**AN OPPORTUNITY FOR ALL.**

Congressman Webber, of Lorain county, brother of Harry Webber, of the firm of Webber & Turner of this city, and one of the leading Republicans of the state, has come out in an open letter and asks the voters to aid in the defeat of Herrick for the reason that the fight as waged this fall has resolved itself into a contest between the liquor interests of the state and those who are opposed to this element dictating the policies of the party and the candidates it must put forth for the support of the voters.

It takes a strong man to thus do what he believes to be right, especially when he is at the same time the recipient of the favors of the party that he is compelled to upbraid. How much easier it is for the average voter to go to the ballot box on election day and cast his vote for honest and decent government as opposed to that represented by Cox of Cincinnati.

No man will lose anything in the long run by coming out for decency in government, but the voter who has an opportunity of casting his ballot in secrecy for such principles and fails to do so is endangering the stability of the liberties of the people. To neglect an opportunity like this where he does not risk losing the influences of those he votes against, it becomes almost criminal for him not to do the duty that decency and good government demands.

The News has hopes that many good Republicans of this city will follow the example set by Congressman Webber, but if they cannot do so, it has hopes that they will give expression to their better judgment when they are in the privacy of the voting booth on election day.

**FARMERS HAVE VOTES.**

The Republican bosses even in Stark county are sneering and saying that "No one but the farmers are against Herrick." There are enough farmers in the state to defeat him or any other man who wants to be governor, and there are thousands of townspeople who are hand in hand with their brethren of the farm. It is a contest for decency.—Alliance Leader.

Some of the machine Republicans of the city are complaining that ex-Chairman Clark was entirely too prominent at the reception given Patterson at the Courtland on the occasion of his visit to this city.

**Melody Defeated Peterson.**  
Spokane, Wash., Oct. 29.—Billy Honey Melody of Boston won over Geo. Peterson of San Francisco in the eleventh round of what was scheduled to be a 20-round go before the Spokane A. C. Saturday. Peterson put up a game fight and took a world of punishment.

A cynical highland gillie thus explains a certain rich American's action in paying \$25,000 as a year's rental for a castle in the north of Scotland: "He pays \$5,000 for the house, \$5,000 for the fishing, \$5,000 for the deer, \$5,000 for the grouse and \$5,000 for being near Balmoral, where the king occasionally visits."

**Do the right thing if you have Nasal Catarrh.** Get Ely's Cream Balm at once! Don't touch the catarrh powders and snuffs for they contain cocaine. Ely's Cream Balm releases the secretions that inflame the nasal passages and the throat, whereas common "remedies" made with mercury merely drive them out and leave you no better than you were. In a word, Ely's Cream Balm is a real cure, not a delusion. All druggists, etc., or mailed by Ely Bros., 26 Warren Street, New York.

### AN ARREST MADE IN PITTSBURG IN THE SUIT CASE MYSTERY

(Continued from Page One.)

Miss Geary or Durrell, were lovers, and understood they were engaged to be married. The two men were sweated in Superintendent McQuaide's office but refused to give any more information or to admit that they knew where Nathan was. Finally Forrest said that he might be able to locate Nathan at a house in Allegheny, where he had a friend, if Superintendent McQuaide would allow him to depart. Superintendent McQuaide told him to bring Nathan to the office and all would be well. Forrest and Reinhold hurried out of the station without noticing that Detective Cole was shadowing them.

Instead of going to Allegheny, Forrest and Reinhold went directly to the Hotel Henry and asked to see Kimeo, the Japanese valet of Wright Lorimer. As they went up to his room in the elevator, Detective Cole accompanied them and left the cage at the same floor with them. They went to Kimeo's room and after waiting a few minutes, Cole knocked at the door. It was opened by the Japanese and the detective forced his way into the room before it could be closed. Nathan was seated at a table with his head in his hands weeping bitterly. Forrest and Reinhold were attempting to comfort him. Cole told his mission and Nathan nearly collapsed and would have fallen to the floor if his friends had not supported him.

