THE TERRITORIAL FAIR.

Eleventh Annual Exhibition of the M. A. M. & M. Association.

Fourth Day.

Another beautiful day has been added to the others which have so greatly contributed to the success of the Territorial Fair. The attendance at the grounds to-day was about equal to that of yesterday, the receipts at the gate amounting to nearly \$700. All the entries are now closed, and to-morrow the judges will begin the difficult and annoying task of deciding which articles are entitled to premiums.

Stock Department.

Mr. C. D. Hard is in charge of this department. The quality of the horses entered is exceptionally fine, and the number found in the stables is larger than ever before. In yesterday's paper a list was given of the race horses entered, and believing it will be a matter of interest we published the list of horses and cattle on exhibition for premiums.

H. B. McDonald enters (Durhams) Prairie Rose, Venus, Junetown, Duke Marshall Jones, Young Britan, Mark Twain.

AGRICULTURAL DEPARTMENT.

In the agricultural department the exhibit is not equal to that of last year either in quantity or quality. The reason for this falling off is obvious. The Fair is several weeks earlier than last year, while the season is several weeks later, and as a consequence only those localities most favored have vegetables to bring, while a great many farmers are still busy with their crops and not able to attend.

Upon the shelves of this department are very fine specimens of potatoes of different varieties and some large heads of cauliflower. An exhibit of Flat Duck turnips is very good while the rutabagas were nearly as large as a "claim shanty." The onions are rather

small in size, evidently not having attained their full growth.

Geo. D. Thomas of Gallatin Valley, proprietor of the Empire Mills, has several sacks of patent process flour on exhibition. The tomatoes are of good size. There is but one entry of wheat and oats which is accounted for as before mentioned by the backward season. Mr. Geo. Hartman, of Missoula, has sent up a case of apples picked from his orchard, in which is to be seen the red astrican, red june, ladies blush and the transcendental crab.

A creamer manufactured by Cooley, of Belows Falls, Vermont, for which Mr. T. Wilcox is agent, is on exhibition. It is contrived in a very simple manner and gives excellent satisfaction. The milk is poured into large tin cans and submerged water. There are pipes for the introduction of water and for its escape. By the use of this cooler all the cream is raised in twelve hours.

POULTRY DEPARTMENT.

Here there are a number of chickens of different varieties, brown, dark, and light Brahmas, some very pretty Leghorns and game bantams. There are three cages of doves and pigeons of different colors. They were billing and cooing in the most affectionate manner, their low notes contrasting with the shrill crow of some ambitious rooster, caged but still defiant.

Afternoon Races.

At 1:30 p. m. made up running race for \$100 a side, quarter mile dash. Blivens entered Little Dick, and Collins entered Blue Bean. Pools sold about even.

Horses started abreast and kept in that position some distance, when Dick got ahead, and came in about a length in advance. No time given.

SECOND RACE.

At 2 p. m. half mile dash for 2-year olds; purse \$150, \$100 to first and \$50 to second horse.

C. Mulkey named Neva Winters, (colors red).

H. G. Ward named Gipsy (color, orange).

A. Werk named Nettles (colors yellow).

In the pools Winters was the favorite four to one, Gipsy second choice. The horses made an even start, Gipsy in the lead, Nettles second, Winters third. These relative positions were retained until within 25 yards of the score, when Winters made a grand spurt, coming in half a length ahead, Gipsy 2d, Nettles 3d. Time, 51½.

THIRD RACE.

Running race, one and one-fourth mile dash, for a purse of \$400—\$250 to first horse and \$75 to second.

C. Mulkey names Patsey Duffey, (colors red).

A. Werk names Retort, (colors yellow).

A. Sample names Joe Howell, (colors green).

Patsey Duffey carries 90 pounds; Retort, 103 pounds; Joe Howell, 118 pounds.

Pools sold nearly two to one in favor of Howell against the field. Duffey second choice.

At the start Duffy had the pole, Retort second and Joe Howell third. At the half mile post the three horses were close together, but still retaining the same position. At the mile post Howell began to gain and ran for some distance neck and neck with Patsey, while Retort dropped behind. On the home stretch it was for sometime doubtful which would win, but Patsey under a vigorous lashing from his driver still maintained the lead, passing the Judge's stand half a length ahead of Howell who was second, Retort third. Time, 3:14½.

