

# The WORLD of SPORT

Niles of St. Louis, McGee of Philadelphia and Cobb of Detroit, are considered the best youngsters who have entered the big leagues in many years.

Detroit is now leading the American league and if they keep up their present pace, it will keep the White Sox hustling to ever overtake them.

Butte is playing a strong game just now and will be up pretty close to the top before the race is ended in the Northwestern.

Cy Young of Boston, the grand old man of base ball, is pitching marvelously fine ball this season. Apparently "age" does not wither nor time stale the effectiveness of good old Cy.

Butler, who was captain of the Browns the first of the present season, is playing a fine game for Helena these days.

Hans Wagner is going after the batting championship in the National league this year.

Without the services of the peerless Lajoie, Cleveland has slumped and is now fourth in the American league race but when the big Frenchman gets back into the game, that bunch of sluggers will certainly have something to say about who plays the Chicago Cubs for the world's championship next fall.

Sporting interest in this state is centered this week on the playing of the tennis experts in Butte this week.

Elberfeld, the peppery little shortstop for the New York Americans, is under indefinite suspension for careless playing. But for his unfortunate disposition, Elberfeld would be the most valuable man playing ball today.

Stone, champion batsman of the world last season but who got a miserable start this season, is batting them hard and safe nowadays and will finish above the 300 mark if he keeps up his present gait.

## Matched for Long Fight.

Jimmy Coffroth has matched Joe Thomas and Young Ketchell to box before his new Ocean View club, says the San Francisco Examiner. There was no haggling over details, as each fighter came up to the meeting with his mind made up to sign any reasonable set of articles. When Promoter Coffroth presented his offer both boxers accepted it and the following agreement was drawn up and signed by all parties.

Joe Thomas and Young Ketchell agree to box 45 rounds for J. W. Coffroth in his arena Monday, September 2, 1907, for 50 per cent of the gate receipts, to be divided 75 per cent to the winner and 25 per cent to the loser.

Thomas and Ketchell agree to weigh in at the Willis, San Francisco, four hours before the time set for the contest, at 150 pounds. Coffroth to announce to Thomas and Ketchell 10 days before the contest the exact time for the contest. Both Thomas and Ketchell agree to be in the arena one hour before the time set for the contest and to enter the ring 30 minutes before the hour.

Thomas and Ketchell agree to box straight Marquis of Queensbury rules.

Thomas and Ketchell agree on Billy Roche to referee the contest.

This should result in a hurricane fight as Ketchell gave Thomas the closest kind of a shave when they met at Marysville, July 4, and those who were at the ringside state that if Ketchell had had the necessary experience he would today occupy the champion's place at the top of the welterweight division. Coffroth has a good labor day card.

## Burns Flunks.

Los Angeles, Aug. 7.—Following a conference between managers of Joe Gans and Jimmy Burns, who were to fight here on August 16, and Manager T. J. McCarney of the Pine Athletic club, it was announced late this afternoon that the fight had been indefinitely postponed, owing to the fact that Burns was physically unable to participate. The club physician and another doctor are said to have pronounced Burns' stomach in such shape that he would be unable to fight.

Tonight McCarney stated that Gans had determined to claim his part of the forfeit, sufficient to cover his expenses. Tonight a local newspaper sent a third physician to examine Burns but the result of his investigation has not been made public. Manager McCarney admitted that he had heard rumors to the effect that the coming event had been "side-tracked" to permit Gans to participate in a fight with Jimmy Britt at Goldfield or San Francisco. He stated that he would investigate and that if he found reason to credit his belief he would take action with regard to the forfeits posted by both men.

of Mrs. Howard of San Francisco, who merely testified that she found a screw eye in the door of the room occupied by Harry Orchard previous to the Bradley explosion.

Charles H. Moyer and wife will leave Boise early tomorrow for Manitou, Colorado, where they will remain for a week or ten days before going to Denver.

John F. Nugent today reiterated his statement that he had not resigned from the case. He showed no surprise when shown a dispatch from Denver announcing Richardson's determination to withdraw in the event Darrow is retained.

