## MINE ACCIDENT CAUSE OF DEATH

Marko Sanovich Dies Friday of Injuries received from Falling Rock in M. C. I. Mine at Bearcreek.

A very sad accident occurred Friday morning at the M. C. I. Mine, when Jack Pettlin and Mike Sanovich were just finishing cutting a new entry. As the work was just about completed a large rock fell which struck Pettlin on the head badly bruising him and smashed one of his feet which was caught.

The falling rock carrying with it a lot of earth entirely buried Sanovich he was quickly rescued but had sustained a compound fracture of the right leg and was crushed about the chest causing internal hemorrhages.

Both unfortunate men were rushed to the Dr. Siegfried hospital where first aid was given and all possible was done for their relief. The injuries of Sanovich were so serious that Dr. Siegfried called Dr. Koehn of Red Lodge in consultation, but all that medical aid and skill could do was of no avail and the unfortunate man passed away at five o'clock the same afternoon.

The funeral which was in charge of Byron B. Downard was held from the family residence at Bearcreek Sunday afternoon, Rev. Fr. Corcoran, officiating at the services and interment in the local cemetery was under the auspices of the Order of Eagles, National Croatian Benefit Society, Slavonic Benefit Society and the U. M. W. of A. The Red Lodge band headed the procession followed by two hundred lodge brothers. The juvenile branch of the Slavonic Society consisting of twenty-five children each carrying a bouquet of flowers followed the lodge members. It was the largest funeral ever held at Bearcreek there being over sixty cars in the procession following the different lodge members.

Marko Sanovich was born in Austria February 15, 1882. He was married eighteen years ago before coming to this country. He came from Austria to Bearcreek twelve years ago where he has since resided. Besides a wife, he leaves five children to mourn his loss. The community extends their sympathy to the bereaved family.

## Near Fatal Accident

What might have been a fatal accident occurred Thursday evening when a car owned by Mrs. DeAttey and driven by Arthur Ennis tipped over into Cow creek at the bridge near the D. T. Taylor home. The car tipped completely over and Mrs. DeAttey was pinned under the car and submerged in the water. She was saved by the quick wittedness of Bud Hughes who upon seeing the accident ran to the scene and lifted the car sufficiently to allow Mrs. DeAttey to crawl out. At last report she is said to be nearly over her injuries.

## SPLENDID RECORD

The present county attorney John T. Hays is asking the voters of Carbon County to re-elect him and the records at the court house show that he has well and faithfully served the people in his present capacity.

The records show that of the nineteen felony cases filed in the District Court twelve have been convicted, ten have been committed to the state prison, one defendant received a fine and one was given parole.

The records also show that the fines collected for the violation of the prohibition act exceeded the cost of prosecution more than seventeen hundred dollars, or to be exact \$1,735.00 as shown by the treasurer's books.

There appears to be considerable less violation of the law at the present time than for a number of years past. Mr. Hays has proven himself to be faithful, competent and deserving, so why make a change in the office of county attorney at the present time.

## BILL GREENOUGH MAKES RARE FIND

Goats Skull in Which An Arrow Head Is Imbedded Being Displayed at Home Grocery.

Bill Greenough recently found a mountain goat skull with a red flint arrow head lodged in the forehead. The trophy, bleached and cracked with unnumbered years of exposure to sun and snow, was brought to this city Sunday.

"It is the first time in all my 35 or more years of riding in this part of Montana," said Ben Greenough, the boy's father, "that I ever saw a goat skull bearing an arrow head, although on numerous occasions I have seen the remains of buffalo and other animals bearing that explanation of their death. The goats are so wary that they are extremely difficult to hunt even with rifles; it must have been a clever Indian that drew that bow."

## Gift Shower for Miss Marvel Webster

A miscellaneous shower was given at the Walter Hay home Monday evening by Mrs. Clara Green, and Mrs. Mary Steinmasel, in honor of Miss Marvel Webster, daughter of Mrs. Hay. About twenty-five members of the fair sex gathered at the home to pay their respects with some useful gifts and suitable enough to launch the future bride's ship of life successfully upon the deep waters of the matrimonial sea.

As the evening advanced several selections of music were rendered to the accompanying strains of laughter and song. Each guest was presented with a walnut shell which when opened contained the written secret announcing the fact that Miss Marvel C. Webster of Red Lodge, and Lloyd R. Scott of Plattsmouth, Nebraska were to be united in marriage on the 23rd day of August at Omaha. The young man is a native of Plattsmouth, Neb. but was in Omaha during the months Miss Webster was in nurses training in the Wise Memorial Hospital that the young couple became acquainted. Refreshing delicacies were served, and the youthful merry makers departed after having properly bestowed upon the young maiden all their best wishes and blessing for future days of bliss.

## Boy or Girl, Today?

Hussong has asked the Chronicle to make known the fact that he has to date received applications from three girls and one boy who want a place to work for their board while attending school here this term. Every effort should be made to provide such places for students who wish to attend school here this winter and if you are interested or if you are in a position to board or room students, get in touch with Mr. Hussong at once.

## Getting Some Big Ones

They are catching some mighty big fish in this section—, at least in the Beartooth lake where four large fellows exhibited in the window of the Home Grocery made a good sized pan look small. The lucky sportsmen responsible for the display were Carl Lucas, Harry Olcott, M. Solso, and Dr. Beltzer. Ben Greenough who is familiar with every deep water hole, and secret fishing spot acted as guide for the camping party.
