

PHOENIX GIVES \$1,000 FOR ROAD RACE NEXT FALL

Towns on Road Between Here and Arizona Capital Through Which Cars Will Pass Agree to Contribute.

(SPECIAL DISPATCH TO MORNING JOURNAL)
Phoenix, Ariz., June 28.—The Arizona state fair commission and the Phoenix board of trade have contributed \$1,000 to the Albuquerque-Phoenix automobile road race to be held during the Arizona state fair next fall.

Towns and cities of Arizona through which the racing cars will pass, have agreed to add to this amount, so with fair sized purses the entry list probably will be big.

The decision of the commission and board of trade was announced to Col. D. K. B. Sellers, of Albuquerque, upon his arrival here last night. The two organizations gave a dinner for the colonel.

Colonel Sellers reported that he had had a splendid trip from Albuquerque to Phoenix and that he had not experienced any car trouble whatever.

KOEHLER SENDS FIRST NEW MEXICO FLAG TO COLONEL TWITCHELL

A. E. Koehler, Jr., commissioner of public lands, last night sent Col. R. E. Twitchell at Santa Fe, chairman of the board of exposition managers, the first state flag, to be used by the board at the San Diego exposition.

In completed form this flag is a beautiful combination of colors. The design is attractive, consisting of a field of turquoise, or New Mexico blue, emblematic of New Mexican skies, and the upper left-hand corner a miniature United States flag symbolic of the loyalty of the people of the state to the flag of the nation. In the lower right field in red and white is the seal of the state, itself a characteristic emblem, surrounded by the words, "The Sunshine State." Diagonally across the field of New Mexico blue are the words "New Mexico" in white, making the combination of colors red, white and blue.

The flag was designed by Colonel Twitchell and Mr. Koehler, and Mrs. S. J. Boushall, of Albuquerque, performed the actual work of making the first pennant. Mrs. Boushall came with her parents from the east in a wagon in 1879.

Colonel Twitchell has not yet decided when the flag will first fly, Mr. Koehler said. He has intimated, however, that it is to be unfurled from the Palace of Governors at Santa Fe, July 4.

GROSS KELLY & CO. SUED BY GOVERNMENT; \$2,000 SUM ASKED

Gross, Kelly & Company are named as defendants in a suit by the United States, mailed by the United States district attorney's office here to be filed in the district court at Santa Fe. The government asks judgment for \$2,000.

This amount, according to the complaint, is the value of timber the corporation is charged with cutting off. The suit was filed by the United States district attorney at Santa Fe, July 4.

TUCUMCARI LAUNDRY CHARGED WITH NOT MAKING RETURN

The United States attorney also sent a suit brought by the government against the Tucumcari steam laundry to Santa Fe for filing. The laundry is charged with failure to make the return under the corporation tax law for 1910. The penalty imposed by statute is from \$1,000 to \$10,000.

GRANT CASE DROPPED WHEN COMPLAINANT FAILS TO APPEAR

When Mrs. Olive Brown, a former clerk at the Western Union Telegraph company, failed to appear in police court yesterday morning to press her charge against D. C. Grant, chief operator, Judge George R. Craig dismissed the case.

Mrs. Brown accused Grant of addressing improper language to her. The hearing was begun Monday morning, but continued. Mrs. Brown was on the stand at the first session.

The fact that another Mrs. Brown—Mrs. Beatrice Brown—is employed as a clerk at the Western Union office at present has caused some confusion of identity. The Mrs. Brown who is still with the Western Union had no part in the case.

AIMS IMAGINARY RIFLE AT CROWD IN STATION

Deputy Sheriff Melton Torres and a guard, Antonio Abeyta, last night brought an aged insane man and two youthful imbeciles here on the way to Las Vegas to commit them to the state asylum for the insane. The old man is Santiago Belarde, of San Marcial, Socorro county, who showed symptoms of insanity only recently, and the boys are Pedro and Anofro, Belarde's brothers, whose home is in Socorro.

Belarde, while seated in the Santa Fe station, drew an imaginary bead on persons seated nearby. Pedro and Anofro were frankly amused. The old man is classed as harmless.

PARENTS ARE ASKED TO CO-OPERATE WITH EXPOSITION BOARD

The co-operation of those who wish their children to be seen in the moving pictures that are to be used at the Panama-California exposition to illustrate the progress that is being made by New Mexico is asked by the board of managers of the exposition.

