(Continued from first page)

every evening. The boys missed nothing in that beautiful city due to the kindness of Jack Carter of the Manila Hotel orchestra. A four day stop was made in Manila and they then returned via the same ports. While in Shanghai the Montanans played for the Annual Banquet of the University Club of Shanghai. In Kobe they played for a dinner dance at the Oriental Hotel and in Yokohama for a private party of English business men and their wives at the Tent Hotel.

The voyage from Yokohama to Seattle took eleven days and the whole voyage from Seattle to Seattle took fifty-five days.

Upon the orchestra's arrival into Seattle they spent a week in going through the customs and preparing for their journey home via the same towns and playing dance engagements. This was all done under the management of R. D. Niles, a law student in the Montana university. The orchestra returned to Missoula and played various engagements at the Tavern and Country Club where they made a hit, as they had wherever they played. They were successful all the way from the coast due partly to the fact that Phil White, a saxophone player from Denver, joined the boys in Seattle. After the three weeks stop in Missoula the boys worked their way to Red Lodge playing dance engagements in Helena, Livingston, Billings and Red Lodge.

According to Frank Alden he and H. J. Alden will leave Sunday for Livingston where Harry will precede the other members of the orchestra as advance man and manager after re-organizing in Missoula to fulfill engagements in Wallace and Coeur d'Alene, Idaho and Helena where the orchestra is booked for a five weeks contract at Broadwater.

Clark Whitcomb of Helena will take the place of Phil White who returned to his home in Denver Sunday.

The boys all expect to enroll in the University of Montana next fall.

CITY COUNCIL DIS-  
POSES OF SEVERAL  
MATTERS OF IMPORT

The city council held its regular monthly meeting on Tuesday evening which was attended by Mayor Jeffery and Aldermen Koehn, Neilson, Young-holter, Hicox, Whalen, Sr., and Little, and City Clerk and Attorney H. A. Simmons.

The principal matters disposed of by the council were the repeal of the public dance ordinance, the appointing of a water tax collector, matters pertaining to decorations for the Eagles' Convention, the authorizing of special assessments to be made for improvements in special improvement districts and the approval of a large number of bills submitted by the auditing committee.

The police judge, chief of police, water tax collector, city clerk and city treasurer made their reports, which were examined and adopted. Dr. E. M. Adams City Health Officer made an oral report, in which he stated that there were no contagious diseases in the city at the present time except a few cases of mumps.

J. H. Clark of the Clark Motor Company was granted his request to move the gas tank in front of the Walter Alderson building, his former place of business, to the rear of his present place and to install a new tank in front of his place of business on Broadway.

Harry Moore was granted permission to install a gas tank in front of his place of business on South Hauser Avenue.

D. W. Columbus Appointed Water Tax Collector

The council received three bids for the position of Water Tax Collector, and after consideration of the bids it was decided that the position be given to D. W. Columbus, his duties to commence July 1st.

City Will Decorate for Eagles  
F. A. Williams appeared for the Eagle Lodge and requested that the city stand the expense of decorating the cluster lights on Broadway for the convention July 1st to 3rd. The fact that there will be no celebration on July 4th and the citizens generally supporting the program for the convention, the Council granted the request and the work will be done by the city electrician.

Sunday Dance Ordinance Repealed  
The dance ordinance, forbidding dancing at public dances after twelve

o'clock on Saturday night, was repealed. This pertains to Red Lodge and places within three miles thereof. The clause as to age limit was repealed.

Street Grader Will be Purchased  
The council took under consideration the matter of purchasing a street grader, the Street and Alley Committee being given power to buy the grader, if they thought feasible, which is the same as that used by the county, known as the Wehr one-man power grader.

Taxpayers Must Dig up More Money.  
A number of resolutions were submitted for primary adoption in the matter of levying special assessments for improvements to be made in special improvement districts of the city. The districts which will construct sewers are numbers 17 to 28, inclusive; side walks in 26, 28, 29 and 30 and the construction of pavements in district 27. The latter assessment will be sufficient to pay the interest and one-twelfth of the cost of construction, and in the first two cases, one-eighth of the cost of construction and the interest. There will be special assessments levied to defray the cost of sprinkling in district number 2 and for the maintenance of cluster lights in district number one.