After the mile and three quarters dash came the three year old trot, mile heats, first two in three for a purse of \$150—\$125 to first and \$25 to second horse. Robert Vaughn named Choteau Belle, Harvey Bros. Charm, Beilenburg Bonesetter, and Ed. King Chorus. The horses had a very even start, but broke more or less before reaching the quarter pole excepting Choteau Belle, who got down to work fine style and stayed with it during the heat. Before reaching the half mile stake the other horses had become more steady, Chorus leaving the other two and closing up to Choteau Belle. On the home stretch Choteau Belle was so far ahead that it seemed that nothing but a miracle could defeat her. But a miracle of stupidity was wrought by her driver who stopped about two feet from the score and sat gawking about like a country clown on his first visit to town, and amid derisive cheers and hoots Chorus passed in ahead and was declared winner, Choteau Belle second. The other two so far behind as to be distanced.

Second heat.—The horses being called the driver of Choteau Belle was invited to dismount and interview the Judges, which resulted in his being fined \$25 and not allowed to drive. His place was taken by M. McGuirk and the horses started, Chorus in the lead and Belle some distance behind. In this heat Belle broke badly and came in at the score second best. Time, 3:19½.

FIELD DAY.

Another cloudless day has demonstrated the wisdom of the officers who decided upon this as the best time for holding the Fair. It is many years since the weather during Fair week has been so exceptionally beautiful, and though the lateness of the season has some what affected the display in the different departments, the large attendance has shown that with an average season we would have exhibits and an attendance surpassing anything ever before seen. The attendance yesterday was considerably in excess of that of the day before, and Floral Hall was thronged by those many words of commendation expressed their satisfaction with the articles displayed. The crowd to-day has been larger than

that of yesterday, and the long line of vehicles en route to the grounds, filled with men, women and children, demonstrate that the interest is steadily increasing.

The Races.

FIRST RACE.

One and a half mile dash for purse of \$300—\$225 to 1st, \$75 to 2d horse.

A. Sample names Premium.

Geo. Lane names Terulia.

H. R. Baker names Little Tom.

In the pools Tom was a strong favorite, selling two to one against the field.

The horses went off to the score and made the start. After running 20 yards Tom struck the fence, breaking one of his forelegs between the ankle and knee, the fractured bone protruding from the flesh about eight inches. This unfortunate accident caused some delay, but the other two horses finally got started. Before they had gone a quarter of a mile Terulia also ran against the fence, skinning her shins badly, after which her driver was only able to keep her on the track. Premium continued on her course and won the race. Time, 2:52½.

SECOND RACE.

Free for all, mile heats, best three in five, for a purse of \$500—\$350 to first horse, \$100 to second and \$50 to third.

Murray entered Brutus.

McGuirk entered Clark Chief.

Scott entered Billy Grant.

Larabee entered Herod.

In the pools Herod was the favorite. When sales began Brutus was second choice, Clark Chief third, but before the pools were closed Clark Chief became second choice and Brutus third.

The horses went off at a fair start, Clark Chief in the lead, Herod second, Billy Grant third. The race was a very pretty one. Between the quarter and half mile pole Herod almost drew up with Chief, but soon after fell a short distance behind, Billy Grant still third. On the homestretch Chief led, Herod passing the score half a length behind, Billy Grant third, Brutus distanced. A rousing cheer greeted the Chief as he came in. Time 2:36.

Second heat.—The horses got an even start, Clarke Chief in the lead, Herod 2d, Grant 3d. From the first it was seen that Grant had no chance to win, and there was little excitement, as Clarke Chief kept plenty of daylight between himself and his competitors all the way round. Time, 2:39½.

Third heat.—A good start. Herod leading slightly, Chief second, Grant third. Chief soon got ahead. Between the quarter and half mile post Grant overtook Herod and drew alongside of Clark Chief, but at the three-quarter mile post fell back again. Chief coming in two lengths ahead, Grant second, Herod last. Time not given when reporter left.

SIXTH DAY.

The last day of the fair has come and gone. The most gratifying success has crowned the efforts of the directors to make the exhibition in every way satisfactory. It is estimated that 2,000 persons were present yesterday and the attendance to-day has been fully equal, if not larger, than that of the day before.

On Friday morning the judges begun the work of inspecting the various articles on exhibition and awarding premiums. Below we print the list and the names of the parties by whom they were entered, and for which premiums were awarded:
