GUEVARAS CHARGED WITH ASSAULT WITH WEAPON

Esteban, Jesus and Esperidion, All Brothers, Will be Arraigned Before Justice Craig Friday.

Esteban, Jesus and Esperidion Guevara, brothers, all prominent, who have stations over A. J. McKee Sunday night at the Santa Fe station, after they had disarmed him, will be arraigned before Justice Craig Friday morning on a charge of assault with a deadly weapon. McKee signed the complaint yesterday at his home, 311 East Grand avenue.

McKee will be able to appear in the justice court Friday. His face was lacerated and bruised. His injuries are not serious and it is believed they will be healed sufficiently for him to appear in court by that time. The wound on the side of the head, a jagged gash about two inches long, is only superficial. This it is believed was produced by a blow with the butt of his revolver. It did not cause concussion, however, and McKee did not lose consciousness at any time.

Justice Craig, after the filing of the complaint against the three brothers, said their bonds would be $250 each. They did not furnish bond yesterday. They were taken to the county jail last night and will be kept there, unless they furnish bond, until their arraignment.

Esteban was released under a police guard yesterday afternoon to attend to his work as prisoners on other prisoners, unless a jail horse is available.

TO RAISE FUND FOR ENTERTAINMENT OF TEACHERS

Local Committee Plans to Show New Mexico Educational Association Good Time at Next Convention.

The committee appointed by the Commercial club to prepare the entertainment features for the program of the next convention of the New Mexico Educational association, to be held here next fall at a meeting of the club yesterday morning decided to raise $1,000.

The money so to spend probably by subscription, will be used as an entertainment fund. The entertainment committee has not yet fully decided what it will provide in the amusement line for the teachers, except that a first class attraction will be staged at the Elks theater. There will be other entertainments, too, such as an automobile ride and probably a reception and ball. These plans however, are only tentative.

After the entertainment committee raises the funds it will decide definitely what to do. The committee then will notify the program committee of the teachers association, which already has promised to include in the official program any entertainment Albuquerque will give the educators.

Superintendent John Milne, President David B. Reed, of the University of New Mexico, Frank Staitz and Secretary Hening of the Commercial club were the members of the entertainment committee who attended the meeting yesterday.

Cupids Love Songs.

Not brown maiden, the respondent's eyes.
Not brown maiden, the respondent's hair.
The respondent's fair face.
All on the same for nine, love.
Not brown maiden, they circulation's normal hue.
Not brown maiden, the world's ex-ards valet.

There was an old woman who lived in a shoe
He's proper command about thirty-two
but she gave them all books on the ardles to read,
Which lowered their vital allowance, indeed. —New York Mail.

CREAMERY SOLD BY SPECIAL MASTER FOR $6,050

Local Butter Manufacturing Plant Purchased by E. R. Russell of Las Vegas and J. C. McLelmore of Denver.

Acting under an order of the district court, U. P. McCanna, as special master, yesterday sold the creamery property of Albuquerque to E. R. Russell, of Las Vegas, and J. C. McLelmore, of Denver, representing the Crystal Creamery company, of Las Cruces. The bid of Messrs. Russell and McLelmore was $6,050, the highest offered, and it was accepted. Other bidders included J. H. Herndon, of the State National bank, who opened the bidding with an offer of $5,500; H. E. Tetley, of Albuquerque, and Robert Trahern, of Roswell.

In acquiring the Albuquerque creamery, Messrs. Russell and McLelmore, both experienced creamery men and backed by ample capital to carry on the business, intend to enlarge the local plant and make it the largest of its kind in the southwest. While operating the Crystal Creamery at Las Vegas, they do not intend to make the Albuquerque creamery an adjunct of that plant, but will operate it as an independent concern. It is their purpose to conduct the creamery here so as to develop or create its business, both in Albuquerque and throughout the state. Both gentlemen are enthusiastic over the prospects of this city and believe that the field here for a creamery has splendid possibilities.

In speaking of the purchase yesterday, Mr. Russell announced that either he or McLelmore would move to Albuquerque to reside and personally superintend the company's operations.

Since the establishment about a year ago, the Santana Creamery has grown to large proportions and considerable difficulties has continued to be operated at a profit by W. P. McCanna, the receiver. In fact, it was brought the receiver owning the plant has made quite Mr. McCanna's connection with the affair quite a satisfactory figure.

ESSANAY FILM CO. TO SEND TROUPE FROM COAST

This Will be Third Member of Motion Picture Patents Company to Begin Producing Plays Here in Near Future.