It is planned to take a motion picture showing the school children of New Mexico for exhibition at the San Diego fair. This film will be preserved as a permanent record in the archives of the state and will be of inestimable value to the future historians of the state.

In order to ascertain the sentiment of the people of the state on the subject and to secure the fullest measure of co-operation, the board has issued the following bulletin:

"The New Mexico board of exposition managers has undertaken to prepare a motion picture film exhibit of the portraits of representative children of this state for use at the Panama-California exposition at San Diego during 1915. The negative and positive of the film will become a permanent record of this state. The board desires to communicate with those citizens of the state who care to have their children appear in this film and for that purpose, invite immediate correspondence with the board. Full particulars and application blanks will be furnished.

"Address all correspondence to the New Mexico Board of Exposition Managers, Box 5, Santa Fe, New Mexico."

WEST VA. NOW IN COLUMNS OF DRY COMMONWEALTHS

As Prohibition Is Ushered in at Midnight Church Bells Ring; Five Sudden Deaths on Last Day of Saloons.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Charleston, W. Va., June 30.—With the tolling of church bells throughout the state, West Virginia at midnight entered the column of prohibition states. The last day of licensed sale of intoxicants was beclouded by five sudden deaths.

One man was murdered in a Charleston saloon and robbed of 50 cents. Mingo county had the bloodiest record, as four deaths occurred there. Henry Carlton and Henry Maynard, deputy constables, attempted to arrest Hiram Prince, who had drawn a revolver in a saloon at Naugatuck and in the shooting which followed Carlton was killed. Prince died of his wounds later.

Arson Mercedino and Thomas Doran, miners, were cremated when their cabin at Rose siding was burned to the ground. The men had laid in quantities of liquor and accidentally set fire to their cabin.

The Yost prohibition law, which became effective at midnight, closed 1,200 saloons in 75 cities and towns, closes twelve breweries and one distillery; throws 3,000 men out of employment, takes from the revenues of counties, towns and state almost \$1,000,000. It is one of the most drastic prohibition measures ever put into effect. It provides that spirituous liquors can be made and sold only for medicinal, mechanical and sacramental purposes.

The law was endorsed by a majority of 91,866 in November, 1912.

RELIGIOUS EDUCATION FOR JEWISH CHILDREN

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Detroit, Mich., June 30.—"Our goal in Jewish education will not have been reached until we shall have offered the opportunity of Jewish religious education to every Jewish child in America," said Rabbi Moses J. Gries, of Cleveland, president of the Central conference of American rabbis, in the annual president's message to the organization here tonight.

"Who but we should organize the constructive and creative religious work for the Jewish students in the great universities and smaller colleges which abound everywhere in the United States?" he continued.

Rabbi Henry Cohen, of Galveston, Tex., also took part in tonight's meeting. The conference will continue until July 7.

30 MEN REPORTED IN BURNING MINE

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Huntington, W. Va., June 30.—Thirty men are reported imprisoned in the burning shaft of Sycamore Mine No. 1 of the Sycamore Coal company, three miles from Williamson, Mingo county. Four men are reported to have escaped. The mine No. 7 of the United States bureau of mines is reported to be on the way to the mine.

Usterites and Nationalist Fight

Omaha, County of Tyrone, Ireland, June 29.—The rival volunteer forces, Usterites and nationalists, came into collision here tonight and fierce fighting followed. Several civilians and policemen were injured; then the disorders were quelled by a constabulary charge, in which batons were freely used.

ASSAULT WITH WORDS MADE ON SENATOR ROOT

Smith of Michigan Resents Attitude of New York Statesman Regarding Investigation of Nicaraguan Treaty.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Washington, June 30.—Senator Root of New York and Senator Smith of Michigan, had a lively clash in the foreign relations committee today, during the discussion of the Nicaraguan treaty, which some senators feared at one time might develop into a personal encounter. James Brown, a New York banker, was testifying.

According to senators who heard the trouble, Senator Smith was questioning Mr. Brown about the payment of several years' salary of alleged revolutionists, amounting to more than 21,000,000 pesos, to Nicaraguans friendly to the administration of President Adolfo Diaz, and asked him if these payments were not a crime on the people of Nicaragua. Senator Root is said to have suggested to the witness that he refuse to answer the question. This interruption led to a wordy interchange in which Senator Smith was said to have declared that Mr. Root favored the proposed Nicaraguan treaty and announced that hereafter his remarks about the New York senator would be publicly made.

