Democratic - Northwest, AND HENRY COUNTY NEWS. OFFICIAL PAPER OF CITY AND CO NAPOLEON, OHIO, OCTOBER 10, 1895.

"We denounce the action of the Democratic Congress for the passage of a tariff bill that removes the work-shops for foreign countries instead of America, thus reducing the price of products of the farm, because it must be taken to the laborer for consumption." The above sweet morsel is taken from the resolutions passed by the Henry county republicans last Saturday. It's a daisy, and the author is entitled to a leather medal. He estimates the intelligence of the people at a very low ebb if he expects them to believe such stuff. There is not an intelligent voter but what knows that the tariff law passed by the Democratic Congress has set the wheels going in every factory which had been closed under the workings of the McKinley tariff law, and that new factories and new industries have sprung up all over the country until labor is again employed on full time and wages are gradually being brought back to where they were before ruined by the McKinley law. Under the Democratic tariff law strikes are almost a thing of the past, and the laborer is again worthy of his hire. The McKinley law trampled labor in the dust, closed factories, or if not closed, put labor on third or half time, which reduced it to the very brink of starvation. The difference in the results of the two laws are marked. Under the McKinley high tariff law factories were closed, labor unemployed, and general depression on all sides. While under the Wilson low tariff law factories have started up again, labor fully employed, and revival of business and prosperity throughout the country. The latter clause of the above quotation is too absurd for thought. If it were so the foreign demand for our products would increase their price instead of reducing the price. The Republican county platform contains the following: "We congratulate the people upon the return of prosperity produced by the election of a Republican House of Representatives, thus putting an effective bar to Democratic tariff tinkering." The people are certainly to be congratulated upon the return of prosperity, and we are glad to note that our Republican friends admit that prosperity has once more come to our country. The depression was brought about by the McKinley law. Under its provisions the country was gradually being bankrupted, business destroyed and labor crushed. The Wilson law has been substituted for the McKinley law, and lo! behold, the country has taken new life, industries are again in full blast, and prosperity once more has come to our country, as our Republican friends admit. But they say it is due to the election of a Republican Congress. The Republican Congress can have no effect upon the country until at least two years after it was elected, and their tariff "tinkering" cannot change matters for at least a period of that time. It is the Republicans that threaten "tinkering" with the tariff, not the Democrats. The Republicans say the McKinley law must be restored. The Democrats say the Wilson law is all right and should stand. What do the people say? Do they wish to return to the dark days under the McKinley law or remain in the sunshine of prosperity under the Wilson law?

A Hungry Set! Was the Republican Convention. A Ticket Composed of Barnacles. The Resolutions, Wind and Buncombe. Talk about Democrats being hungry for office! The Republicans of Henry county can discount them ten to one, for a more hungry crowd for place never assembled in Napoleon than that of the Republicans who gathered in county convention on Saturday last. It seemed as though every Republican in the county was on deck, working and scrambling for place, if not for himself then for a friend, and how they did murder fractions! Think of a candidate receiving one-sixty-first of a vote! The idea seemed to pervade that the people of Henry county were tumbling over each other in their eagerness to place Republicans in office in this county. When the Republicans woke on the morning after election and learn that the entire Democratic ticket has been elected they will find they have been laboring under a very severe attack of delusions, or illusions. But notwithstanding all this, the big bosses of Napoleon dictated the entire ticket, in fact the complete slate went through as they had made it. Great are the Napoleon bosses, but the country districts are loath to concede it. They were simply not in it, only as tools. It was near 11 o'clock p. m. when the convention was called to order by Capt. Heller, who announced the temporary organization as follows: Chairman, F. D. Printz; Secretary, E. A. Palmer. On