The Essanay Film company, it was learned authoritatively yesterday, will send a company to Albuquerque soon. The troupe now at San Francisco, has been directed to move here as soon as the rainy season opens on the coast.

The Essanay company is a member of the Motion Picture Patents company, the Lubin Manufacturing company and Selig Polyscope company, which are similar. The fact that the San Francisco troupe of the Essanas people will come means that well known characters in the motion picture world will be M. Anderson — Broncho Billy — and Augusta Duncan— "Alkali Ike"—will probably appear in the films produced by the company with a local background.

The fact that Albuquerque will become a motion picture producing center is believed in the East that the Lubin theater man of Silver City, will come as soon as it learns the picturesque locale there and that the Selig people will at present Ariz. also will come.

There three are all three of these cities. That is they produce pictures for the General Film company. The message distributes manufactured in more than 2,000 play houses in America and abroad, including the Pathe amusement houses here.

DEATH CLAIMS MRS. J. LORENZO HUBBELL AT GRANADO, ARIZ.

WOMAN SENT TO CELL WHERE MERCURY STANDS AT 112 "TO COOL OFF"

May Hill who scored the police court and city administration was arrested on "cool" yesterday morning in a cell at the city jail, where the thermometer registered 112 degrees. The refrigeration lasted only an hour and one was allowed in the cell.

She accompanied Frankie Drummond a negro, charged with using profane language to police court. The woman said Frankie's language was offensive, but the prosecution contended Judge Craig that her words were merited and she was fined $10 and cost, but her friend escaped.

A Good Investment.

W. P. Magh, a well known merchant of Whitemound, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Cholic, Cholera and Diarrhoea Remedy was worth more to him than the cost of his entire stock of these medicines. For sale by all dealers.

Placing Him.

What is your idea of a sudden?" asked the young man who is studying human.

"My observation," replied Senator Sorghum, "is that a sudden is generally a man who wants to make things go at the pace of something himself to circumstances sufficiently compelling to warrant his speaking a few words."—Washington Star.

FORTY-SIX DEEDS TO THE SANTA FE SHOPS SITE NOW RECORDED

County Clerk A. E. Walker yesterday received nine more deeds to lots in the new shops site. This makes the total number of deeds received at his office for registration forty-six, which includes practically the entire tract, only a few more deeds remain to be registered.

FIRE IN VACANT BUILDING IS PUT OUT BY FIREMEN

RURAL SCHOOL WAS CHIEF SUBJECT, SAYS MONTOYA

County Superintendent Greatly Interested in Topic of Country Education at Salt Lake Convention.

The rural school section of the convention of the National Educational association at Salt Lake City held the greatest interest for Superintendent Alarmon Montoya, who returned Sunday night.

Numerous papers were read and lectures delivered on the development of rural schools, Mr. Montoya said. "Governors of nation-wide prominence treated the rural school question, pointing out how they could be brought to the standard of city grade schools.

The question of teaching hygiene and sanitation to pupils was not new to Mr. Montoya. Most of the ideas advanced by the speakers before the convention are in use in the Bernalillo county schools, he said. He attended every lecture on the rural schools, however.

So many sections were meeting at the same time that it was impossible to attend even half of them. The superintendent says the heat in Salt Lake was almost unbearable. Many could not stand the heat in the tabernacle.

The superintendent will prepare a paper setting exhaustively of the educational ideas discussed at Salt Lake, which he will read to the county teachers' association when it holds its first meeting next fall.

BIG ADVANCE SALE FOR ORPHANAGE BENEFIT

Indications Are for Liberal Patronage of Show to be Put on by St. Louis Motion Picture Company.

The advance ticket sale for the benefit, which is to be staged by the stock company of the St. Louis Motion Picture company for St. Anthony's orphanage has been most gratifying, according to authorities in charge of the event. Tickets have been placed in the hands of an energetic corps of sellers and canvassing has already begun. The results assure that a large crowd will attend the performance.

There are several groups of canvassers at work, one in the Highlands, south of Central avenue, and one north of that street, one on Central avenue down town and several others in the different wards.

The exact nature of the program has not yet been determined, as it depends upon several important factors. It is expected that a definite announcement of this will be made about Friday.

The members of the stock company have taken a lively interest in the benefit and have not only donated their services for whatever purpose it will help but the famous Ferris Hartman will probably be in the event who heavy and enthusiastic. This enthusiasm is causing the delay, as because of it the are being taken to find a suitable to hide for the exhibition of the rare talent to be found among the company's many members.

Several plans, however, are under consideration and one of the other will be settled upon within a few days.
