Perhaps some of the readers would like to know in what respect Chamberlain's Cough Remedy is better than any other. We will tell you. When this remedy is taken as soon as a cold has been contracted, and before it has become settled in the system, it will counteract the effect of the cold and greatly lesson it's severity, if not effectually cure the eold in two days' time, and it is the only remedy that will do this. It acts in perfect harmony with nature and aids nature in re-lieving the lungs, opening the secretions, harmony with nature and aids nature in relieving the lungs, opening the secretions,
liquefying the mucus and causing its expulsion from the air cells of the lungs and restoring the system to a strong and heaithy

COL. TAYLOR'S MEETING.

An Auspicious Opening of the Cam

paige in Henry County.

Hon. Wm. A. Taylor, the Democratic candidate for Lieutenant Governor, opened the campaign in Henry county, at the Opera House in Napoleon, last Thursday after noon, Sept. 28th. Notwithstanding the busy eason with the farmers, the large ball was well filled and delegates were present from nearly every voting precinct in the county. The speaker was listened to with marked attention for nearly two hours, and all pres ent were unanimous in the opinion that the speech was one of the best ever delivered in Napoleon. The Col. dealt principally with state matters, a subject which is especially istasteful to Republicans just at the present time, masmooh as they are heartily ashamed of the last general assembly and its outragsons actions, and the many scandals con ected with the McKinley administration for the past two years. The speaker was applanded many times and the audience paid the closest attention to his earnest and convincing utterances. Many ladies were present and became as enthusiastic over the remarks of Mr. Taylor as did the men. It was masterly arraignment of McKinleyiam and Republican methods and was the mean of opening the eyes of many who were loath heretofore to believe that the Republican party could be guilty of deceiving the people as it has done. All over the audien were scattered old soldiers, who no doubt came to the meeting knowing full well that the Col. would say something especially interesting to them, as the speaker was an old soldier himself. And they were not disappointed, for he laid bare more schemer than one of the way the pension sharks were hoodwinking the soldiers and how they were being aided and abetted by the Republican state committee of Ohio, for political purposes. The Col. showed these rascals up n their true colors; the Democratic sol diers still have an abiding faith in their par-Vandenbroek's clothing store. You will ty and its friendship in those things which concern them and their families. The old soldiers will continue to draw their pensions whether we have a Democratic or Republican administration of affairs, the pension sharks and the bloody shirt howlers to the contrary. The interest taken in the meeting is evidence that the Democrats of Henry county are alive to the situation, and that

"I have been in a distressed condition for three years from Nervousness, Westiness of the Stomach, Dyspepsia and Indigestion until my health was gone, I had been doctoring constantly with no relief. I bought one bottle of South American Norvine, which done me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy; a few bodies of it has curse this completely. I consider it the grandest medicine in the world."