Mr. Brown and Albert Strauss, of J. and W. Seligman & Company, of New York, bankers interested in Nicaragua, were asked by the committee about their transactions in that republic. It was brought out that an offer had been made by the United Fruit company to these bankers of \$1,600,000 for their 51 per cent interest in the Nicaraguan railway. Senator Smith has asserted that \$1,600,000 was the purchase price for this interest.

SOCIETY WOMAN MYSTERIOUSLY ASSASSINATED

Mrs. Louise Bailey Shot to Death While Seated in Office of Prominent Physician of Freeport, New York.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Freeport, N. Y., June 30.—While seated in a chair in the office of Dr. Edward Carman, a prominent physician, tonight, Mrs. Louise Bailey, wife of William D. Bailey, a Brooklyn manufacturer, was shot and instantly killed. Her assassin broke a window pane with the muzzle of a revolver, thrust a hand through the rent in the glass, pushed aside the curtain and fired the fatal shot.

Mrs. Bailey, an attractive woman 35 years old, resided with her husband at the home of her mother, Mrs. Jennie Duryea, in Hempstead, five miles from Freeport. Tonight she left Hempstead by trolley, coming over to consult Dr. Carman. The bullet struck the woman in the right shoulder and traveled downward, striking her heart. She died instantly.

The Freeport police immediately surrounded the premises and began a fruitless search for the slayer. Mr. Bailey, at the time of the tragedy, was at his home in Hempstead. Mrs. Bailey was prominent in social circles.

BREAD RIOTS STILL CONTINUE IN MADRID

(BY MORNING JOURNAL SPECIAL LEASED WIRE)
Madrid, June 30.—Food riots caused by high prices, which began here yesterday, continued today. Bands of housewives demanded that the price of potatoes should be lowered, and their demands not being complied with, they seized many sacks at the market and threw the potatoes into the streets. The same procedure was carried out at the bakeries, the bakers having determined to maintain the existing high prices of bread.

The police are having great difficulty in coping with the mobs, and many have been hurt in the clashes.

These are Charles Lanier and George F. Baker, who with the late J. P. Morgan comprised the voting trust.

Retires From National City Bank.
New York, June 30.—J. P. Morgan today retired from the directorate of the National City bank. His retirement follows the statement issued by the banking house several months ago that the senior member and his partners were gradually withdrawing from many of the boards with which they have been identified.

Many a man's cordial handshake is due to the fact that he designs on that dollar in your pocket.—Commercial Appeal.

SIGNAL HONOR IS ACCORDED TO NEZ PERCE CHIEF

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)
Spokane, Wash., June 30.—For the first time in the history of the Spokane country the brave act of an Indian has received public recognition.

Tam-mu-tsu, a Nez Perce chief, through his service to the United States troops, today shares equal honors with Col. E. J. Steptoe and his band, on a monument dedicated with impressive ceremonies at Rosalia, Wash., recently.

For more than fifty years, Tam-mu-tsu, or Timothy, as he was known to the white men, repeatedly exhibited his devotion to the whites, dating from the time when Missionary Spaulding, in the 30's, anglicized the name of the chief. In piloting the soldiers under Colonel Steptoe from almost certain death, and in the rescue of Eliza Spaulding, a daughter of the missionary, this red man showed that he valued his Christian teachings.

Aspired to Citizenship.
Timothy's sympathies with the whites were not confined to services in their behalf, he aspired to common citizenship with the early settlers. He was naturalized and exercised his right to take up a homestead at the mouth of Alouva creek.

The tablet to the Indian hero reads as follows: "In memory of Chief Tam-mu-tsu (Timothy) and the Christian Nez Perce Indian rescuers of the Steptoe expedition.

"Erected by the Father Good chapter, Daughters of the American Revolution, Spokane, Washington, June 14, 1914."

The unveiling of the Steptoe monument, on the site of a memorable battle with the federal tribes in 1858, was attended by 10,000 persons, including the only white survivors of the conflict—Thomas J. Beall, Michael J. Kenny and J. J. Rohn.
