killed by electricity at the corner of
East Market and Main sts., some time
ago. Scharff touched a railing out-
side Dettling Brothers' saloon, which
had become charged in some
way. A few witnesses were examined
but as several important witnesses are
out of town, not a great deal of pro-
gress was made. The coroner will
not be ready for an opinion for sev-
eral days.

Smallpox in Lisbon.
Lisbon, Nov. 22.—This city is under
a baneful scourge of smallpox in its
most virulent form. The hospitals
are full and wooden sheds are being
constructed to accommodate the suf-
ferers. Two hundred fresh cases
were reported yesterday.
In this straggling age, one sometimes
feels the need, not exactly of a medi-
cine, but of a good, common sense re-
freshment and tonic. Walther's Pepton-
ized Port is just such a tonic.
The Port wine is a strengthener in
itself, and the pepton by aiding diges-
tion, enables one to get the maximum
amount of strength from one's food.
It strengthens in a natural way—no
whipping the organs into a forced
activity, not by creating a false feeling
of strength through nerve stimulation,
but by actually giving real strength.
Small size, 50 cents; large size, \$1.
