

## GET YOUR MONEY BACK

If This Medicine Does Not Satisfactorily Benefit You

Practicing physicians making a specialty of stomach troubles are really responsible for the formula from which Rexall's Dyspepsia Tablets are made. We have simply profited by the experience of experts.

Our experience with Rexall's Dyspepsia Tablets leads us to believe them to be an excellent remedy for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time helps to bring about a cessation of the pains caused by stomach disorders.

Rexall's Dyspepsia Tablets aid to insure healthy appetite, aid digestion, and promote nutrition. As evidence of our sincere faith in Rexall's Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, price 25 cents, 50 cents and \$1.00. Remember, you can obtain them only at our store—The Rexall Store. The J. H. O'Reilly Co.

AFTER STATE CLOSES  
CASE DEFENDANT  
CHANGES PLEA

Hipolito Gallegos Confesses to Threatening Domiciano Gallegos with a Deadly Weapon; Other Court Matters.

Hipolito Gallegos, tried yesterday in the district court, changed his plea in the criminal case against him when the state had presented its evidence. Gallegos was indicted for threatening Domiciano Gallegos with a deadly weapon, and when arraigned at the opening of this court term, pleaded not guilty. Yesterday, however, his case was called, and the state presented a really strong mass of evidence against him. When the state had closed, his attorneys asked that their client be permitted to change his plea, which the court allowed. Gallegos then pleaded guilty to the charge.

The criminal case to be tried today is that against Daniel Martinez. Martinez was indicted on two counts, and was only yesterday taken into custody. The first count, one of assault, he answered with a plea of guilty, but to the second count, which charged him with the larceny of \$14.25 from a friend of his, he pleaded not guilty. Martinez was arraigned yesterday.

Manuel Gonzalez, arrested on a grand jury indictment, also was arraigned yesterday and pleaded not guilty to a charge of assault with a deadly weapon.

A Landis, charged with larceny from the person, pleaded guilty to an information. Landis is alleged to have taken a watch from a man named Joe Smith.

## MARIANO SENA PLEADS

GUILTY TO PERJURY

A case in which considerable interest is centered is that against four witnesses charged with perjury in a trial held here last fall. The first of the four was arraigned yesterday and pleaded guilty to the charge. Attorneys and others who have had difficulties because of alleged false testimony, are especially pleased that one self-admitted perjurer has been brought to book. They feel that when punishment has been meted out to a few men who have thus forsworn themselves, others will be more careful with their testimony.

The man who pleaded guilty was Mariano P. Sena. The other men charged with false swearing at the same trial are Carlos P. Chavez, Salvador Armijo and Adolfo Gonzalez. The trial in which they are alleged to have perjured themselves was one involving the estate of Jose Francisco Candelario. They are alleged to have sworn falsely regarding deeds to land which were afterwards held to be forged.

What  
Good Fuel  
Is to an Engine

Right food is to the body—the source of vital energy

## Grape-Nuts

is a good food in every sense of the word.

It is made from the natural food grains—wheat and barley; is perfectly cooked; partially predigested for easy, quick assimilation; and has fine flavor.

Besides being rich in body-building elements, it contains the Phosphate of Potash (found in the grain) which Nature specially requires for rebuilding the tissue cells in brain and nerves, and which can only be supplied through daily food.

"There's a Reason" for Grape-Nuts

PHYSICIANS DEPART  
THIS MORNING  
FOR SANTA FE

Drs. James H. Wroth and H. B. Kauffman Will Seek to Promote Legislation Beneficial to Profession.

This morning Dr. James H. Wroth and Dr. H. B. Kauffman, who were chosen recently at a meeting of the Bernalillo County Medical Association to appear before the legislature at Santa Fe and urge the enactment of legislation beneficial to the medical profession, will depart this morning for the capital to carry out their mission.

The members of the Bernalillo County Medical Association held their regular semi-monthly meeting at the Commercial club last night at which there was a good attendance of doctors.

Dr. J. W. Collier read a paper on "Ehrlich's Remedy for Syphilis," which was followed by a quiz conducted by Dr. W. W. Spargo.

