LEAGUE MAGNATES IN DEAD LOCK

Owners of American and National Clubs Unable to Reach Agreement Concerning Release of Players.

[By Morning Journal Special Leased Wire.]

Chicago, Feb. 15.—The American league baseball owners today refused to ratify the revised National agreement, and referred it, as a whole, to President B. B. Johnson for revision. No date was set for his report on it. Numerous objections were offered to the agreement, but the most important ones seemed to be the one relating to inter-league waivers on drafted and purchased major league players. It provides that neither a drafted nor purchased player shall be sent to a minor league club until all the clubs in both leagues shall have had an opportunity to waive on him. Drafted players must be delivered immediately.

But in the case of purchased players the clause provides that "the waiver clause of a purchased player shall be fixed by negotiations by the interested parties and in case of their inability to agree, by the commission whose decision shall be final; of a drafted player the amount paid for his selection, plus \$250."

In the past it has not been necessary for team owners in either of the big leagues to obtain waivers on purchased players outside their own organization, and in cases where high priced players were concerned it has been customary to reimburse fully the seller for his outlay in obtaining the player.

Under the proposed rulings several team owners see a possibility of high priced players going for the waiver price, a few hundred dollars, and \$250.

Frank J. Navin, of the Detroit club, one of those who opposed the agreement, said: "It frequently is the case that a player who has cost from \$5,000 to \$10,000, is for some reason or other sold to his owner. Under the proposed rule it might be necessary to part with him for about \$5,000, to include the waiver price of \$250, the expense money and the selling \$250."

It does not seem as much objection to the dual waiver feature of the rule as the financial settlement. The rule should be broadened so as not to make the final price arbitrary in case of the failure of the club owners to agree.

Although the agreement was not

STUTZ TEAM A FAST COMBINATION ENTERED IN 500-MILE EVENT

[Special Correspondence to Morning Journal.] Indianapolis, Ind., Feb. 15.—A combination of racing cars and famous drivers which will be certain to figure in the second annual 500-mile International Sweepstakes race, to be run at the Indianapolis Motor Speedway next Memorial Day, is the Stutz team, composed of Gil Anderson and Len Zengel, as regular drivers, with Billy Knipper as relief driver.

Two of the Stutz cars have been entered. These are identical in type with the Stutz car which competed in the last 500-mile race and went through without a stop for mechanical adjustment. This was considered remarkable, inasmuch as it was the first car of the model and make that was manufactured and because of this performance the company was formed and the car was put upon the market. Gil Anderson, who will drive entry No. 1, Stutz car, this year, was the driver in the last race. He sent his Stutz car through several races last year and made a non-stop performance which was considered notable by motor racing experts.

Len Zengel, who is Anderson's team mate, has been a racing driver for several seasons, his last notable victory being the winning of the Elgin National Stock Class road race at Elgin, Illinois, last year in a National car. Zengel is the Dayton (Ohio) agent for the Stutz.

Billy Knipper, the relief driver, has been a driver of national reputation for several years and started his career as a mechanic for Herb Little in 1896, when he drove a Pope-Hartford in the Gordon-Bennett race in France, being the only American car to finish in that event. Knipper later drove a Chalmers "Bluebird," and in 1910 won the Tideman trophy at Savannah, Georgia, in a Lancia.

These three drivers go to make up one of the foremost teams which will compete in the next long Speedway event and seem almost certain to land their share of the \$50,000 cash prize offer.

M'NAMUS IN CHARGE OF STATE PRISON AT SANTA FE

Albuquerque Man Relieves Cleofes Romero as Superintendent of Penal Institution; Ormsbee Succeeds Bayer.

[Special Dispatch to the Morning Journal.] Santa Fe, N. M., Feb. 15.—Superintendent John B. McManus this morning took charge of the New Mexico state penitentiary relieving Cleofes Romero, whose resignation was recently accepted by Governor McDonald. The only change in the penitentiary staff announced today was the appointment of R. L. Ormsbee, formerly of the State National bank of Albuquerque, as clerk. Mr. Ormsbee succeeds William Bayer, who has filled the position for a number of years. It is expected that a number of other appointments will be announced in the near future.

TARRINGTON MAY BE ADJUTANT-GENERAL

The presence of former Adjutant General A. P. Tarrington in Santa Fe has revived the rumors that the Nation may in due season succeed General Brookes as adjutant-general of New Mexico. General Tarrington held a long consultation with Governor McDonald this afternoon.

It is said to be the desire of Governor McDonald to separate the offices of instructor of militia and adjutant-general, both of which are now held by General Brookes, who is a retired officer of the regular army and an experienced military man. The plan is said to be to make General Brookes military instructor and General Tarrington adjutant-general.

BOY ATTEMPTS TO BOARD SOUTHERN PACIFIC TRAIN; BADLY INJURED

[Special Correspondence to Morning Journal.] Deming, N. M., Feb. 14.—James Bender had a very narrow escape from death Tuesday morning at Quincy, a station on the Southern Pacific railroad, twenty-five miles west of Deming. He attempted to board a moving westbound freight train as it was passing by Quincy siding. He grabbed for the hand rail on the side of a box car and missed his hold and fell between the moving cars. His right leg was badly hurt and he received a severe wound on the back and head. A passenger train stopped at the injured man and took him to Lordsburg for first aid. He was brought to Deming on the evening train and placed in the Ladies' hospital for treatment. The boy's father is employed in the Flood building at San Francisco, California. The boy has been working for some time for the contractor who has been putting down the well on the Southern Pacific property at Gage.
