PICTURE

Will Be Taken of Every Man

Who Buys a Trust-Made Cigar.

Novel Plan Hit on by Independent Dealers.

Chicago, Nov. 27.—A flashlight photograph with every purchase of a trust cigar is the promise of the independent retail tobacco dealers. This method of discouraging buyers from entering stores of the combine was determined on at a meeting of the dealers within the elevated loop. A committee was appointed to carry out the plan. The click of a camera, a puff of light, and the picture taken on the sidewalk will have the likeness of the person entering the store of the trust concerns. Hundreds of the photographs will be finished and distributed.

GRATEFUL

For Help Given by Needlework Guild.

The members of the Union Charity Association want to thank the officers and members of the Needlework Guild, and all the ladies of the city who have so generously contributed toward the fine collection of nice garments for the poor of the city. They also heartily commend the system of distributing these garments, by giving them to the different charity organizations for them to deliver through their various members; and want to impress upon the public, that such things so distributed reach the worthy poor and those who deserve them. If all the people throughout the city understood a little better how systematically these things were distributed, it is believed they would be a little more generous. They also want to thank the ladies of the Guild for the new garments which were personally contributed by them.

He Could Hardly Get Up.

P. H. Duffy, of Ashley, Ill., writes: "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down."

RURAL DELIVERY.

From Small Beginning It Has Grown to Greatness.

From a small beginning and only half-hearted support on the part of the authorities, the rural free delivery system has now become a permanent feature of the postal service and is conducted with an interest little short of enthusiastic. In his annual report, just made public, First Assistant Postmaster General Wynne urges that in view of its success and future necessities, \$12,656,000 be appropriated for the next fiscal year. This is an increase of five millions over the present year. It is proposed to establish several thousand new routes each year until the well populated sections of the country, at least, are completely covered by this service. Well may this be done, considering the fact that no deficiency will be created through thus extending rural free delivery.

EVANGELIST

Dropped Dead While on Way to Church.

Tekamah, Neb., Nov. 26.—Horace Morrill, of Chicago, a gospel Evangelist, dropped dead on the street at this place last evening as he was en route to the church which he was to hold services. Horace and Herbert Morrill, twin brothers, have traveled all over the west in the "Chicago Gospel ship" and have made hundreds of converts. They were unique figures in Chicago street corner ecclesiastic. Their church was built like a ship.
