THE RANDALL CLUB AT CIN-

The Sam'l J. Randall club of Philadelphia have completed the necessary arrangements for the club to attend the National Democratic convention at Cincinnati, on June 22, 1880. The assessment for each member participating was fixed at \$60, to be paid to the treasurer on or before June 1st; this sum includes transportation, sleeping berths, meals on cars, hotel board, music, badges, kid gloves, necktie, white hat and suit of dark clothes—coat, pants and vest—made to order in the latest style. The club will leave this city, with the limit of 75 members, Sunday, June 20th, on the 11:50 a. m., train, arriving at Cincinnati on Monday, June 21, at no n., and will have headquarters at the Walnut Street House, returning home on Thursday, June 24th, and reaching Philadelphia, Friday, June 25th, at 6 p.m. The com-mittee have secured Currier's Military Band of Cincinnati to furnish them with music for parades and serenades during their stay in that city. Wm. McMullen has been appointed chief marshal, and will select his assistants at an early day. -Fhila. Times.

NO USE OF DENYING IT.

It is of no use for the Republican party to deny that they are in favor of an empire. Their disavowal would be entitled to no credit. The recent history of this party shows that its leaders are ready to avow any political faith in the pursuit of office.

Four years ago they passed resolutions of unalterable opposition to a third term. Now they are just as unalterably in favor of a third term.

Reasoning from analogy, the stronger they now profess to be opposed to an empire, the more strongly may we ex-pect to see them advocate the establishment of an empire four years hence.

The Republican party was a good enough war party; but as a peace party it has descended to the lowest political depths.— $N.~Y.~\delta un$.

THE Chicago Times has been carefully analyzing the list of those who signed a petition, asking that a Grant public meeting might be held in that city, and finds out that of 4 000 names, there are only about 1,000 that have any weight, Of the other 3,000 many more than half are fictitious; in hundreds of instances names have been repeated, while certain other signers are either government employes or hungry politicians. In short, after a great deal of labor, only about 1,000 men could be found who were willing to ask that an ordinary political meeting in favor of the ex-President might be held. The Chicago Grant men are evidently of the same stripe as many of the Pittsburgh Grant club. The Grant men are all tarred with the same stick, no matter where you find them.

OHR and Mann, in our jail under sentence of death, to be executed on Friday, May 7th, seem likely to suffer the extreme penalty of the law. It does not appear that Gov. Foster is disposed to interfere. Under our law the execution must take place within the jail. The execution, therefore, will not be in public, and our friends at a distance need not visit Canton that day, expecting to see the unfortunate young men take the fatal drop. We know that Sheriff Altekruse and his good wife will be greatly relieved when these death penalty cases are disposed of. The daily stream of people calling to see the little chaps now under sentence of death is astonishing. There is little use in such curiosity.

WM. H. KEMBLE, Petroff, Salter, Crawford and Rumberger were on hand in the Harrisburgh court room Monday to receive sentence. Judge Pearson read them a homily on the heinousness of their crime, namely: the corrupt solicitation of legislators-and on the duty of the Court to be as stern with an offending millionsire as with an offending pauper. Then, much to the surprise of the spectators, and probably to the men themselves, he proceeded to sentence each of the five convicted criminals to a year's solitary confinement at hard labor in the penitentiary, and a fine of \$1,000.

SENATOR HOAR of Massachusetts got off a burst of indignation on the social tabooing of Whittaker at West Point. The Washington Republican bluntly impales the Senator on this picket :

Senator Bruce is worth a hundred Whittakers, and his Senatorial and social ostracism is, from his position a thousand times more offensive than Whittaker's. Mr. Hoar made a telling speech on Cadet Whittaker being left to himself, but the honorable Senator did not think how severely he has left Senator Bruce and his charming wife alone.

An exchange says: "It is understood that Vanderbilt, like many other New York Democrats, while he takes no part in the caucus, is ready to give a hearty support to Gen. Grant after his nomination at Chicago." Mr. Vanderbilt, as a rule, votes the Republican ticket, and it is from Democrats of this class only that Grant votes will be drawn.

THERE is really a prospect that the House Committee on Ways and Means will consent to report some sort of a tariff bill to the House. It is likely there will be a mejority and a minority report, but the main thing is to get the question of teriff reform fairly before the House, where every man's vote will be a matter of public record.

SHERMAN'S SUCCESS in getting control of the Republican state convention yesterday at Columbus, is largely attributable to the manipulations of U.S. officials, and to the "bar'l" power of the Secre-tary of the Treasury. He is something

The Republican state convention met at Columbus yesterday, and Major Mc Kinley was temporary chairman and Hon. Ben Butterworth permanent chair-man. The Sherman is fluence had complete control.

THE electors of this Senatorial district, composed of Carroll and Stark, will be required to elect a member of the State Board of Equalization at the next October election. Let this be borne in mind.

A Burglar Killed Last Night in Canton-How he Could have Avoided a Loss of Life,

Yesterday morning about hatf past one thieves cut a pane of glass in one of the front windows of the Oak Hall Clothing House, Reed's cornerand removed a couple of hundred dollars worth of the finest goods to the sidewalk. The noise made attracted the attention of Mr. Erlinger who aleeps in the rear part of the store room, and grasping a pistol he walked to the front of the store and shot and killed one of the burglars just as he was passing through the aperture with a bundle of clothing in his arms. The man fell in of the corner. The cut in the glass is really a remarkable one and well worthy of notice. It can

still be seen by passers by. The dead man proves to have been the proprie tor of an opposition clothing store, who being un able to secure such perfect fitting garments as are only to be found at the Oak Hall, took this method of securing a stock. Had the man been wise he would have purchased what he needed, and then he would have been able to make a handome and handsome profit by selling them at the prices usually asked for shoddy goods at many other clothing houses. Remember that this clothing house is on the Reed corner, Public Square, Can-ton, Ohio.

Mongollan War.-On Tuesday evening three young chaps entered Wee Sone's laundry and proceeded to go for the Cninsman's money. Quite a scuffle ensued and Wee Sone was pretty roughly handled. He managed to get away from his as sailants and ran to the Mayor's office to report. Marshal Rigier and officer Lothamer immediately repaired to the "washee, washee" shop and arrested two of the party, who gave their names as Charles Ritten and John Hill. The Chinaman as Charles Kitten and John Hill. The Chinaman said that they had taken about a "diollar or diollar and halp," and described one of the pieces. The money was found on one of the prisoners, and the Mayor allowed them to plead guilty to assault and battery and petiti larceny. They were each fined \$15 and costs on the first charge and \$2 and costs each on the second, to stand committed until fine and costs are paid.

It is amusing to observe the various pretexts put forward by Clothiers as grounds for seeking business. Human ingenuity is fearfully tortured in the production of claims for the various claimants. One is the best, another the largest, still another the oldest, or most stylish, or progressive, and so on until all is consumed. SAM GUNZBERG & CO., however, do not regard the public a great court of claims to be continually pestered by arguments for their case, calmly representing, on all proper occasions, their brief of self-evident facts. They wait for the sure return of the popular verdict. These facts embrace not the single fact claimed by others, but actually combines them all.

We are positively one price and a Low Price.

We have all our goods marked in plain figures. We do not claim what we do not know.