Dr. H. B. Kauffman, president of the association, presided at the meeting last night, while the secretary, Dr. Frank E. Tull, kept the minutes. The association had as its guest Dr. Edward Kinke, of Elkhorn, Wis., who is visiting in Albuquerque.

BOY SCOUTS LEAVE  
ON THREE DAYS' HIKE  
TO COYOTE CANYON

A company of Boy Scouts, numbering in the neighborhood of fifty, left yesterday afternoon for a three day hike and camping trip in Coyote canyon, thirteen miles east of Albuquerque. They expect to return Sunday.

The boys assembled at the vacant lot, corner Sixth street and Central avenue, about 1:30 o'clock and an hour later started on their overland tramp to the canyon, headed by Amador Chavez. Mr. Chavez made the trip in place of Scoutmaster Raymond B. Stamm, who, because of pressing business, could not get away at this time. In order not to disappoint the boys, Mr. Stamm arranged with Mr. Chavez to go with the boys.

A chuck wagon filled with plenty of good things to eat, went along and should any of the youthful "hikers" get footsore on the journey, the wagon will serve also as conveyance for them. It is expected, however, that each boy will try and outdo the other when it comes to showing stamina, since this is one of the chief things necessary if a youngster is to qualify as a full-fledged scout.

GOOD FOR TEACHERS  
AND PASTORS ALIKE

Sunday school teachers need not be afraid, we adjudge, to use the "Suggestive Questions" on the Sunday school lesson, which The Morning Journal publishes every Thursday morning and the same remark applies to pastors. These questions do not attempt to do people's thinking for them. They simply suggest thought and compel the reader, or student, to do his own thinking. The suggestive method of teaching is much more effective than the didactic method. It is also fascinatingly interesting. Just try published on the editorial page, these questions for yourself. They are published on the editorial page.

## REWARD \$50.

Fox terrier dog, female; spayed; 4-years-old; white, with black head and ears, narrow white stripe between eyes, almost perfect round, black spot in center of back, short tail, answers to name of "Peggy"; slender built, very timid with strangers. Jumped from baggage car Saturday night, March 16th, between 9 and 10 o'clock. See Santa Fe agent.

COLONEL HOPEWELL  
DEFEATED BY CLOSE  
MAJORITY OF 48 VOTES

Through an error in copying the returns of Tuesday's election and compiling the same, The Morning Journal gave Ivan Grunfeld, running for alderman in the Fourth ward against Colonel W. S. Hopewell, a majority of 148, when the majority should have been 48. The Fourth ward, normally a republican ward, gave Colonel Hopewell a splendid vote, and the colonel yesterday took exception to the boosting of Grunfeld's majority through an error to 148 votes.

In checking the returns yesterday, it was found that O. A. Matson, republican candidate for city treasurer, was defeated by just two votes, by William Kieke, his democratic opponent.

INJURED LUMBERMAN  
LIKELY TO DIE AT  
ALMOST ANY TIME

Lancel Hargin, the twenty-three-year-old lumberjack from the American Lumber Company's camp in the Pecos, brought in yesterday on No. 16 for treatment at a local hospital, is likely to die at any time, according to reports from the hospital early this morning. Hargin was crushed by having a large log roll on him, while at work skidding logs near Sawyer. He was brought here in an effort to save his life, after emergency treatment had been given him at the camp. He was hurt Tuesday afternoon.

Hargin is single, and had been in the woods but a short time. He came from Texas, accompanied by a brother,

## SOCIAL AID TO THE PRESIDENT

Maj. Archibald W. Holt, who is assistant quartermaster general, stationed in Washington, really is one of the most important men about the White House, being the president's social aid. As such, he arranges the details of all official social events in the president's mansion.

ROSWELL 'DRYS' TO  
CONTEST RETURNS  
ON ELECTION

Veal Administration Overthrown by Eight-Five Majority Ending Drastic Prohibition Rule.

[By Morning Journal Special Local Wire.] Roswell, N. M., April 3.—The license campaign committee announced this afternoon they would contest the election held yesterday. They claim many illegal votes were cast and that affidavits were sworn to illegally before the election.

The democrats won by eighty-five majority.

The city election held in Roswell last Tuesday resulting in the overthrow of the Veal administration, on the face of the returns, was most bitterly contested. For the past two years the city has been "dry," and the enforcement of the ordinance has been most drastic.