Cole arrested Nathan, Forrest, Reinhold and the valet and brought them to Central station. Nathan was in a pitiable condition and had to be almost carried to the station from the hotel. Nathan fainted when brought before Superintendent McQuaide and it was some time before anything in the nature of a statement could be gotten from him. He cried almost continually while being sweated and kept repeating that he was innocent of any crime. He through his tears told Superintendent McQuaide that he had known Miss Geary since she had joined the company and that they were engaged to be married, the only bar being her mother's objections, he being a Hebrew and the girl a Catholic. He said that on the night of her disappearance he had left the theatre in company with Miss Geary, Eleanor Barron, and Rita Marie, who were all members of the "Shepherd King" chorus. They had walked as far as the subway station where Miss Geary had left them and he had not seen her since. His statement could not be

beaten down by examination. Nathan was finally placed in a cell on a charge of murder after Superintendent McQuaide had talked to Chief Pierce of Boston over the telephone.

After Nathan was arrested, Manager Reinhold turned over the note signed by Dr. Smith, which Stage Manager Forrest had received at Lynn, Mass., and which Forrest had previously stated that he had destroyed.

Reinhold said Forrest had given him the note. Forrest refused to explain his action to Superintendent McQuaide.

As there was no request for any other arrest than Nathan's, Superintendent McQuaide allowed Reinhold, Forrest and the Japanese valet to go on their own recognizance to await instructions from the Boston authorities.

**SIX LIVES LOST**

Monongahela, Pa., Oct. 29.—At an early hour today six lives were lost in a gas explosion at the Hazel Kirk mines, about four miles from here. Every official connected with the big mine was killed. The party had gone down on an exploring tour.

**HERRICK'S DEFEAT**

Urged by Bishop Moore, Who Favors Patterson.

Washington, D. C., Oct. 29.—Bishop David H. Moore, attending the meeting of the board of Methodist Episcopal bishops here, is out in an interview declaring that, while he is "one of the most unadulterated, unbending and unflinching Republicans that ever stalked the state of Ohio," he urges the defeat of Myron T. Herrick, Republican candidate for governor.

The bishop is located at Portland, Ore., but retains his residence at Athens, O. He says Ohio Methodists want a decent saloon law; declares that Secretary Taft should have urged his auditors to vote for the Democratic nominee for governor in his recent speech, and insists that G. B. Cox will no longer be a dominating influence in Buckeye politics.

**A Real Rapid-Fire Gun.**

A new death-dealing instrument has been invented. A Lithuanian gentleman, M. Feodor Troitz, has contrived a gun, worked by electricity, which will fire from 3,000 to 12,000 shots a minute. The range of this new weapon is three miles, and its destructive power, if all claims on its behalf are genuine, should put in the shade such trivial toys as magazine rifles. The gun only requires one man to work it.

### CHURCH EXTENSION

Discussed at a Meeting Held Where McKinley Worshipped.

Washington, D. C., Oct. 29.—"City Church Extension" was the topic of a mass meeting of hundreds of Methodists at the Metropolitan Memorial M. E. church in this city. A half dozen bishops of the church addressed the congregation, they being in the city to attend the semi-annual meeting of bishops. The church in which the gathering was held was built by subscriptions from over the United States, and here President McKinley worshipped. It was urged as especially fitting that the movement for extension of the District of Columbia, for the topic referred to such, should be inaugurated in this church.

Aldis W. Brown, president of the Methodist Union, presided. Among the bishops to speak were Bishops William F. McDowell, John W. Hamilton, David H. Moore and Earl Cranston.

Here you will find sure and permanent forgetfulness of your troubles, and your body will not be burdened by a load of debt disease. At the Durbin & Wright Co. drug store. Price 50c. Guaranteed.

Veterinary surgeons know, but the general public does not, that some animals are as liable to meningitis as are human beings. Goats and horses are the principal sufferers in the dumb creation, and from them the infection may be transmitted to man. In horses the disease is known as "hydrophalus acutus." Of horses affected with the disease, 78 per cent die, and the remainder have a chronic tendency to relapse.—London Globe.

### MISS EVA BOOTH

Baltimore, Md., Oct. 29.—Eva Booth, head of the Salvation Army in America, was to have spoken here today but she developed an attack of appendicitis in New York and could not come.

She is at her home in Mount Vernon, N. Y. One of the officers of the army said: "Miss Booth is suffering from physical exhaustion, as a result of her recent trip through Ohio and Pennsylvania. She will be all right in a day or two."