taking the chair Mr. Printz seemed a little embarrassed, but he kindly thanked the convention for the honor and at once proceeded to business, without making a speech. Two committees were all that was necessary, according to the program, and they were composed as follows: ORDER OF BUSINESS. Resolutions, E. N. Warden; Amendments, J. E. Baker; Freehold, J. Walcott; E. L. Lingle; Fisk, J. C. Curran; D. W. Brubaker; Harrison, W. Stevens; J. C. Lester; Liberty, E. P. Mires; Marion, S. E. Christman; W. S. Bernice; Monroe, C. M. Stevens; W. Crockett; Napoleon, J. B. Couch; E. S. Heller; Pleasant, W. Bear; J. P. Bekus; Ridgeville, J. E. Baker; S. S. Baker; Slidewille, H. McIntosh; J. W. Harper; Washington, G. G. Courtright. On the completion of these committees the convention adjourned until 1:30 p. m. The convention reassembled promptly at 1:30. The committee on permanent organization, rules and order of business reported that the temporary organization to be made permanent and that nominations be made in the following order: Representative, Commissioner, Recorder, Treasurer, Surveyor and Infermary Director. Also that it require 115 votes for a nomination, and that each township should report their votes to the chairman of the convention, and the same shall be read by the chairman when all precincts have voted. The report adopted. The committee on resolutions, through its chairman, Capt. Heller, reported as follows: Resolved, by the Repbl. conv. of Henry county in convention assembled that we reaffirm our place to the Repbl. conv. party; we approve the platform adopted at Zanesville and pledge our support to the candidates so nominated. Resolved, that in the nomination of Geo. Bushnell for Governor the state is insured a continuance of the wise, economical and business like administration of state affairs in the future as in the past. We denounce the action of the Democratic Congress for the passage of a tariff bill that removes the work-shops for foreign countries instead of America, thus reducing the price of the products of the farm because it must be taken to the laborer for consumption. Resolved, we congratulate the people on the return of prosperity produced by the election of a Republican House of Representatives, thus putting an effective bar to Democratic tariff tinkering.

Resolved, we endorse the action of Republican county officials who have been and are instrumental in reducing county expenses, in requiring an economical and honest administration of county affairs, and we promise a faithful and every pledge for economy and honest administration in a county affairs. Resolved, we pledge our candidate for the legislature if elected to the support of that gallant Republican, J. B. Foraker, for United States Senator. Of course the resolutions were adopted with a hurrah, on the spur of the moment. But when the intelligent voter comes to read the resolutions in the quiet of his home he will at once detect the weak, if not silly, spots in them. For Representative, Sol. Zarbaugh had clear sailing; he was upon the slate, and was nominated by acclamation. A whole horde of names were announced for commissioner, but the slate candidate got there easy, after a sham showing of a contest. The balloting resulted as follows, fractions omitted: R. A. Cromwell 1st. 2d. 3d. 4th. E. N. Weaver 69 71 99 54 M. Weakly 62 71 109 151 J. C. Curran 28 38 48 58 J. B. Calbertson 3 3 Mr. Weakly was declared the nominee. Quite a laughable incident occurred when the townships were being called for candidates for commissioner. When Ridgeville township was reached the party form of Squire Abbs arose and he commenced a long drawn out speech upon the honesty and capability of the candidate he was about to name (everybody expecting him to name Mr. Walcott) but what was the astonishment of all, when the squire had got to that point where the name came in, after having wrought his hearers to the highest point of expectation by his eloquence and exaltation, to hear him say Ridgeville had come to the conclusion not to present a candidate! He brought down the house, and amid the laughter the delegates repaired to their several headquarters to prepare their ballots. They had no more than left the room when a delegate jumped up and said Ridgeville had a candidate, and requested the chairman to reassemble the delegates, so that the name could be presented. The chair did as requested and special messengers were dispatched to bring the delegates back into the hall. After considerable coaxing part of them returned and the name was presented as a candidate. The wind was completely taken out of the "Squire" and