To assist the mayor, policemen were brought in from other states and a system of espionage instituted, hardly having an equal anywhere outside the ranks of the secret police in Russia. The carrying of intoxicants, in ever so small a quantity through the streets subjected any one to arrest, and the best citizens were stopped and searched on the merest suspicion.

The district attorney and two friends were held up by the imperial police as they came out of the attorney's office and an effort made to search them, a tragedy being narrowly averted.

Against such an intolerable condition the first sign of positive rebellion were shown in the primaries that resulted in the nomination of Judge McClure for district judge and K. K. Scott for district attorney. The "dry" element fought the nomination of these men, but was defeated by a large majority.

Then came the campaign for city officers. Each side strained every effort to succeed, and on the face of the returns, Veal was defeated. Hence the contest.

ZAMORA CLINGS TO  
LIFE TENACIOUSLY  
BUT CANNOT LIVE

Juan Zamora, who attempted suicide Monday afternoon, is remaining in about the same condition as he was yesterday, according to reports early this morning. Zamora attempted to sever his head from his body with a pocket-knife Monday afternoon on the viaduct, and when unsuccessful, jumped from the highest point of that structure. He first stabbed his wife and her mother, but inflicted only slight injuries, and then he recovered.

The fact that Zamora remains alive so long is considered remarkable, in view of the horrible injuries he inflicted upon himself. He has been at the point of death ever since the affair, but has not quite gotten past it. Several times it has been thought he was likely to die at any moment, but he has always recovered sufficiently to retain his hold on the life he attempted to destroy.

ALBUQUERQUE'S NEWLY ELECTED  
MAYOR WANTS STATE TO APPROPRIATE  
ONE MILLION DOLLARS  
FOR HIGHWAYS.

[Special Dispatch to the Morning Journal.] Santa Fe, N. M., April 3.—A bond issue of \$1,000,000 for the purpose of constructing a splendid system of highways in New Mexico, was advocated by Mayor-elect D. K. B. Sellers, of Albuquerque, at the opening of the road convention of New Mexico tonight in the hall of the house of representatives.

Mr. Sellers declared that the automobile undoubtedly would be the greatest factor in the development of New Mexico; that many of the points in this state, which it was impracticable to reach by railroad, could be made accessible to automobiles by means of good highways. He declared that auto trucks were already being used in some portions of the state for the transportation of products to the market or to a railroad point and this could be developed to a far greater extent. He stated that during the coming summer not less than ten thousand automobiles would start across the continent from the east and to attract these tourists, New Mexico had by far the greatest inducements in its historic, archaeological and scenic advantages or any other state and that it was only necessary to have good highways in order to reap the immense benefit to be gained from these tourists.

Delegates were present from every county in the state, when former Governor L. Bradford Prince called the convention to order at 8 o'clock, and the hall of the house of representatives was well filled. There was great enthusiasm among the delegates, and the addresses were frequently interrupted by applause.

In the absence of Governor McDonald from the city, Lieutenant Governor E. C. de Baca welcomed the delegates on behalf of the governor, and the freedom of the city was extended them by Acting Mayor Thomas P. Gable. John L. Zimmerman, secretary of the state good roads association, then called the roll of counties and the delegates responded. Committees on resolutions, permanent organization and legislation were appointed, one member from each county.

Colonel R. E. Tatchell, of Las Vegas, San Miguel county, delivered a stirring address on the benefits of good roads and the necessity of New Mexico making great efforts at this time to provide a system of good highways.

D. K. B. Sellers also laid particular stress in his address upon the fact that great effort was being made in Texas and Colorado, to divert the automobile travel from New Mexico. He said that a pathfinding automobile, which was about to leave Los Angeles for the Los Angeles Examiner, and was carrying a corps of writers, who would gather material for articles to be published in the newspapers, had been told that to go through New Mexico was impracticable and an effort was being made to divert them by way of El Paso.

