## IN 1910

### Barberton Will Be a City.

### Comforting Words of Secretary Laylin.

### A Plea For Gen. Dick in the Match-Town.

When a political spellbinder has assigned to him the doubly difficult and unpleasant task of telling a hall full of people what beneficent things trusts are, how kindly they feel toward the common people; when he has to tell them in the same breath that they are too big, too powerful, for the Republican party to cope with for a long time to come, and that that same amiable fairy (the Republican party) will get up some morning and polish them off before breakfast, he may well hesitate before beginning his address.

When that same speaker, ambitious himself, has to praise the greater political planet which moves between him and the glad light of political preferment, eclipsing him and his own ambition, it requires a very dexterous juggling of platitudes and sacred verbal relics from the shrines of the literary bureau to enable him to make a graceful showing.

That task was the one assigned to Hon. Harry M. Daugherty at the Republican rally at Barberton Monday night, and he failed to make good. Mr. Daugherty would like to be Governor, if reports be true, but as long as Gen. Chas. Dick leads the procession and Col. Myron T. Herrick is ambitious, he cannot realize his dreams. Yet Mr. Daugherty was obliged to talk about Dick as well as the State ticket and national politics. It was his assignment, and it must be said for him that he tried to make the best of an unpleasant position.

Mr. Daugherty was asked, after the meeting, if he would be a candidate for Governor, but all that could be drawn from him was an enigmatical smile, which might, and does, mean many things.

Candidates were numerous in and about the meeting. Jared Barker, Clint Kline, W. A. Pardee, Philip Wagoner and others had their "glad hands" in working order, and they were accompanied to Barberton by County Clerk E. A. Hershey, Dr. L. E. Sisler, Dr. L. S. Ebright, Chairman C. F. Beery, Secretary Nation O. Mather and others. The Barberton band furnished music.

There were 500 people in Whigam-Schubert hall when the meeting was called to order by Mr. Leonard Miller, who introduced Mayor E. M. Buel as chairman. Before introducing Secretary of State L. C. Laylin, who was to be the first speaker. Mr. Buel called on County Chairman C. F. Beery, who entered a plea for the county candidates. He named them all in turn, extolled their virtues, and asked the support of Republicans for them.

Apathy seems to be what Republicans fear most in the coming election. The dead certainty that they are failing to interest the people in their advertisements of their prophetic crops out in every second utterance of the speakers. "We know all our candidates will be elected," they say.

### BOTTLE BABIES

Bottle babies are so likely to get thin. What can be done? More milk, condensed milk, watered milk, household mixtures—try them all. Then try a little Scott's Emulsion in the bottle.

It does for babies what it does for old folks—gives new, firm flesh and strong life. You'll be pleased with the result. It takes only a little in milk to make baby fat.

We'll load you a little to try, if you like. SCOTT & BOWNE, 409 Pearl street, New York.

"but for any sake don't forget that we want you to vote. Don't forget it."

Secretary of State Laylin, of course, in presenting his cause and desire for a second term, must impress the people with the conviction that he and the administration with him were impossible to duplicate. "Never has there been a State administration in the history of Ohio," he said, "which has been so worthy of the gratitude of the people as the present one under the leadership of Governor Nash."

"In referring to Gen. Dick's candidacy he spoke of national affairs via the prosperity route, and credited the Republican party with all things good, including American progress, brains, the crops and the weather. "In the face of talk of tariff revision," he said, "what can you do better than to stand by the Republican candidates, who stand for the party which has produced these conditions?"

Major Johnson and his campaign and principles received some attention. Mayor Johnson was denounced, also his principles and the party generally. Mr. Laylin maintained that the constitution has been outgrown. "When it was made," said he, "there were no railroads, no telegraph, etc., and now we have to legislate for present conditions." He claimed that the Massey law, the Willis law and others are doing all that can be done for equitable taxation, and declared that Mr. Johnson only sought to excite the prejudices and passions of the people.

The fact that people in Barberton object to the code that places them back into the village class, goes without saying, and during the meeting Mr. Laylin was asked for an opinion as to how the code would affect the Magic City. "It will be a village until the next federal census," he answered, "but only because the growth of Barberton has been so marvelous and rapid that the Legislature could foresee no such a condition as you are facing."

