## Base Ball Challenge.

There appearing no prospect of a match with outside nines, and desiring that Fair Week should not be permitted to go by without one, the undersigned challenge any picked nine in the city or Territory to play them a game of base ball on Friday or Saturday of this week, and trust some of the resident players will take the matter in hand and make the match. Acceptances to be left, as early as possible, with Warren Evans, at Churchill & Evans'.

— Westerfield, E. Bonnell,  
C. Ewing, A. Clarke,  
— Wood, Warren Evans,

## Base Ball Championship.

The Fort Ellis Base Ball Club consider themselves the champions of Montana, as they have won the only prize offered by the Helena Fair Association. They are willing and anxious to play the Helena nine or any other nine in the Territory, at Bozeman. On account of the absence of troops in the Sioux war it is impossible for them to get to Helena. We will play a friendly game or any other kind of a game. Our reason for playing at Bozeman are stated above. Should any club of nine in the Territory wish to contend for the championship of the Territory with the Fort Ellis Club, under the above conditions, an early notice is desired to be sent to the Secretary of the Fort Ellis Club.

L. H. JEROME, President.

JOHN LANE, Secretary.

## BREVITIES.

—The Bozeman Courier has been considerably reduced in size.

—The Republican Convention of Madison County will be held at Virginia City on Friday, October 5th.

—D. Block & Co. announce a grand smash up in the dry goods line. Read their advertisement, note their prices, and call on them.

—The assessed value of property in Gallatin County for the current year is, in round numbers, \$777,000—a little less than last year.

—Mrs. M. R. Allen, of this city, desires us to say that the statements published in the Bozeman Times, recently, to the effect that her son, Joseph W. Allen, had whipped her and turned her out of his home, are false.

—There are 150 lodges of Crows at the New Agency anxiously awaiting the arrival of their annuities, on the receipt of which they will go on their annual buffalo hunt. The new Agent is expected every day.

—Mr. G. Benedict, whose ranch is near the Fair Grounds, was last week robbed of a pair of pants, containing a pocket-book with \$25 and a \$75 check in it. The thief will probably not present the check for payment.

—The steamer Benton passed Carroll on the 20th, at 2 p. m., bound for the head of navigation. Her manifest shows goods for I. G. Baker & Co., T. C. Power & Bro., W. S. Wetzel, T. C. Power & Co., Chas. Lehman, Turner & Flanigan, J. H. McKnight & Co., C. L. Vawter & Co., and Davis & Wallace.

—It is said that fully two-thirds of the base bullion now being shipped from Utah is refined at the Omaha and Newark refining works. The Omaha works are now employing 190 men, and treating sixty tons of lead per day, and about twenty tons of ore. Their daily shipments of precious metal amount to over \$20,000, while the refined lead produced, amounts in value to about \$5,000 more.

—A West India preventive from grasshopper ravages is the following. Remember it, farmers, and try it next season, should it be required: "Burn one pound of sulphur in the center of a field." Also: "To prevent the potato bugs from destroying the crop, plant two grains of flax seed in each hill. This will prevent them from injuring the potatoes, as they will not go near the flax."

—Lieutenant McAdams, of the 2d cavalry, who went out with the command under Maj. Brislin to the Yellowstone in the Spring, returned to Bozeman last Friday. He was sent to St. Paul, via Bismarck, on official business, and returned by rail and stage coach via Corinne. He confirms the report that the 7th Infantry and a battalion of the 2d cavalry are on their way to Fort Ellis and Camp Baker to winter. —Times.

## The Races Yesterday.

We cannot call the two races run yesterday brilliant episodes in the annals of the Montana turf. No doubt the time in both has been beat at Saratoga and Long Branch, but it must in justice be said that not a great deal was expected of them, and such being the case expectation was easily realized. The first affair was the three-quarter dash for two-year olds, the entries for which were Ewing's b. f. Birdie Lee, Reed's bk. f. Mattie Lee, Daugherty's b. c. Bishop. The pools sold at large odds in favor of Birdie Lee, with but few investors. After one false start the colts got off very evenly, Birdie taking the lead from the first jump, followed by Mattie and Bishop, in the order named. The latter was out of the race in the first quarter, and the other two had it their own way for the rest of the distance, Birdie passing under the string in 1:27, with Mattie a not very good second and Bishop distanced. The following is the score: Ewing's b. f. Birdie Lee, 1; Reed's br. f. Mattie Lee, 2; Daugherty's b. c. Bishop, dis.

The second event was the mile dash for three-year olds, and pretty much the same may be said of it as the first race. There was a little more interest manifested in it, however, owing to the entry of Baker's Sun Dance, the three-year old colt who is going to run in the steeple chase to-morrow. The other entries were Longfellow, by W. H. Ewing, and Birdie Lee, by H. Carefoot. Sun Dance was the favorite in the pools, but there was little money changed hands, the odds being too great. Some time bets were made, and considerable loose change picked up in that way by the knowing ones. The horses got a very fair send off at the first trial, Sun Dance taking the lead and holding it easily all the way round, coming down the home stretch in a hand gallop, with Longfellow second and Birdie Lee distanced. Time 1:58. Score as follows: Baker's c. Sun Dance, 1; Ewing's ch. c. Longfellow, 2; Carefoot's b. f. Birdie Lee, distanced.

## Serious Accident.

Two of the workmen—J. A. Tom and Jeff Sutton—engaged in pointing the Assay office walls, were this morning precipitated from the second story to the ground by the giving way of the platform on which they were standing. Sutton was seriously but it is hoped not fatally injured. Mr. Tom was hurt about the head and had his left arm cut and sprained.

—Judge H. N. Blake and Hon. Sam. Word arrived from Radersburgh last night. Judge Blake informs us that the Grand Jury of Jefferson county met Monday, reported no business before them, and they were discharged. The Court then adjourned until Monday next.

T., presided, and initiated four new members. This is one of the best working lodges in Montana. The influence exerted and the work performed by it has been of the very highest character. Its effect upon the morale of the men stationed at the Fort had been very marked, and has obtained for the lodge the warm commendation of Gen. Gibbon and other officers of the post. Upon the return of the soldiers who have been in the Indian country during the summer, the lodge will doubtless receive a large accession to its numbers, and will, probably, before the winter has passed again, take its place as the banner lodge of the Territory.

—We extend our hearty congratulations to Mr. Preston Scott and bride, and together with their many friends in this city, wish them a life of happiness and plenty.
