

CHICAGO AGAIN IN RUNNING FOR CHAMPIONSHIP

Aspirations Budding in Marion Camp as Result of Triumph Over Indiana; Minnesota Has Edge.

Chicago, Oct. 15.—Championship aspirations are budding in the camp of the University of Chicago football eleven as a result of its victory over Indiana Saturday. The triumph re-establishes Chicago as a strong candidate for the western conference honors, although critics agree that Minnesota still has the edge. The Maroons were 30 per cent improved over a week ago.

The defeat of Indiana means its elimination as a possible contender for the "big nine" championship honors. The game was the only one on Saturday's schedule having any bearing on the conference title.

The defeat of Illinois at the hands of Colgate was a shock to the supporters of Illinois. Illinois must prepare to face next Saturday a high-powered eleven in Ohio State, which buried Oberlin under a 128 to 0 score yesterday.

Minnesota, showing steady improvement, rolled up another big score yesterday, trouncing North Dakota, 47 to 7. Captain Boston signified his return to the game by brilliantly executing forward passes for long gains. Wisconsin's victory over South Dakota revealed that the Badgers are strong contenders for the "big nine" honors.

The leaders of the conference, Notre Dame and Michigan, came through their games with comparative ease victories. The Haskell Indians fell victims to Notre Dame's rushes and Mount Union was humiliated by Michigan.

FIND CHEER IN MISSOURI GAINS THROUGH HEAVY LINE

Kansas City, Oct. 15.—Two touchdowns was the margin of superiority which Nebraska, Missouri and Iowa State (Ames) established over their respective opponents, the Kansas Aggies, Washington and Kansas, in last week's Missouri valley conference games. The first three teams were left in the race for the undisputed championship, but the actual showing on the gridiron seemed to forebode possible guests in later games.

Ames clearly outclassed Kansas, Nebraska, beginning the year with all the dash which marked the Cornhuskers' unblemished record of four seasons, found the Kansas Aggies too virtile in defense and so perappy in attack that the final result of 14 to 0 compared not at all favorably from the Nebraska viewpoint, with last year's score of 31 to 0. The Nebraska coaches are a little uneasy over the outlook for the game next Saturday with the Oregon Aggies at Portland.

Missouri proved further cheer for the Yellow-and-Black routiers by the way in which the Tigers gained through the heavier Washington line. Much improvement was shown in Missouri's teamwork.

In the far southwest, the big conversation of the week was caused by Henry Kendall's victory over the University of Oklahoma, the first defeat in two years for the Sooners, an event of much importance in the southwest conference. Absence of several seasoned players hurt Oklahoma in Saturday's game.

Louisiana State clearly outplayed the Texas Aggies, while University of Texas used the overhead game to win from the Oklahoma Aggies.

COLGAN WINS MEDAL SHOOT OF DUKE CITY RIFLE ASSOCIATION

The Duke City Rifle Association held its annual competitive shoot for the medal given by the National Rifle Association yesterday. The medal was won by Arthur O. Colgan. Considering weather conditions the scores were very creditable.

The scores follow:

	200 yds	300 yds	500 yds	Total
Colgan	42	45	46	133
Bawltell	42	45	46	133
Satterfield	44	42	43	129
Deschner	44	43	40	127
Burner	42	40	42	124
Spahr	43	37	42	122
Adams	42	40	40	122
Taylor	42	40	40	122
Becker	40	42	38	120
Sutherland	41	40	39	120
Hall	40	40	39	119
Johnson	41	38	40	119
Hartelle	40	38	39	117
Smith	40	37	37	114

SEMI-PRO COLONIALS HOLD CHAMPS TO TIE

New Haven, Conn., Oct. 15.—The champion Boston Americans and the semi-professional Colonials played an exhibition game here today, the contest being called at the end of the ninth inning with the score 3 to 2. The Red Sox had their regular lineup, with the exception of Hooper and Gardner. Ty Cobb of the Detroit Americans, played first base for the locals and had the unusual record of making eight assists. He made two hits.