Everybody loves our baby, rosy, sweet and warm, With kissy places on her neck and dimples on her arms, Once she was so thin and cross, used to cry with pain— Mother gave her Cascasweet, now's she well again. Sold by Phillips' Drug Co. DeW.

## GREAT STEEL CITY.

Millions Invested at Gary By Mammoth Corporation.

Chicago, Aug. 9.—Satisfied that Gary, Indiana, would be the steel capital of the world, the directors of the United States Steel corporation have decided to invest an additional \$45,000,000 in the construction of the model city and steel plant just across the Indiana state line from Chicago, according to a report received at Gary yesterday.

The \$45,000,000 is in addition to the original appropriation of \$75,000,000, estimated as the necessary outlay for the building of the plantation and formation of the city which would house the score of thousands of workers who will be employed at Gary to operate the steel mills.

The excess appropriations is to be in widening the scope and the extent of the steel plant properly. The cost of the building of Gary is included in the first estimate, which was made when it was proposed to transform a desert of drifting sand into a steel manufacturing city.

Workmen began June 16, 1906, to convert the sand dunes of Lake Michigan, near the mouth of the Little Calumet river, into a city to accommodate a population of 50,000 persons. Already, Broadway, the principal business street, has been constructed for three miles and other work accomplished in proportion. Many municipal works are planned on the requirements of a city of 500,000 population.

"We never repent of eating too little," was one of the ten rules of life of Thomas Jefferson, president of the United States, and the rule applies to everyone without exception during this hot weather, because it is hard for food, even in small quantities, to be digested when the blood is at high temperature. At this season we should eat sparingly and properly. We should also help the stomach as much as possible by the use of a little Kodol for indigestion and dyspepsia, which will rest the stomach by digesting the food itself. Sold by Phillips' Drug Co. De.

## RICHARDSON IS OUT.

Cannot Stand For Darrow's Socialistic Ranting.

Denver, Aug. 6.—The News says that Attorney E. F. Richardson of Denver, who was one of Haywood's counsel in the famous trial at Boise, has withdrawn from any further connection with the defense of officials and others of the Western Federation of Miners in the suits now pending before the Idaho courts. He is quoted as saying that he will not work with Clarence Darrow, the Chicago lawyer, associated with him in the case, any longer.

"The whole sum and substance of the matter is that I cannot endure Darrow's methods," said Richardson. "I do not sanction socialism—at least not when it is coupled with the trying of a legal suit, especially when that case is a murder case and means a man's life. Darrow's closing speech in the Haywood trial was rank. It was enough to hang any man, regardless of his innocence or guilt."

The News says that advices from Boise are to the effect that Attorneys Richardson and Nugent had been dropped from further connection with the remaining cases, and that Darrow had been given full charge.

John Riha, a prominent dealer of Vining, Ia., says: "I have been selling DeWitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold. There a dozen people here who have used them and they give perfect satisfaction in every case. I have used them myself with fine results." Sold by Phillips' Drug Co. D

## \$15 Reward.

By Dr. S. S. Owen of Moore, Montana, for the return to him of a blue mare, branded seven up on right hip. Roman nose, shod all around, scar on right shoulder, weight about 1100 pounds.

## Kills Bear With Axe.

Hayden, Col., Aug. 7.—Abner Walker, aged 68 years, a veteran of the Civil War and a pensioner, one of the first settlers of this section, with his wife and son, has just returned here from a trip up the high mountains in the western part of Routt county. Two days ago, while the party were crossing Diamond mountain, Walker's son, who was

## CHAUNCEY STUBBS WILL KEEP CHILD

SENSATIONAL KIDNAPPING CASE RESULTS IN FAVOR OF FATHER.

Great Falls, Aug. 10.—Olga Stubbs, the little girl who was taken from her mother a few weeks ago while she was being taken down the street in a baby carriage will remain with her father. This was the outcome of the hearing on the return of the writ of habeas corpus held yesterday morning in the court room of Judge Leslie. The case was called at 10 o'clock with all the parties present. The father, Chauncey M. Stubbs, appearing with the child whom he has had since she was taken from the mother. The circumstances of the alleged kidnapping are still fresh in the minds of the people of Great Falls. While the mother was wheeling the child around the city in a baby carriage, the father suddenly stepped up to her and succeeded in getting her to one side. When this was done some one with whom it seemed he had made arrangements, seized the little girl. Mrs. Stubbs, made charges against her husband of kidnapping and finally instituted habeas corpus proceedings. These were dismissed yesterday by Judge Leslie and the child given to the father.

