J. P. Barnes and Walter Larssen returned Wednesday evening from a trip to their coal mine over beyond Utica. While there, they made arrangements to get some timbers for the mine and work will be begun soon toward opening up the mine in good shape. Mr. Barnes informs the Democrat that he was greatly surprised at the development of the country up north and northeast of Utica. Where three years ago there was a vast stretch of vacant, uninhabited land, there are now at least 150 settlers on the benches of Sage and Willow creeks. Some good houses have been put up and Mr. Barnes believes that dry land farming will be an entire success in that part of the country.

The greatest disappointment yet suffered by the Lewistown Lecture Club members and others was the failure of Dr. John Watson (Ian MacLarin) to fill his engagement in this city. Everything has been arranged to give the famous Scotchman a royal welcome and the banner crowd of the season would doubtless have been present to hear his lecture but after arriving at Lombard, he decided to go on east without making the trip into the Judith Basin. A "hoodoo" has certainly pursued the efforts of the Lecture Club to give Lewistown people some high class entertainment this season but the managers are going ahead and complete the course as nearly as possible. Tomorrow evening, Maro, the magician with the celebrated saxophone quartet will be here. This promises to be the finest entertainment of the season as Maro is recognized as a master of the mystic craft the world over.

tired from the position as he is desirous of pursuing a course in engineering in Cornell university next year. The Good Boy.

Little Jack Prindle was being brought up very carefully and religiously. One evening after tea in the presence of company he said to his mother, "I've been a good boy today, haven't I, mother?"

"Yes, you have, Jack dear," his mother answered.

"I didn't forget to take off my rubbers, and I didn't forget to put them away behind the door, did I?"

"No, Jack dear."

"And I haven't slammed any doors all day long?"

"No, my dear boy."

"And I didn't forget to say grace after dinner, and I have been good all day long. I haven't forgotten a damn thing."

Mrs. Prindle burst into tears in spite of her guests.
