BUCKLIN BREEZES

M. U. Trexter is building a dwelling house over on the east side of town.

B. J. Griffith is building a new residence on Center Street, over in the west

Mr. and Mrs. W. C. Gossiee and daughter, of Herington Kansas, who have been visiting home folks in Bucklin for the past week, left for their home Tuesday morning.

This part of the Modern Garden of Eden had a fine rain Sunday night and Monday morning; It put the autos out of commission for a time but it was fine for the growing crops,

Wheat, in fact all growing crops, are looking remarkable well for this time of the year. If present indications are fullfilled, the farmers of this locality will sure reap a rich harvest this year.

There was not as many people in Bucklin to greet F. D. Coburn on his arrival here last Saturday noon, as there should have been, the reason was that the farmers in the vicinity were not aware of his coming in time to be here; but by the time that he was ready to proceed on his way, he had an escort of fifteen or twesty automobiles loaded to

Quite a number of our citizens went to Dodge City Monday to interview the county commissioners in regard to the equalization of the assessments of land in this and adjoining townships. There seems to be quite a difference in the value placed upon lands in the different townships; Bucklin township is assessed higher than some of the adjoining townships, some say that the Bucklin assessment is too high; we think not, the law says that it must be assessed at its actual cash value. We do not believe that there is an acre of it assessed at that figure.

The Memorial services and Decoration Day exercises in Bucklin were well attended. The weather was fine and the large crowd of people that were here were well entertained; the parade that formed and went to the cemetery on Monday morning was a large one. The exercises there were impressive. The program that was given in the afternoon and evening were well selected and well executed. The large building was filled to its capacity. The people of Bucklin and vicinity certainly owe a debt of gratitude to M. Lee Sorey, of Dodge City and the Rev. Mr. Henery of Guymon, Okla,, for the part that they took with us in the observance of Memorial Sunday and Decoration Day, the former for his memorial sermon on Sunday morning and the latter for his sermon Sunday evening and his address Monday afternoon; both acquited themselves in manner worthy their high calling.

Take Up Too Much of Wearer's Attention, Says a Writer in a New York Newspaper.

It has become a matter of some doubt in the minds of many people whether patent leather shoes should be worn in the streets. Is it safe or is it not? Should we endanger our lives in the distraction of traffic when, by wearing slightly less shiny shoes, we could give our attention to dodging automobiles and ducking street cars. No child should be allowed out alone in patent leather shoes-that is decided without a moment's doubt; but even people of maturer years are not quite responsible for their own safety when wearing patent leather shoes, They cannot be, no matter what their strength of character. If one's shoes will shine, so one must watch them, and if one walks with one's eyes riveted on one's flashing feet, one of necessity bumps into something, and it is nothing less than cold luck if the something is a lamp-post or a postman instead of a flying fire engine. And then one's progress is so slow. Absorbed, captivated, held spellbound by one's own boot tips, one is so very apt to arrive late at the place one one's destination and sinking onto a park bench wave one's feet slowly about, bewitched by their sparkling high lights. Holland has most wisely and kindly opened up a wide thorough fare for those persons who prefer roller skates to other modes of conveyance, and as nothing more than a humane precaution the city ought to set aside one street for those incorrigibly venturesome people who will wear patent leather boots in public .-New York Evening Sun.

"Yes, but I've got the most dolls," replied Viola. done up for a minute, but for a minute only. Then she came out with. "Well, I've got the biggest feet," in a matter. And it did, so far as Jennie was concerned, for she replied sadly,