Score: R. H. E.
Boston 11 10 0 0 0 3 8 4
Colonials 0 0 0 0 0 0 0 5
Batteries: Ruth and Cady; Fales, Keating and Kellher.

PACIFIC COAST LEAGUE.

At Salt Lake 5-3; Portland 5-2.
At Oakland—Vernon 3-4; San Francisco 2-3.
At Los Angeles—Oakland 3-3; Los Angeles 6-4.

RANGERS ASKED TO REPORT GAME LAW VIOLATIONS

Forest Officers Prepare for Opening of Deer Season; 'Make Sure It's a Buck,' Is Warning

Forest officers throughout New Mexico are preparing for the annual migration of deer hunters to the mountains, according to officials at the district headquarters here. The season north of the 35th parallel (which runs about through Albuquerque) opens today. South of this line the season opens October 25. The turkey season opens November 1 in the northern part of the state and October 25 in the southern part.

"Make sure it's a buck. If you can't see his horns, she's a doe," is the slogan issued this year to warn hunters against breaking the game laws. All forest rangers have been instructed to make a special effort to aid in the enforcement of the laws and to report all offenders for prosecution. The cooperation of all public-spirited sportsmen is requested in preventing illegal slaughter of the state's fast vanishing game.

"The active co-operation of the Game Protective associations is going to be a big help this year," says District Forester Redington. "The public interest in game protection which they represent has stimulated our men to renewed efforts in guarding the remnants of the supply. Now when we get authority to establish game refuges we will be ready to make a real start at bringing back the game in the national forests."

AMERICAN ATHLETES TAKE GREAT SHARE OF HONORS IN SWEDEN

Stockholm, Oct. 14 (via London, Oct. 14).—American athletes took the lion's share of the honors on the opening day of the track events at the stadium here. Competing against athletes of the Scandinavian countries, the Americans won three races—the 100 and 400 meters runs and the 200 meters relay race.

In the 100 meters run Ted Meredith, the former quarter mile American national champion, defeated J. Bolin, the holder of the 800 meters Swedish record, time 47.16 seconds. Americans took first, second and third places in the 100 meter event, the winner being Joe Loomis of Chicago. The high jump was won by the Swede, Kullstrand, Loomis being second and Fred Murray of Chicago third.

CARRANZA MAY SEND ULTIMATUM TO WASHINGTON

Atlantic City, N. J., Oct. 15.—Members of the Mexican-American joint commission appeared today to have little hope that their work would be finished for at least another week. Their conferences will be resumed tomorrow.

The Mexicans have not been able thus far to satisfy the American representatives that their government, unassisted, can maintain such order along the border as will safeguard life and property of Americans.

Unofficial information reaching here indicated it was not improbable General Carranza's impatience at the failure of the American government to withdraw General Pershing's troops might cause him to send to the state department at any time, a communication that would give the conference a new aspect.

The Mexicans have been told repeatedly that until a satisfactory method of control has been adopted, the question of the withdrawal of American troops cannot be discussed.

HUGHES LISTENS TO PROHIBITION SERMON

Lincoln, Neb., Oct. 15.—Charles E. Hughes spent Sunday in Lincoln, resting. He went in the forenoon to the First Baptist church and heard a temperance sermon by the Rev. Samuel Batten, who urged the congregation "not to forget while voting for Mr. Hughes to vote also for the prohibition in amendments in Nebraska." The nominee expected to go for an automobile ride this afternoon but rain prevented.

Mr. Hughes will leave Lincoln tomorrow to conclude his campaign in this state. He will make addresses at Hastings, Grand Island, Columbus and Fremont, and will make a night address at Omaha.

Leaving Omaha early Tuesday morning, Mr. Hughes will go into South Dakota and Iowa.

Two Young Men Drown.

Denver, Colo., Oct. 15.—William Reynolds and his brother, Julius, 23, were drowned today in Bowles lake, near Littleton, while duck hunting.

Charles Bowles, who resides near the lake, heard cries for help but when he reached the place both had disappeared and the over-turned boat was floating near shore. The young men were farmers living near Littleton. The bodies were recovered.