that was the last heard of him. For Recorder the names of H. L. Willard, J. A. Musser, G. W. Fisk and T. C. Clewell, were announced. The ring candidate was the only one in the race, as the ballot shows: Willard 46 Musser 40 Fisk 25 Clewell 122 D. G. Durbin was placed upon the ticket for Treasurer, upon the dictation of the bosses. D. B. Nangle and Geo. Williams were announced for surveyor. The ballot resulted as follows: Nangle 155 Williams 68 For Infermary Director the names of C. Lemery, W. H. Edgar, I. W. Hershberger and A. Grambling were announced. The ballots tell the following story: Lemert 104 Edgar 157 Hershberger 47 Grambling 28 The usual resolution empowered the committee to fill vacancies was passed, when the convention adjourned. CONGRESSMAN MCCREARY says the Democrats will carry Kentucky this year by 30,000 majority. Mr. McCreary is a level-headed man and knows whereof he speaks. THE Democratic ticket from top to bottom is worthy the honest support of every Democrat. A cross-mark under the roster is all that is necessary to vote a straight Democratic ticket. The success of Hood's Sarsaparilla in conquering scrofula in whatever way it may manifest itself is vouched for by thousands who were severely affected by this prevalent disease, but who now rejoice over a permanent cure by Hood's Sarsaparilla. Scrofula may appear as a humor, or it may attack the glands of the neck, or break out in dreadful running sores on the body or limbs. Attacking the mucous membrane, it may develop into catarrh or lodging in the lungs lead to consumption. Come as it may, a faithful course of treatment with Hood's Sarsaparilla will overcome it, for working upon the foundation of all diseases, impure blood, the system is clarified and vitalized, and vigor strength and health restored to the body. DAYTON, O., Oct. 1st, 1895. To the Editors of the Dem. Northwest: MY DEAR MR. EDITORS:—My attention was to-day called to an issue of your valuable paper of September 12th, 1895, in which appears an article decidedly derogatory to the members of the Board of Trustees of the "Deaf and Dumb Asylum" of Columbus, and as a member of this board at the time some of these alleged acts were committed, I desire to make a statement which you would oblige me by publishing. I resigned from the Board of Trustees on Sept. 3rd, 1895, for the reason that I felt my services in a board, some of the members of which I could not thoroughly rely upon, were entirely thrown away. In place of the utmost harmony among its members all directed toward one common cause—the good of the institution, I began to find petty jealousies, partisan favoritism and palpable duplicity to such an extent that I felt could result only in dishonor to the board, the institution and to Gov. McKinley, who was at the head of its administration. As to any acts of indecency and immorality, nights of revelry and debauchery, I have no acquaintance—my time always being spent with purely business matters at purely business meetings of the board. I am no longer connected with the institution, but I feel a statement something like this is due myself and my friends. Sincerely, T. P. EVANS. \$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative power, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address, F. J. THE Democratic county ticket gives general satisfaction in every township in the county. It is a winner. SENATOR DAVID B. HILL of New York will speak at Lima on Oct. 29th. He will also speak in Cincinnati and Columbus. He will have rousing meetings wherever he speaks. THERE was one other year besides this in which the Legislature did not meet and that was in 1855. At that time the members were paid by the day and didn't draw any salary for that year. ONE of the funny things at Springfield was that while McKinley was trying to prove that wages were being lowered because of the repeal of the McKinley bill, Bushnell was trying to prove to the newspaper reporters that he was advancing them. THE farmers of Ohio will not vote for a man for governor who become a multi-millionaire in a few years by selling agricultural implements at extortionate prices. Now is the time for the tillers of the soil to get even with Bushnell, and you bet they'll do it. It would be difficult to find a set of men more partisan than those composing the Republican county ticket. With the exception of one or two the candidates are the most bitter Republicans, any one of whom would likely see his good right arm torn from his body rather than vote for a Democrat. Yet these men are asking Democrats to place them in office. We don't believe Democrats will lend any such aid. Shopping List.
