PECTORAL

They are at home, and any one who has doubts can in uire of the person who have been cured by it. DR. KEYSER IS PREPARED AT ANY TIME TO EXAMINE LUNGS WITHOUT CHARGE, FOR ALI THOSE WHO NEED HIS MEDICINES.

Dr. Kryger:—My wife has been afflicted with a bad cough and difficulty of breathing, for ave or six years, which, for several years back, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case, I procured some of you. Pectoral Cough Syrup: I bought, the first time, a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine my self to a cold and cough. The medicine cured me by taking one dose I express my entire satisfactior with the medicine, and you are at liberty to publish this if you desire to do so.

Alderman Fifth Ward.

PITTIBURGH, Nov. 18, 1858. Private and Nov. 18, 1858.

Da. Kaven:—Although not an advocate of Patent Medicines, in general, it affords me pleasure indescribable to recommend your Pectoral Syrup. As a medicine it is well worthy the attention of any person sho may in any manner be afflicted with coughs, colds and houseness of any hind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold.

moving all that designeeable sensation asserted with the vere cold.

I have been, more or less, in my life, affected with the severest of colds and hoarseness. At times my throat would become so cheed as to prevent my speaking above a whisper, and by taking a few doses of the above Byrup it would relieve meentrely.

In secommending this medicine, I must unhesitatingly say that it is the best remedy I ever found, purporting to cure the above, nor should any family be without this remedy for discusses so provalent.

J. W. PRICH. COL. PRATT AND DR REYSER'S PROTORAL SYRUP.—Der. Exrons.—Dear Sir. Excuse the delay of my acknowledging the excellence of your Pectoral Cough. Syrup sconer. I take great pleasure in saying that it is all you say it is. Bisocked the noise one of my cough and the worst one I was ever afflicted with: I have not used more than one-half of the bottle, and I can and do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I sm confident I can breake more freely than Lev'r did. I shall always acknowledge a debt of gratitude for inventing a excellent a remedy. You are at liberty to use my name in this regard, as you think proper E. F. READ THE TRUTH.—DR. KRYSER! I have a daughter who has taken several medicines for a bad cough without benefit—among them Ayer's Cherry Pectoral.—I purchased from you a bottle of your PECTORAL SYRUP, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

SYRUP.—I live in Peebles township, Allegheny county, I had a coughing and spitting, which commenced acoust the 4th of February inst, and continued eight months. I employed the best physicians in the country, and my cough continued unplated until carly in October. A that time I was advised to try your PEOTORAL COUGH. that time I was aivhed to try your PECTORAL GOUGH BYRUP, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had despaired of ever getting well, and I think it should be known that this valuable remedy will do for others what It has done in my case. JOHN C. LITTLE, has done in my case. Witness—B. M. KERE.

PATTOR Tr., April 14, 1837.

A WONDERFUL CURE.—Some time ago, an old neighbor of mine was very ill with a bad cough which every one supposed to be consumption. It is relatives told me that he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral Syrup, which I gave him, and it entirely cured him, to the astoniahment of all. What makes the case more remarkable, is the extreme age of the man, he being abouteighty years old. I have no doubt the Pectoral saved his life.

and cold for several weeks—so bad was it that I could not

not do so. I finally procured a bottle of your Pectoral

"STOP THAT COUGHING."—'How can I do it? "Go to Keyser's on Wood street and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears almost every day to cold catching periods of the year. And we can, from actual experiment, cheer faily concur in the adviser's admonition as above, for we have tried the "Pectoral." in a most stubborn case, with entire success. Near two weeks ago we went to Pittaburgh, with one of the most distressing, contrary, mullish, unsubduable coughs we ever experienced stone our advent upon this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of thring it out, but it was no go. In fact it seemed rather to have improved by practice, and to have sequired strength, potency and distressibility by the operation. In this sugge of the siege, we can the down and to the "Pectoral;" look it according to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered, after a brief but unequal conflict with so formidable an adversary as Keyser's famous "Cough Pectoral."—Drownscille Clipper, Dec. 14, 1859.

in all its youthful beauty.

Battle Creek. Mich.; Dec. 21st, 1858.