German Pig Iron Plentiful.
Berlin, Oct. 15 (by Wireless to Sayville).—Germany's September output of pig iron was 1,116,000 tons, compared with 1,145,000 tons in August.

SENATOR JAMES TELLS PRESIDENT ELECTION'S SURE

Chief Executive Expects to Meet Ambassador Gerard Soon; May Make Two Speeches in Windy City.

Long Branch, N. J., Oct. 15.—It is expected that some time this week President Wilson will discuss the German situation with James W. Gerard, ambassador to Germany, but an engagement had been made today. Thomas McCarry, United States marshal, formerly Ambassador Gerard's secretary, was here to see Secretary Tamm.

The president read carefully the reply of the entente allies to the protest of the United States on interference with American mails, but no comment was forthcoming from the summer white house.

Senator Hughes of New Jersey was among the political callers today at the executive offices. The president received a telegram from Senator Ollie James of Kentucky, who has been campaigning in the middle west, predicting victory for Mr. Wilson.

"St. Louis day," which was to have been observed here Tuesday, has been canceled. At the same time, more elaborate arrangements are being made for the president's trip to Chicago this week. He will leave here Wednesday and was to have delivered only one speech, but it now is probable he will make more speeches in Chicago and participate in other entertainments.

This was Mrs. Wilson's birthday, and tonight a family birthday dinner was held at Shadow Lawn. The president gave Mrs. Wilson a diamond and platinum brooch.

MORE ACCESSIONS TO CAUSE OF PRESIDENT

New York, Oct. 15.—A band of Wilson "volunteers" headed by Amos Pinchot, will go to Shadow Lawn tomorrow, it was announced today, to receive from President Wilson a "message" to carry with them when they start Monday morning on a speech-making tour of New York state, which will take them from "the Battery to Buffalo." Among the campaigners will be Ralph Stephen Wise, a commissioner of immigration, Frederick C. Howe, and the Rev. Dr. George R. Linn.

A statement by F. D. Underwood, president of the Erie railroad, declaring himself in favor of the re-election of President Wilson, was made public tonight at democratic headquarters.

NOTED ENGINEER DIES WHILE ON WAY HOME

New York, Oct. 15.—Virgil Gay Bogus, of this city, one of the foremost civil engineers in America, died yesterday on board the steamship Esperanza of the Ward line, on the way from Mexico to New York, according to a wireless message received in this city tonight. His illness was brief. The steamship is expected to dock here tomorrow.

Mr. Bogus built the most difficult portion of the famous trans-Andean railway system in Peru, and he planned and built the mountain portion of the Northern Pacific railway, discovering Stampede pass in the Cascade mountains, which he named. Recently he had been consulting engineer for various corporations and railways in this country, Mexico, South America and Europe.

Swedish Diplomat Dead.

Stockholm, Sweden, Oct. 14.—(Via London, Oct. 15.)—Count F. A. Tauler, Swedish minister to Berlin since 1912, and at one time minister of foreign affairs, is dead. The count was paying a visit to Stockholm.

BENSON DOESN'T LIKE 'DRAFTING' CLAUSE IN BILL

Oakland, Cal., Oct. 15.—Before a large audience here tonight, Allan T. Benson, socialist candidate for president, took President Wilson to task for permitting the insertion of the so-called "drafting" clause in the army reorganization bill recently passed by congress. Benson said he sent President Wilson a message several weeks ago asking him for an explanation of his reasons for signing the bill, but so far had received no reply. He declared that the president was attempting to evade the issue because it was one of paramount importance to the people of the country, who, he said, are opposed to draft measures.

Benson declared his belief that the socialist vote this year would be in the neighborhood of 2,500,000, and that this number was of sufficient strength to force the repeal of the draft clause.

Neither President Wilson nor Charles E. Hughes, republican nominee, Benson continued, has seen fit during the campaign to discuss means for lowering the high cost of living. Benson said if he were president he would use the American navy, if necessary, to blockade every American port and prohibit the exportation of foodstuffs to foreign countries, just so long as there were hungry people in the United States.

DARROW SHOWS WHY WILSON IS HIS CANDIDATE

Champion of the Laboring Classes Makes Statement as to Why Wage-earners Should Support President.

