throughout the county as a brilliant newspaper woman and has an extensive knowledge of theatrical matters. Her appearance here will be a rare treat to all who attend.

Somebody has taken the Dreyfuss affair and woven about it a pretty play. This has been carefully staged and the result is "Devil's Island," at the Grand next week. The company is a good one, and the costumes are elaborate.

Frank Burt's extravagant production of "East Lynne" will be at the Grand the last half of next week with Miss Warren, the talented actress in the leading role.

Theodore Kramer's "A Desperate Chance," will have its presentation in this city at the Colonial Theatre next Saturday afternoon and evening. The action of the play is based upon the killing of the Pittsburg, Pa. grocer by the notorious Biddle Bros., depicting their imprisonment, escape and final death.

The author presents the two most central male characters in a garb entirely new to the masses, showing what great hypnotic power they controlled over women. Seats are now on sale. The coming engagement of Gertrude

Coghlan in "Alice of Old Vincennes," at the Colonial next Wednesday night has already aroused much interest among theatre-goers. Speaking of the play, a well known critic said: "Like some precious cameo in a collection of miniatures, 'Alice of Old Vincennes' as a play will without peradventure of a doubt reflect its brilliance farther than any other of the book plays of recent years. Its salient qualities are patriotism and self-sacrifice and love; its atmosphere is redolent with the odor of heroism and romance; its conditions are deeply scented with the rustic and local coloring of a military post of the wilderness, and, lastly, its people have such an interesting story to communicate."

PLUCKY

Operator Killed a Burglar.

Ford City, Pa., Sept. 18.—Carl Reichard, night operator on the Allegheny Valley railroad at this place, shot and killed a man who attempted to burglarize the station at 5:10 o'clock this morning. The burglar wounded the plucky operator by shooting point blank at him. The bullet clipped off the upper part of Reichard's right ear, but he seized his revolver and fired two shots at his assailant. One of the bullets struck the burglar in the right thigh, the other struck him in the roof of the mouth, killing him instantly. Confederates of the burglar fled when he was shot. Reichard is about 20 years of age and is very slight.

WATCHING

The Anarchists In Chicago.

Found Two Sympathizers on Committee

Which Will Greet Roosevelt In October.

Chicago, Sept. 18.—The startling announcement was made last night that two anarchists, or strong anarchist sympathizers, had crept into the reception committee which is to greet President Roosevelt upon his visit to this city, Oct. 3.

For a number of days there have been mysterious conferences in the committee, and the reason came out when the aid of the police was invoked to determine the character and responsibility of the two members in question.

According to the limited information that has leaked out the men the police are now investigating have a prominent part in the Entertainment committee. One of them, it is said, became conspicuous immediately following the assassination of President McKinley by his activity in seeking bondsmen for Chicago anarchists who were in custody.

The person or persons who have appealed to the police are being carefully guarded. Chief O'Neill refuses to make any admission or to discuss the matter in any phase further than to say that an investigation is in progress.

Ephraim Philip Rosenthal, secretary of the committee arranging for the reception and entertainment of President Roosevelt during his visit to Chicago next month, resigned his position suddenly yesterday. He took this step immediately upon the publication of a rumor that the Roosevelt committee contained one, and possibly two members, whose sympathies leaned toward anarchy.

Mr. Rosenthal's name was coupled with the announcement that a city detective was investigating the report in such a way that he could not but understand that the inference was that he was the man concerned. He decided to step aside, he announced later in the day, not because he was concerned over the insinuation very deeply on his own account, but rather that he desired the visit of the President to be absolutely clear from the shadow of any suspicion that any one whose name had even been coupled with the subject of anarchy was to be associated with those having him in their care during his stay here.

Max Blainoff, a member of one of the Entertainment committees, also found himself connected with the gossip going the rounds because of his friendship for Mr. Rosenthal, but he vehemently denied having any interest in anarchists or their beliefs. He did not tender his resignation.

FORAKER

Has Changed His Mind.

Will be Here at the Opening.

Gov. Nash to be Chairman of the Meeting.

"Foraker is coming," was shouted everywhere by local Republicans today.

This means that Chairman C. F. Beery, of the Summit County Republican Executive committee, was notified from State headquarters that the Senator had reconsidered his former announcement and will be here at the opening, Sept. 27. His reconsideration is claimed to be due to the determination of Congressman Henderson, of Iowa, to not run for re-election in his district. Senator Foraker had intended to make some speeches in Henderson's behalf, but of course, there is no need for them now.

Chairman Beery stated Thursday that Secretary of War Root will be the principal speaker, Senator Foraker will follow him and then Hanna will appear. Gov. Nash will be chairman of the meeting. It will probably be 2:30 before the speaking program is begun at Grace park.

An Interesting Little Incident To Relieve Skagway's Monotony

Skagway, Alaska, Sept. 18.—An unknown man entered the Canadian bank of Commerce Tuesday with a bomb in one hand and a revolver in the other, demanding \$20,000 and, when the frightened employes leaped out of the window, he threw the bomb after them. The explosion wrecked the bank, killed the robber, injured five persons, and scattered \$2,000 worth of gold dust through the air. The robber's head was smashed and one arm was torn off. Four persons living above the bank were blown into the air and injured. J. G. Price, formerly prosecuting attorney, who was entering the bank, was hurt, but not seriously.
