DOWN AND OUT

That's where we will put competition, if you will just give us a chance to make you a price on what lumber and building material you use, before buying elsewhere. We want your trade and we are prepared to give you everything in the shape of quality, price and treatment in order to get it. All we ask is an opportunity to "show you." So next time you want a little jag of lumber or a large bill, for that matter, drop in and get our prices. We can even make it to your advantage to drive quite a bit out of your way to buy your lumber here.

Letter to Mr. W. J. Davies, Dodge City, Kansas
 Dear Sir:—You ask how many square feet a gallon will cover. Depends on condition of building.
 There is a great deal of lying on this point. The stock claim of lying paints is 300 square feet, two coats. It's a lie, as a rule.
 Devco covers 300 to 500, our agents think. We think 300 too low and 500 too high; though doubtless they both occur.
 How much the other paints cover is equally doubtful; we guess 100 to 400. The truth is found in another comparison. Devco is all paint, true paint, strong paint, and full-measure; the others in general are, at the best, diluted, adulterated and short-measure. They cover according to body and measure. You can't paint with clay lime chalk sand barytes water or air—no body in them. Go by Devco.
 Yours truly,
 F. W. DeYon & Co.,
 New York, Chicago and Kansas City.

Whenever you have a cough or cold, just remember that Foley's Honey and Tar will cure it. Do not risk your health by taking any but the genuine. It is a yellow package. Sold by the Palace Drug Co.

BUCKLIN BREEZES.

J. R. McBrayer, is reported quite sick for the past few days. F. A. Graham is building an addition to his residence on South Main street. L. M. Taylor and wife arrived home from a three weeks visit with old home folks at Postville, Iowa. W. J. Dawkins, who has been working with J. N. Tanner in the blacksmith shop, has returned to his home at Winfield, Mo. Frank Fetter is back on his route, handling mail, after a thirty days vacation which he utilized by putting in a wheat crop. Burks' Great Show, on the Santa Fe Trail, is to be in Bucklin Saturday, Oct. 17th, if it does not get side tracked before it gets here. C. E. Smith is feeling good now in spite of his fire loss. His wife and babies have returned from a long visit with Mrs. Smith's parents in Montana. Judge G. L. Finley and Attorney T. A. Seates, of Dodge City, were in Bucklin Monday evening. Judge Finley was on his way to Greensburg and Mr. Seates enroute to Liberal. T. E. French, is showing that he is still interested in southeast Ford county, he is driving over this section interviewing the farmers as to their prosperity, wonder if the near approach of election day has anything to do with it. J. A. Jones, of Pratt, has rented a house here and will move his family here in a few days. Mr. Jones formerly lived here but when the division was moved he went to Pratt, now he thinks it is to his interest to come back here. A. J. Imel, democratic nominee for representative from this county and R. B. Herron, candidate for county superintendent on the same ticket, were plucking at the buttons of the voters in Bucklin and vicinity, last Friday and Saturday. The Township board is repairing the road at the viaduct west of Main street, we hope that they will keep at the good work until they it in good condition, nearly all of the travel that comes into town from the north comes by that road, and it has been in bad condition for some time. On last Thursday morning, James B. Martin and Miss Alice Parker, of Bucklin, took passage on an automobile for Dodge City, having arrived there they went to the office of the probate judge and procured the necessary license and at high noon of that date were married by the probate judge. The newly wedded couple returned to Bucklin by train. Both of the contracting parties are well and favorably known here. Mr. Martin is a young business man of this place and his bride, until recently was employed in the telephone office here, they will make their home here and will take with them into their home the kindly regards of a large circle of friends.

Between twelve and one o'clock a. m. Thursday, Oct 8th, the barn of C. E. Smith which was located in the rear of his meat market, was discovered to be on fire, it was a frame structure and a part of it was used as a rendering room, the other part was a stable for his horse, which was in the barn at the time and was burned to death, in fact everything that was in the building was a total loss. About ten feet south of the barn there was a frame building belonging to Dr. Fannon in which was located his light and water plant, the wind being from the north, it was impossible, with the means at hand to save this building, the building and contents were all burned, what made it worse, was that in Smiths building there was a lot of lard and in Dr. Fannons building was about forty gallons of gasoline, these helped to make the heat more intense. Mr. Smith estimates his loss at \$600 and Dr. Fannons at \$1500. The entire loss falls on the owners as there was no insurance.