Pursuant to the continuance heretofore, the case came on regularly yesterday morning and the father produced the child in court according to the writ of habeas corpus. T. E. Brady appeared as counsel for the petitioner and J. W. Freeman represented the defendant. As soon as the case was called the court informed the attorney for the defendant that the motion to quash was over-ruled and ordered the matter to proceed for trial. Mrs. Anna Stubbs, the plaintiff, was then sworn and examined as a witness in her own behalf. She was the only witness placed on the stand by the prosecution.

Mrs. Stubbs testified that her husband desired her to live with his father but that she objected to this and left her home to go to her own father's residence. Later, she said, she landed in Great Falls. She claimed her husband failed to properly provide for her and at times limited her diet to meat and potatoes. When cross-examined, Mrs. Stubbs said she came to Great Falls with a man nam-

ed Frank Keene and that they went to several different rooming houses and at last went to Fort Benton, where they registered at one of the local hotels.

The testimony of Mrs. Stubbs brought out on cross-examination was sensational and in a measure unlooked for. As soon as she had finished Attorney Freeman, for the defendant, made a motion that the writ of habeas corpus be dismissed. This motion was sustained by Judge Leslie.

Keep the pores open and the skin clean when you have a cut, burn, bruise or scratch. DeWitt's Carbolic Witch Hazel Salve penetrates the pores and heals quickly. Sold by Phillips' Drug Co. DeW.

## COST OF BIG TRIAL.

Haywood Case Puts Crimp in Idaho Treasury.

Boise, Idaho, Aug. 7.—The state board of examiners has nearly completed the work of auditing the bills in connection with the Haywood trial, and it is found that all but \$9,000 of the \$104,000 appropriated by the legislature has been expended. To the present there has been actually paid out \$84,000. Bills resented and not yet passed on amount to \$4,600 and additional bills aggregating \$6,000 will be filed.

How the state expects to meet the expenses in the trial of Pettibone is not known, as it is said to be doubtful if any bank will care to take a chance on honoring deficiency warrants. Prominent citizens have expressed a sentiment against further prosecution of the cases, and many bankers fear the next legislature will decline to take up the warrants.

James H. Hawley, chief counsel for the prosecution, has drawn \$30,041.60 from the state, and his bills pending amounting to \$3,648.50 more. All of this money has not been in fees, as it includes the expenses of a number of witnesses brought from Colorado and other states. It is understood that his fee is \$20,000. Senator Borah has been paid \$5,000 and has no bills pending. This is the smallest fee paid to any of the leading attorneys on either side.

The total amount paid to the Pinkerton National Detective agency is \$29,839.71. James McPartland was allowed \$10 a day for his services, and it is said there were no strings to the amount he was permitted to spend for expenses and incidentals. The state was put to a heavy expense in bringing witnesses from other states. Not only was it necessary to pay all their expenses, but it most instances witnesses charged for their time.

As an example of the lavish expenditure the receipts show that \$833.70 was used to get the testimony

riding a horse some distance from the wagon road, routed a giant cinnamon bear which started after the wagon.

The elder Walker decided to give battle to the bear. He seized an ax and sprang from the wagon, ordering his wife to drive on so the horses would not become frightened.

The cinnamon made directly for Walker, and when with five feet made a leap for him. Walker sidestepped the animal and dealt it a terrific blow on the head, stunning it. The bear recovered quickly and then a cattle for life began, which was finally won by the man, but not until he was almost ready to drop from exhaustion. Walker and his son skinned the bear and brought the hide to Hayden.

Those who have stomach trouble, no matter how slight, should give every possible help to the digestive organs, so that the food may be digested with the least effort. This may be done by taking something that contains natural digestive properties—something like Kodol for indigestion and Dyspepsia. Kodol is a preparation of vegetable acids and contains the very same juices found in a healthy stomach. It digests what you eat. Sold by Phillips' Drug Co. DeW.