[No man holds the confidence and affection of the workers in greater measure than Clarence S. Darrow, the Chicago lawyer and writer who has so often championed their cause in the courts. Mr. Darrow has just given the following statement of why the farmers and wage earners of America should support Mr. Wilson.]

By Clarence S. Darrow.

President Wilson has shown a broad and deep sympathy for his fellow traitor is human. He takes less of markets than of men. Trade and industry are not his first concern. With Hughes we hear about the tariff, about business, about the strict rules of law, about an inundation of foreign goods. In short, about money and his desire to save the country by being elected president.

Few men in high places have ever been moved by such sympathies as Wilson, and at the same time had the wide vision, historical knowledge and good judgment to know what could be accomplished.

Hughes' Criticism Dishonest.

If Hughes is to be elected, there should be some reason for present dissatisfaction and some hope in a change. Shall Mr. Wilson's foreign policy be changed? If so, how? It is dishonest for Mr. Hughes or Mr. Roosevelt to criticize Wilson's policy without showing what they would do. They dare not announce a policy of their own different from the one that Mr. Wilson has followed with rare patience, fine judgment and self-control.

Would Mr. Roosevelt use his big stick on Germany, or England, or Mexico, or all of these at once? Those who are to furnish the blood and treasure ought to know. Has the interference with a letter, or even the sinking of a ship been grave enough to make us plunge deliberately into the red maelstrom? Do our men and women believe they should furnish the life and treasure for this mad carnage?

Jingoism Against Wilson.

All who want war are against Wilson. War on whom and how much? With United States steel stock selling a third higher than in all its history, with this company earning more than 50 per cent on the common stock for the current year, shall we give them more?

Are we to take a greater tribute from the consumer for the steel trust and other trusts whose stocks are now soaring at the mere hope of Hughes and a wild carnival of greed? Do we want more tariff on steel? Do we want more on woolen goods? Do we want more on sugar? If we do not want more on these, on what? Pray, what do we want? Does the working man or the farmer want a higher tariff? In this carnival are they to be the sheeplards, or the sheep?

Emigration Will Be to Europe.

If we are to be inundated with goods after the war, I want to be present—at the inundation, for I can use the goods. But why should we, in our strength and greatness, borrow trouble over the competition of our afflicted fellow men? Wages will be higher in Europe than ever after the war. Wages are regulated by the law of supply and demand. In Europe after the war there will be more work to do and fewer to do it. Emigration will turn the other way to build up her ruined cities and her blood-soaked land.

Is Mr. Hughes against an eight-hour day? He says not. He is only against an eight-hour law. He dare not say he would go back—back to what? The road in that direction is long and ends in the slavery of the working man.

Who wants a change? Is it the farmer, the working man, the student, the man of letters, the lover of his country? Or is it the great interests with their swollen fortunes, their bloated arrogance, their impudent, unholty and everlasting demand for money?

UNION THEOLOGICAL PRESIDENT DIES

New York, Oct. 15.—The Rev. Dr. Francis Brown, president of the Union Theological seminary since 1908, died of heart disease at his home here tonight, in his sixty-seventh year. He had been in poor health about a year, but assumed his duties at the commencement of the fall term at the seminary.

Dr. Brown, one of the most widely known theologians in the United States, was born at Hanover, N. H. He was graduated from Union Theological seminary in 1877 and later received degrees from Hamilton, Dartmouth, Yale, Harvard, Oxford and other institutions.

He is survived by a wife, two daughters and a son. A sister, Alice Van Volchen Brown, is professor of art at Wellesley college.

STRIKE IN PANAMA BECOMING SERIOUS

Panama, Oct. 15.—The strike started by negro workers on the Panama canal is spreading, 500 street car employees having gone out, completely tying up the road. The bakers threaten to walk out tonight. The police today closed the headquarters of the strikers in order to prevent street assemblies.

Prisoners are cleaning the streets of Panama, the regular cleaners having quit work. There were many fights today, but no fatalities.

The strike has not interrupted dredging in the canal.

