Hiram Woodruff has brought a tame moose at Bangor, which they say, can go a mile in 2.10. He wants to trot a five-year-old filly against the moose, mare or gelding of the same age, to harness in wagon on the Union Course, Long Island, between the middle of May and middle of June next, on any stated day, hot or cold, wet or dry, for \$2,500 or \$5,000 aside.

A company of New York Friends have purchased about \$100,000 worth of lots in South Leavenworth, K. T. They contemplate large improvements on this property, including a first class hotel.

The stones on the corners of the Merchant's Exchange in Boston are larger than any single stone in Cleopatra's Needle, and those now in erection on the United States Treasury Building, Washington, are heavier than any stones of Pompey's Pillar or the Pyramids of Egypt.

The annual revenue to the manufacturers is \$2,000,000, and the income to the State is \$70,000, as a tax of 1 per cent per bushel is charged by the State on all salt manufactured. The whole amount of salt manufactured in the United States is 16,000,000 bushels yearly.

We learn that Gerrit Smith will go to Europe soon as he will be sufficiently restored to health to bear an Atlantic voyage and the fatigue of travel.

Mrs. Nancy Oakes, of Boston, after living with her husband twenty years refused to remove with him to Somerville, on the plea that all her relatives and friends resided in the modern Athens. To free himself from this useless incubation Mr. Oakes brought a writ for divorce, on the ground of desertion, and Mrs. Oakes urged a countersuit, alleging extreme cruelty. Nothing further than his desire that his wife should live with him was proved against the husband, and a decree was issued in his favor.

J. Russell Parsons, of Hoosic Falls, recently received from Lord Berwick estate a full blooded bull dog. It took two expressmen to bring him to Troy, where he got loose and came near slaughtering a whole drove of pigs. At the Falls he was caged in a barn, but a few days since he escaped and pounced on a valuable horse belonging to Mr. Parsons, taking the animal by the throat, and was only induced to let go his hold after half a dozen men had mauled him with clubs. Finally the animal was secured and chained, and the citizens relieved of their anxiety.

Among the many strange customs of the past still preserved in England, is one which requires the Sheriff of the City of London or one of the under-Sheriffs, on any day between the feast of St. Michael the Archangel and Morrow of St. Martin, to go through before the Queen's Remembrancer the ceremony of chopping fagots with a bill-hook and adze, as a suit and service for a piece of land called the Moor, in Shropshire; and the counting of six horse-shoes and sixty-one nails, as a suit and service for a piece of land called the Forge, in the parish of Clement Danes.

A man in Virginia who killed another with a single blow of his fist, is fined \$200 and sent to jail for three months.

BOILS.—We read that one of the sorest afflictions that the patient Job was called upon to bear was that of boils, and they have been found to be, from that time to the present, the most troublesome and painful visitors. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood, and that humor of which the body is actually forced to the surface of the body, making its appearance in the form of Boils. Now, is it not best at once to purify the system? Do you ask what will do this? We answer, Kennedy's Medical Discovery; it is curing humors in every form, and there is not a state in the union where it has not accomplished the most astonishing cures.

How the Doughfaces are Snubbed.

There are twenty-six Northern Democrats in the House, who represent at least two-thirds of all the Democratic voters in the Union. Do Southern Democrats vote for any one of them for Speaker? Not a bit of it. They pass by one and all with contempt, and vote for no man who does not own and drive human chattels. Even when the party broke to fragments on Boock, and McClelland, of Illinois, got a few votes, they were all thrown by Northern Democrats. So when a movement was made in John G. Davis, of Indiana, not a Southern Democrat could be brought to his support. They will trust no man, even the debased Logan, of Illinois, or Vallandigham, of Ohio, who crawled deeper in the dust than any Northern member ever before humiliated himself. The fact has been demonstrated that Southern Democracy is too intensely sectional to vote for any man for Speaker who does not breathe the disunion atmosphere, and who is not hostile to Northern and Western interests. —Leader.

Losses by Fires in 1859.

A record of all the fires, together with the property destroyed, which have occurred in the United States during the year, where the loss has been estimated equal to and upwards \$20,000, gives a total of 208 fires, involving a loss of \$19,058,000. Add to this the amount of property destroyed by fires where in each instance the loss was estimated at less than \$20,000, and the aggregate would be increased to about \$22,000,000 in 1859. Lives were lost at 51 fires, making an aggregate of 112 lost during the year.

DEMOCRACY TRUE TO SLAVERY.—It will be recollected that a bill to prohibit slavery in the Territory of Nebraska passed the House of the Territorial Legislature by a vote of 21 to 17—eight Democrats voting with the Republicans in favor of the bill. On the second reading of the bill in the Council, a Democrat moved that it be indefinitely postponed. The motion prevailed, yes 7, nays 6; the yeas all Democrats. The Nebraskaian, the organ of the Democrats in Nebraska, exults over the defeat of the bill as a great Democratic triumph. May it prove the grave of the pro-slavery party in that Territory. —Leader.

It is consoling to know that there is one Northern article which the South can't make, and that is ice. Ice is ice, and must, owing to an unfortunate oversight on the part of Providence, be made in a cold country, to be good for anything. —Quere. Whether the South hasn't cause of complaint against Heaven for leaving it thus dependent upon the North for the excellence of its drinks? The South can't give up its liquors, its liquors are worthless without ice, and ice can be had only from the North, and hence it is dependent in its cups, the very time when even beggars are as independent as kings.

Home Testimony.
Orcutt, Holmes county, O., Aug. 29, '59.
Dr. C. M. JACKSON.—Dear Sir: My son was afflicted with spasms and falling fits for about five years. After trying three different doctors from whom he received no benefit, I procured from you your Balsaic Cordial and Blood Purifier and used thoroughly. He has not had one fit since he commenced taking your medicine, more than three months ago.

It is astonishing how soon valuable remedies come home. RAIFF'S CELEBRATED HORSE LINIMENT will cure the diseases for which it warrants it. We have been informed by numerous persons that it will do all we claim for it in a very short time. See advertisement in another column.

Dr. Hostetter's Bitters have received the warmest encomiums from the press and people throughout the Union. As a valuable tonic for the cure of Dyspepsia, Flatulence, Constipation and general nervous debility, it cannot be approached. Every day new cases of its great effect are chronicled throughout our public journals. There is nothing equal to the enjoyment, to that which the afflicted expect to find when using this valuable specific. Its mild tone, its sure and vigorous action upon a disordered stomach, and the cleansing of the entire human body, should recommend it to all classes of our community. All that will be necessary to convince the skeptical of its healthy effects, is to purchase a bottle and be convinced. Sold by druggists and dealers generally everywhere. See advertisement in another column.