Hon. Harry M. Daugherty, when he began his address, appealed first for support for the candidates, county, State and Congressional, and looked after the anti-Dick feeling in Barberton by saying: "This is not a time for jealousies. I don't believe you have any jealousies in Summit county anyway." At which the candidates, who were present in number, and Messrs. C. F. Beery and N. O. Mather looked knowingly at each other. "Let's all hang together and support the Republican party, which has done so much for this country."

"The Republican party isn't the one which discovers an octopus in every corporation."

"Tom Johnson goes about making his race on a small issue, namely, the three cent fare. The Republican party is too big to discuss any three cent issue."

"It may be that a few of the so-called trusts are controlling the prices of several commodities. The Republican party, however, can't do everything in a minute. It will take time to regulate the trusts. But one of these fine mornings we will go out and polish them off before breakfast."

Mr. Daugherty ended with a reference to the Hanna slogan, "Stand pat." Dr. L. S. Ebright was the last speaker, and he devoted the time allotted him to making an appeal to the Republicans to rally Nov. 4. "Don't let them catch us asleep," he said.

### ATTRACTION TOO GREAT

### And Barberton Council Did Not Have a Session.

(Special Correspondence.) Barberton, Oct. 28.—The Republican meeting last night was too great an attraction for the Council and the legislative halls were deserted. Most of the Councilmen were near the City Building, but were unable to state whether there would be a meeting or not. McCarty was anxious for a meeting. He went on a still hunt for enough members to transact business. He came upon McCoy, Miller and Dunford in front of the hall where the Republican hosts were gathered. "Go find another member and we'll have a 15-minute session," said one of the trio to McCarty. He went but in five minutes he had not returned and the trio went into the meeting and Council did not meet.

## ONE WARD

### Less Than Akron Has Now.

### Number To Be Reduced to Seven.

### Re-Districting Will Be Commenced Next Month.

It has been announced officially by Solicitor Esgate that it will be necessary to re-district this city into seven wards, and that the task will have to be commenced by the middle of November.

This will give the city ten Councilmen, seven to be elected from wards and three by the city at large. The president of Council is not considered among the ten. He will merely preside at the meetings, and have a vote only in case of ties.

The president of Council will be elected by the people, and when the Mayor is out of the city his duties will be performed by the president of Council.

of Charleroi, were quietly married. Both are members of well known families and the courtship which resulted in their marriage was instituted by Mrs. Mary Wells, a milliner, who has for years made it her chief object in life to secure for her clerks good husbands.

Miss Booth was a clerk in Mrs. Wells' establishment and through the efforts of Mrs. Wells met Shaw, who was engaged in business in Charleroi. The couple became engaged and the marriage resulted. Miss Booth is the 37th girl employed by Mrs. Wells who has been married in the last five years. So many applications are made for employment in Mrs. Wells' store that the applicants are taken in the order in which their applications are filed and as soon as a position is made vacant by the marriage of a girl a new applicant is given the place.

### STRANGE

### Curse of an Old Woman May Be Realized.

Chicago, Oct. 28.—Charley Comiskey, owner of the White Stockings, is wondering whether a strange prophecy made many years ago, is going to prove true. He was reminded of it by the injuries his brother, Edward, received Friday night. When Comiskey was a boy, playing on vacant lots, he threw a ball and accidentally it bounded against an old woman, who was picking rags on the dump at the other end of the lot. It did not have sufficient force to hurt her, and Charley immediately apologized but she was angry. "May you live to see all your kith and kin die!" exclaimed the woman in a melodramatic manner.

Recently, the strange fatality which seems to have pursued the Comiskey family brought the old woman's curse to his mind. All his brothers, except the one who was hurt Friday night, have died within the last year, as well as his father.

### His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Tex., "biliousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at O. B. Harper & Co.'s drug store.

### CISTERN WATER

### Was Scarce and Made Two Women Quarrel.

A bucket of ordinary cistern water, drawn by one woman for the purpose of doing some washing, was the cause of an arrest, a trial and a fine, Tuesday morning, in Police court. Mrs. Louise Shepler was arrested on a charge of assault and battery, the complainant being Mrs. Emily Ruggles. Mrs. Ruggles stated that she had drawn a pail of water from a cistern, for the use of which Mrs. Shepler pays rent, and that when the water was drawn, Mrs. Shepler, in an attempt to take it away from her, spilled it over her, making her very wet and uncomfortable and making it necessary for her to change her clothes. Mrs. Shepler did not strike Mrs. Ruggles, but the Mayor held that she was technically guilty and fined her the costs.