STRONG PLEA IS MADE FOR UNITY AMONG CHURCHES

Episcopal Ministers Fill Pulpits of St. Louis and Preach in Churches of Nearby Cities.

St. Louis, Oct. 15.—Clergymen attending the general convention of the Protestant Episcopal church, in session here today, occupied all of the Episcopal pulpits of St. Louis, while numbers of others preached to congregations in neighboring cities. Scores of persons were obliged to stand through the services at Christ church cathedral, a down town church where the Right Rev. Charles P. Brent, a bishop of the Philippines, made a plea for church unity.

"Heretics and 'isms' began," he said, "with the separation of a truth from the truth."

Bishop Brent pleaded for loyalty on the part of all people to the whole truth and for a "fearless study of any truth that may not be prevalent in our own church."

Should Study Other Creeds.

"It would do us no harm to study other creeds with a view to adopting the things worth while for ourselves," he added.

Twenty-five thousand dollars in twenty-five minutes for the establishment of a technical high school at Sumatra, P. I., was subscribed by about 100 persons, who remained after the regular session at Bishop Brent's invitation.

The regular sessions of the convention will be resumed tomorrow. A discussion of the proposal to establish a racial episcopate, which would mean the creation of dioceses of negro churches and the removal of the negro parishes from the supervision of the present white diocesan bishops, is on the calendar.

This afternoon a missionary mass meeting was held, at which missionaries of the church told of their work in various parts of the world. Tonight

Bishop H. H. Montgomery, secretary of the society for the propagation of the gospel of the Church of England, preached the triennial mission sermon, and told of the work of his church in the mission field.

Bishop Montgomery suggested that the American church send a deputation of bishops, priests, laymen and laywomen to England, to aid the church there in meeting unprecedented problems brought on by the war.

"Do you think you could send such a delegation?" he asked. "Of course, I must get official sanction before I can issue an invitation. The national mission journal of repentance is to open January 15, and I am positive you would get a welcome then and would aid us enormously in our study of what is almost world reconstruction."

WILSON, JONES and WALTON

Woodrow Wilson is generally admitted by fair-minded critics to be the greatest president of the United States since Lincoln. No president since Lincoln's time has had the grave problems of state to deal with that he has had, and no president ever solved the problems presented to him with greater fidelity to the interests of the common people than he.

Woodrow Wilson's administration has been productive of more genuine constructive reform legislation than has come about in fifty years in the previous history of the country. The federal reserve law, the trade commission law, the rural credits law and a host of other wise and beneficent laws that have been placed on the statute books in the last three years stand as monuments to the enlightened progressiveness of the Wilson administration.

In the midst of a world war Wilson kept us at peace without loss of honor or dignity to the nation. When industrial paralysis was threatened Wilson prevented the greatest strike in the history of the country.

Woodrow Wilson should and will receive the electoral vote of the state of New Mexico.

New Mexico should also send representatives to congress that are in thorough sympathy with the Wilson policies. Progressive democrats should go to Washington from this state to be in harmony with a progressive democratic administration.

Honorable A. A. Jones, candidate for senator, has served in the councils of the cabinet and is thoroughly familiar with the problems of government with which the nation is now confronted and will be confronted during the years that lie ahead. He is a man of big brain, a student of public questions for many years, a statesman with a statesman's grasp of national affairs.

Jones is opposed by a man whose political stature is that of a county boss—a man without any experience in national affairs—a man wholly lacking in the first qualification for a United States Senator.

W. B. Walton, candidate for representative, is a splendid young democrat who has at all times kept abreast of the political progress of the times—an able lawyer, an experienced legislator, a man whose sympathies are wholeheartedly with the humane and enlightened policies of President Wilson.

Walton is opposed by a man who is closely identified with the old republican ring of New Mexico and whose every vote in congress has been against the progressive measures which have set the Wilson administration apart as the greatest that the country has had in fifty years.

JONES AND WALTON SHOULD BE SENT TO WASHINGTON AS NEW MEXICO'S REPRESENTATIVES IN CONGRESS. NEW MEXICO SHOULD STAND BY WILSON AS WILSON HAS STOOD BY THE COUNTRY.