Representative J. H. Burg, of Bernalillo county, addressed the convention upon the matters which had been brought to his attention as a delegate to the National Good Roads convention in Washington last fall. State Senator H. B. Holt, of Dona Ana county, chairman of the senate committee on roads and highways, promised that he would do all in his power to obtain

## Come Over and Take Dinner

"THIS is your friend Cross talking. Just got in from Buffalo. Got the best line of samples with me this spring I ever had. Come into town and take dinner with me tonight and look 'em over."

The traveling salesman frequently uses the Bell Telephone to get in touch with out-of-town customers. It saves him time and travel.

Every Bell Telephone is a Long Distance Station

The Mountain States Telephone and Telegraph Co.

legislation providing for a fine system of state roads for New Mexico. The convention will meet again tomorrow at 10 o'clock in the supreme court chamber in the capitol.

Constipation brings many ailments in its train and is the primary cause of much sickness. Keep your bowels regular, madam, and you will escape many of the ailments to which women are subject. Constipation is a very simple thing, but like many simple things, it may lead to serious consequences. Nature often needs a little assistance, and when Chamberlain's Tablets are given at the first indication much distress and suffering may be avoided. Sold by all druggists.

RIOT CALL BRINGS  
OUT SHERIFF'S  
OFFICE STAFF

Telephone Notification of Murder in Martineztown Simmers Down to Case of Wife-Beating Yesterday.

Yesterday afternoon about 5 o'clock, a hurry call came into the jail office and was promptly transmitted to the sheriff's office, telling of a murder in Martineztown, a suburb of Albuquerque, located near the woolen mills on Mountain road and First street. Deputy Sheriff Dick Lewis and Jailer Quirino Coulter answered the call, making a hurry-up run in real metropolitan style, in a taxicab. While the car ran through the out of the way section of town, many people stared long and hard at it and the cloud of dust it made, comforting almost audibly at the reason for such a thing in that section.

Finally the house, where lived the woman asking for police assistance, was reached, and the woman interrogated. Several people along the street had been asked about the alleged murder, but none knew of it.

The woman said that her husband had not killed her yet, but that he had almost killed her and she wanted him arrested. She whimpered and whined while she told in rapid Spanish of the blows he had struck her and of the drunken state he was in.

The deputy sheriffs arrested the man and took him to Old Albuquerque to jail. He will have a hearing later. Incidentally, his arrest brought him his first ride in a taxi.

Frank J. Cross makes such calls by telephone. He is a traveling salesman and is in the city of Albuquerque, N. M., for the purpose of selling his goods. He is a very successful salesman and is well known in the city.

His call came at a time when the city was in a state of excitement. The people were very interested in the case and were waiting for news.

The case is being handled by the sheriff's office and the police department. The woman is being kept in the jail and the man is being held in custody.

EDWIN GILLETTE IS  
ARRESTED FOR  
INSANITY

Well Known Man, Taken Into Custody on Complaint of His Wife, Attempts to Set Jail on Fire Yesterday.

Edwin Gillette, for many years a resident of this city, recently became insane and was yesterday taken into custody by the police, on complaint of Mrs. Gillette. Gillette is said to have become the victim of mania while in Arizona, and was recently brought back here from Williams by his wife.

Yesterday, Mrs. Gillette found her husband unable to control her husband and police assistance was sought.

Gillette was confined in the city jail, and in some manner secured a match, with which he set fire to his bedding, causing what became quite a blaze before it was discovered and extinguished. Then he tore down the electric light fixture.

Yesterday afternoon he was taken to the county jail and will likely be examined today before District Judge Herbert F. Reynolds.

Gillette has lived in this city for eleven or twelve years. He has many friends here, who are at a loss to explain his present condition.

FRENCH BANDIT CAUGHT  
ATTEMPTS TO SUICIDE

Paris, April 3.—Carouy, one of the automobile bandits, was captured by the police today and after being lodged in prison tried to commit suicide.

Carouy did not attempt to deny his identity. "Yes, I am Carouy all right," he said. "I belong to the band you

are looking for," but to other questions he gave no answer.

While his examination was in progress, Carouy swallowed a tablet. Later it was stated that instead of taking poison Carouy had swallowed a harmless compound which the druggist had sold him instead of the deadly drug which he supposed he was purchasing.

When Carouy said he was going to die the doctors laughed.

There are at least a dozen warrants against Carouy.
