MONEY SAVED

By an Important Decision in a Pension Case.

RAUM'S ORDER REVOKED

By Secretary Hoke Smith, of the Interior Department.

A CLAUSE IN THE LAW

Had Been Overlooked—Inability of the Applicant to Earn a Living Made the Basis of the Act.

WASHINGTON, May 29.—Probably the most important pension decision ever sent from the office of the secretary of the interior to the commissioner of pensions was filed Saturday. It is believed by those high in authority in the pension bureau that it will reduce the payment of pensions under the act of June 27, 1890, between \$15,000,000 and \$20,000,000. It involves the repeal of an order issued by Gen. Raum and approved by Assistant Secretary Bussey and a return to the language of the statute requiring the disability, not of service origin, to be such as to prevent the applicant from earning a support by manual labor.

Secretary Hoke Smith has been considering the principles involved in this decision for several weeks, and so important did he deem it that when it was called to his attention from the pension board of appeals he submitted the questions involved to Attorney General Olney and to Judge Lochren, the commissioner of pensions, both of whom concurred in the correctness of the decision.

The decision is in the case of one Bennett, who sought a pension under the old law, alleging that while in the service at Raleigh, N. C., he was prostrated by a stroke, which resulted in partial deafness in both ears. This application was denied on the ground that while the applicant had slight deafness as alleged, it was not of sufficient severity to warrant any rating. The testimony showed that Bennett could hear a watch tick at the distance of half an inch from either ear. Bennett subsequently applied for and received a pension of \$13 a month under the act of June 27, 1890.

This act allows a pension ranging from \$6 to \$12 per month to ex-soldiers or sailors suffering from any disability of a permanent character not the result of their own vicious habits, which incapacitates them from the performance of manual labor in such a degree as to render them unable to earn a support. The inability to earn a support is therefore made the basis of the law.

During Commissioner Raum's administration an order was issued, known as order No. 164, which directed that all claims for a pension under the act of June 27, 1890, should be rated the same as like disabilities of service origin and that all cases showing a pensionable disability, which of service origin would be rated at or above \$12 a month, should be rated at \$12 a month. The only requirement to obtain a pension under the law applicable to pensions of service origin is disability by reason of wounds received or disease contracted while in the service and in the line of duty.

"Incapacity to perform manual labor," says the secretary, "which is the foundation to the right to pension under the act of June 27, 1890, fixes an entirely different standard of disability from that just mentioned, contained in the revised statutes, covering injuries of service origin. Disabilities incurred while in actual service and incapacity coming upon an applicant long after service ceased are made by the law to stand upon an entirely different footing. Those incurred during service and in line of duty are pensionable without regard to capacity to earn a support, and are graded without reference to this condition. Disabilities resulting from causes other than of service origin are only pensionable when incapacity to labor joins with incapacity to earn a support, and the grades of rating are dependent upon these two conditions.

The decision is signed by John M. Reynolds, assistant secretary of the interior. Secretary Smith in another communication to the commissioner of pensions says it is hardly necessary to present argument or to support by authority the proposition that neither the secretary nor the commissioner can by order or practice supersede an act of congress and he therefore directs that hereafter the practice of the office conform to the law.

Bank President in Trouble. GUTHRIE, O. T., May 29.—President Desteigner, of the defunct National bank of Guthrie, was arraigned in the district court upon seven indictments and given until June 1 to enter a plea. The indictments charge embezzlement, making and giving false entries and reports, aiding and abetting and putting notices in circulation without authority.

The Viking Ship is All Right. NEW YORK, May 29.—The Viking ship, which is on its way to the world's fair, is reported off Cape Spear, N. F., with all hands on board well. This is the first that has been heard of the ship since she was seen in a storm off the Orkney islands a fortnight ago.

A Zealous Anti-Chinese Agitator. SAN FRANCISCO, May 29.—An attempt was made Saturday by Dr. C. C. O'Donnell, the well known anti-Chinese agitator, to arrest several Chinese for deportation. He called upon United States District Attorney Garter and demanded that warrants be issued for the arrest of forty Chinese. He offered to pay the charges for their deportation. Garter showed Mr. O'Donnell a telegram from Attorney General Olney instructing him not to arrest any Chinese until further orders. O'Donnell offered then to deposit \$40,000 for deportation purposes but was told that the local officials could not receive it.

Do you Doubting Suffering Women!
MANY SUCH HERE.
Will you CURE YOU.

Alive to the interests of our lady readers, we publish Mrs. Simpson's letter to Dr. Kennedy.
Dear Sir:—I was an invalid for years, suffering from kidney trouble and female weakness. Physicians prescribed for me and I took various remedies, but no benefit resulted. Our daily paper noticed the success of Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., in cases similar to my own. I purchased it. The first bottle taken in small doses, but very regular, improved me wonderfully. My complexion cleared, appetite improved, sleep was sound and refreshing, and a little further use entirely cured me. There never was a medicine for woman-kind, like Favorite Remedy. With all my heart, let me urge them to use it. Relief will be the result.
MRS. S. P. SIMPSON, Turner, Ill.
Such a frank, candid statement leaves the impression of truth upon its face.
The best proof of the value of Dr. Kennedy's Favorite Remedy, is the good it has done. What reason then for one suffering, or half sick, to remain so.
