COMING To Akron For Next Meeting. Convention of Charities and Correction Closed Its Meeting at Springfield Today.

Springfield, O., Oct. 10.—The state conference of charities and corrections will close here today. It has been decided to hold next year's conference in Akron, in October. Last night there was an entertainment given by the pupils of the school for deaf and dumb at Columbus. One of them, a second Helen Keller, astonished the audience. Ex-Warden E. G. Coffin of the state penitentiary characterized the cells of that institution as unfit for brutes, owing to the absence of lights and proper sanitation. Resolutions were passed urging the erection of a building for the care of crippled and deformed children, and for the care of women sentenced to the penitentiary. They will be presented to the Legislature. These officers were elected last night: President, James Allison, Cincinnati; first vice president, W. S. Eagleson, Columbus; second vice president, Mrs. Mary Long, Akron; secretary, Joseph P. Byers, Columbus; executive committee, James Allison, Cincinnati; Lewis Gunckel, Dayton; W. J. Breed, Cincinnati; M. D. Follett, Marietta; S. L. Wyckoff, Sidney; P. A. McGann, Toledo; H. R. Copley, Cleveland; and G. W. Farburger, Jackson.

DESIGNERS Who May Get Orders For Fast Yachts.

New York, Oct. 10.—Now that Sir Thomas Lipton's challenge is actually on its way here the usual gossip is prevalent concerning syndicates of wealthy yachtsmen who intend to exploit certain yacht designers. Two naval architects of Boston have been mentioned as being likely to get orders. One is B. B. Crowninshield, who designed Lawson's Independence, the other W. Starling Burgess, son of Edward Burgess, of Puritan, Mayflower and Volunteer fame. Rumor has it that Wm. Gardner, the New York yacht designer, whose latest flyers, the sixty footers, Westmore and Neola, have proved themselves such sensational successes during their later races of this present season, may also get an order.

MERIT MAKES IT FAMOUS. The Only Remedy In the World, Except a Surgical Operation, That Will Certainly Cure Any Form of Piles.

The study of physicians, the experiments of chemists, the loudly advertised pretensions of quacks, have for years expended in one direction; to find a pile cure that would cure. The results have been a number of harmless and in most cases useless ointments, suppositories and even internal remedies, which the public have weighed in the balance of experience and found wanting; nearly all of them gave some relief, but nothing approaching a radical cure, resulted from these preparations. The remedy required is one which will immediately stop the pain so severe in many cases of piles, and then by contracting the small blood vessels (capillaries) to their normal size, produces a radical cure by reducing and finally absorbing the tumors and healing the inflamed, raw, mucous surfaces. Until a few years ago, no such remedy had been produced, but at that time a suppository was placed upon the market, which has since proven itself to be the long sought permanent cure for this common and distressing trouble; it has rapidly become famous throughout the United States and Canada, and is now sold by all druggists, under the name of Pyramid Pile Cure. It is now the best known, because its merit and safety have advertised it wherever used. It has been advertised by word of mouth, from one sufferer to another; people who have tried everything else, even submitting to painful and dangerous operations without avail have finally found that piles can be cured without pain and without expense practically, as the Pyramid Pile Cure is sold for the nominal price of 50 cents and \$1 per package. The Pyramid instantly stops all pain and at the same time contains no cocaine, morphine or narcotics; the acids and healing properties contained in the remedy speedily remove, caused a healthful, natural contraction and absorption of the tumors; it will cure any form of rectal trouble except cancer and advanced fistula, which, by the way, nearly always result from neglecting proper and timely treatment for piles. EVIDENCE Of a Desperate Struggle With Would-Be Train Wreckers. Central, W. Va., Oct. 10.—At the watchbox, a mile east of here Thomas Griffith, night watchman at a bridge, was murdered. He was found alone in the box, and died before regaining consciousness. It is supposed that three suspicious looking tramps, who were seen here attempted to wreck a westbound passenger train at the bridge and were surprised by Griffith. There were evidences outside and inside of the watchbox of a desperate struggle.

Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Cranfill, of Troy, I. T., writes: For a number of years I was troubled with indigestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meals. It digests what you eat.

THRILLING. Melodrama Again Holds the Boards. "Old Arkansaw" at the Grand—"Our New Minister" Tonight.

"Old Arkansaw," a vivid melodrama, with a train hold-up, a prison scene and battle with a mob, which came to visit quick justice to a wrongfully arrested man, interested a fairly large audience at the Grand Opera house Thursday night. There has been a feast of melodrama at this house for some time, but it seems that melodrama still possesses thrills, for the audience applauded the show last night very briskly and seemed well satisfied. The stage setting was realistic, and the show decidedly successful. It will finish the week here with daily matinees. As the title, "A Sister's Love," indicates, the principal characters are two sisters who at various opportune times risk their lives to save a sister from the designs of an unscrupulous uncle, who, as guardian of both sisters, endeavors to defraud them of their rights. Pauline Cook and May Clinton, the famous rise shots, assume the title roles. "A Sister's Love" will be at the Grand opera house Monday, Tuesday and Wednesday, with daily matinees.

It is always pleasing to note the success of a meritorious play, and more so when it is decidedly interesting and so well presented as "Our New Minister," which was one of the big hits of last season, and which comes to the Colonial theatre tonight. It is excellently staged, its scenery realistic to a great degree, and the vivid portrayals of character and effective scenic blending make the play one that will live for years. Last year's company is retained. "The Power of the Cross" comes to the Colonial theatre tomorrow night. While the production last year was conceded to be meritorious, it is said that this season it has been improved to an extent that will surprise even those who saw it before. The cast has been materially strengthened. The scenery which is entirely new, is said to be magnificent, the famous Bowers scene in particular being described as a masterpiece.

The Jacobs stock company will be the attraction at the Colonial theatre all next week, except Wednesday, in a repertoire of high class plays. Ten cent matinees will be given Tuesday, Thursday, Friday and Saturday. A new play will be presented every evening. Popular prices will prevail. Winston Churchill's "The Crisis" has reached its two hundred thousand at the hands of its publishers. It is a fair estimate that every copy of a popular book that is sold has at least ten readers, so five million people have already derived pleasure from reading it. James K. Hackett's production of the author's own dramatization of this thrilling story will be presented at the Colonial theatre on Wednesday evening. The sale of seats opens next Monday. No such thing as "summer complaint" where Dr. Fowler's Extract of Wild Strawberry is kept handy. Nature's remedy for looseness of the bowels.

CONTRACTORS At Fault, Says Engineer Harry Alcorn.

(Special Correspondence.) Barborton, Oct. 10.—Said engineer Harry Alcorn to a Democrat reporter,

Thursday, in regard to the Second st. paving over which the Council has been disputing for some time: "The low place in front of Dannehower's office on Second st., which is the cause of all the trouble over the Second st. paving, is not due to any fault of mine. I gave the proper grade to the contractor and the fault cannot therefore be mine. The trouble is that the curb-ing has sunk. The ground was not properly tamped—in other words the foundation was not right and that is where the trouble lies. The best way to remedy the evil is to place a sewer drop there. That would carry all the water to the storm sewer, and that is all that is necessary as the street looks all right. The cost would be about \$25." If this report is made to the Council, Monday evening, it is likely that the contractors, Wildes & Son, will be held responsible. The best soft bosom shirts, 50c. Fine Hats, soft or stiff, 98c.