Proof. Wood: Thee wilt please accept a line to inform thee that the hair on my head all fell off over twenty years ago, caused by a complicated chronic disease, at tended with an eruption on the head. A continual course of suffering through tile having reduced me to a state of dependence; I have not been able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head has suffered extremely from cold. This induced me to pay Eriggs & Hodges almost the last cent I had on earth for a two dollar bottle of thy Hair Restorative, about the first of August last. I have faithfully followed the directions, and the haid spot is now covered with hair thick and black, though short, it is also coming in all over my head. Feeling confident that another large bottle would restore it entirely and permanently. I feel anxious to persevere in its use, and being destitute of means to purchase any more. I would ask thee if these woulds not be willing to send me an order on thine agents for a bottle, and receive to thyself the scripture declaration—"the reward is to those that are kind to the wildow and the fatherless."

Thy friend, SUBANNAH KIRBY, Ligonier, Noble County, Indians, Feb. 5th, 1659.

Proof. O. J. Wood: Dear Sir:—In the latter part of the year 1852, while attending the State and National Law School of the Batte of the W York my hair, from a cause unknown to me, commenced falling off very rapidity, so that in the short space of its months, the whole upper part of my scalp was almost entirely berefit of its covering, and much of the remaining portion upon the side and beau part of my head abortly after became gray, so that you will not be surprised when I tell you that upon my return to the State of Indians, my more cassal acquaintances were not so much at a loss to discover the cause of the change in my appearance, as my more intimate acquaintances were not so much at a loss to discover the cause of the change in my s

bay.

As a mark of my gratitude for your labor and skill in
the production of so wonderful an article, I have recommended its use to many of my friends and accumantances,
who, I am happy to inform you, are using it with like
effect. Very respectfully, yours. Attorney and Counsellor at Law.

BLOOD RENOVATOR Is precisely what its name indicates, for, while pleasant to the taste, it is revivifying, exhilarating, invigorating and strengthening to the vital powers, and at the same time revivines, reinstates, and renews the Bood in all its purity and thus at once restores and renders the system invulnerable to attacks of disease. It is the only preparation ever offered to the world, so chemically and sailifully combined as to be the most powerful tonics and at the same time so perfectly aday at 10, as to act in periest accordance with the laws of nature, and hence will soofds the toakest strength, and tone up the digestive organs, and thus allay all nervous and other irritation. It is

the medical world, for it needs no medical shill to see that debility follows all attacks of disease, and proceeds and indeed lays the system open to the institious attacks of many of the most fatal, such, for example, as the following: Consumption, indigestion, Dyspeptia, Loss of Appetite, Faintness, Nervous rrinability, Neuralgia, Palpitation of the Heart, Meiancholy, Night Sweats, Languor, diddiness, Ratention of, as well as Painfus obstructed, too profuse, or too scant Meastruction, and Falling of the Womb. These all depend upon general debility. This pure, heatiny, tonic Cordial and slood Renovator is as sure to cure as the sun to rise and set. There is no mistake about it. But this is not all. If the system is weakened, we are upon to bilious attacks, the liver becomes torpid, or worse diseased, the kidneys refuse to perform their functions, and we are troubled with scalding and incentinence of urine, or involuntary discharge of the same, pain in the back, side and between the shoulders, exceedingly liable to slight colds, coughs, and if unchecked, soon emaciation follows, and the patient goes down to a premature grave. But space will not allow us to enumerate the many list to which we are liable in a weakened condition of the system. But we will say, in this Cordial and Blood Renovator you have a persect, asfe, pleasant and effectual remedy for loss of Appetite, Billousness, Flatulence, weak and sleb stomach, Languor, Liver Complaint. Chills and Sever, or any Bilious attack. Contiveness, acidity of the Stomach, Nervousness, Neuralgia, Papitation of the Heart, Depre saion of Spirits, Sores, Plimple on the Face, or any disease arising from mpure blood, such as Scorolials, Erryspelas, Brommpure and the such as a such sor of the season of climate and water, will find

short, it is indeed a mother's cordist. Try and young; he kinger run the risk of delay; relieve and prove itself emphatically a Re-tice Cordial and Blood Remonder.
