SHAWCANNOT BE HERE

Cannot Assist in Laying the
Corner Stone Saturday.

JUDGE CONNER WILL SPEAK.

Other Noted Speakers From Over the
County will Make Addresses. Music
Furnished by the Band.

Our readers will be disappointed to
learn that Secretary Shaw cannot be
here next Saturday to assist in the
laying of the corner stone of the new
court house. Chairman Schroeder re-
ceived a letter from him last Thursday
stating that he had other engagements
which would prevent his coming to
Denison on that date. He expressed
his regrets that he could not be present
and also spoke a good word for the
proposition to vote for \$40,000 more
with which to build a dome and other-
wise improve the building. Following
is his letter:

TREASURY DEPARTMENT.

WASHINGTON, July 19, 1904.

MY DEAR SIR: Your letter of the
11th is received, inviting me to be
present at the laying of the corner
stone of the new court house. I wish
I might accept, but other engagements
will render it impossible. I wish you
all possible success.

I made inquiry when in Denison and
learned that it was expected to build
entirely of stone, or at least to veneer
with stone. Let it be so. Crawford
county will always regret the erection
of a brick building. I had hoped you
would ask for a larger appropriation.
We ought to have a better court house,
and if in making this good, you run
short of money and have to ask for
more, you may quote me as advising
nothing but the best. Of course we
want you to be economical, but it is al-
ways good economy to build well and to
build for the future.

Very truly yours,
L. M. SHAW.

Although the secretary cannot come
a splendid program has been prepared.
Judge Conner will make an address, as
will also several other noted speakers
from over the county. There will be
music by the band and singing by a
chorus of fifty voices, which is being
trained by B. J. Sibbert.

Chairman Schroeder will officiate
at the ceremony of laying the corner
stone. He will make a short address
and will deposit the records and docu-
ments which are to be placed in the
corner stone. A document is being
prepared for this purpose containing a
short history of the county, some of the
pictures of past and present county
officers, and other interesting data.

The program will commence at one
o'clock and will last until 3:30. A
large crowd is expected to attend from
both far and near as it will be an event
well worth seeing and one that does
not take place many times in the
history of a lifetime. The program is
subject to slight change but it will be
carried out about as follows:

1:00 p. m. Assemble of Denison Business men
and citizens at City Hall.
1:15 Form procession and march to court
house.
Invocation.
Song..... Chorus of fifty voices.
2:00 Speech..... Congressman Conner.
2:15 Speech..... Hon. W. A. Davis of Boyer
Towship.
2:30 Speech..... E. H. Swasey, Dow City.
2:40 Speech..... E. L. Patterson, West Side.
Music..... Band.
Speech..... L. E. Goodwin, Charter Oak.
Speech..... Theo. Rohwer, Schleswig.
Speech..... W. S. Moore, Manila.
Song..... Chorus.
3:30 Laying of cornerstone and depositing
of records and documents by Chairman
Schroeder of the board of supervisors.
Benediction.
Music..... Band.

Two Americans Killed in Mexico.
El Paso, July 26.—Francisco Malen,
Mexican consul, received a telegram
from P. Canado, governor of Sinaloa,
confirming the report that two Amer-
icans were killed at Aguas Calientes
by a man named Torres, and adding
that a rigid investigation has been
ordered.

ANOTHER KILLED AT ARION.

Geo. Johnson of Boone Found Dead
Near Arion Last Week. No In-
quest Held.

On Sunday evening of last week a
man was found on the Northwestern
tracks at Arion who had evidently been
struck by a train. His skull was
crushed in and he was unconscious.
He died two hours later under the care
of a physician without having regained
consciousness. Papers on his person
identified him as George Johnson of
Boone.

Coroner Fuester was called from
Schleswig but he deemed it unnecessary
to hold an inquest. Considerable
difficulty was had in locating the man's
friends, but finally his relatives at
Boone were found who came to Arion
and took charge of the body.

Arion seems to be an unfortunate
place in the way of accidents, this be-
ing the second man who has been killed
there within a month.

PRISONER MAY NOT GO FREE.

Scheme on Foot to Retain in Prison
the Man Who Was Convicted of the
Pollock Diamond Robbery.

Frank Shercliff, who, according to
a recent decision of the supreme court,
was to have been released from prison
within a few weeks, may not be set
free at the close of his term in prison.
Shercliff was convicted of the Pollock
diamond robbery on the train between
Sioux City and Missouri Valley in 1892
and was sentenced to 17 years in the
penitentiary. He had saved up five
years of good time when he was paroled
by Governor Shaw. Shortly after
his parole he returned to a life of
crime and was then returned to prison.
It was supposed by everybody that he
thereby forfeited all his good time and
would have to serve out his full term.
But the supreme court recently decided
that a prisoner cannot forfeit good
time saved up before his parole and
according to this decision Shercliff
will be set at liberty in about four
weeks.

The ruling of the court was a great
disappointment to Governor Cummins,
who thinks it an outrage to turn loose
upon the public a man who had led so
notorious a life of crime and who
immediately resumed that life after he
had been paroled. W. A. Pinkerton
of the Pinkerton detective force and
L. E. Fay of Clinton are also interested
in having Shercliff retained in prison.
They are planning to have him arrest-
ed as soon as he steps from the door of
the prison and prosecuted on the
charge of robberies which he admits
having committed or perjury commit-
ted at his trial for the Pollock diamond
robbery. When it was suggested that
he could not be tried for perjury com-
mitted at that time, different lawyers
were consulted, all of whom agreed
that the statute of limitations did not
apply for the time one is in prison.

He is also in danger of being prose-
cuted by Omaha and Missouri author-
ities for old crimes.

The Vladivostok squadron fired on
and sunk a Japanese steamer of 318
tons last Wednesday morning. On
Thursday morning the squadron was
sighted in the Straits of Tsugaru
steaming rapidly to the eastward. All
vessels along the eastern coasts of
Japan were warned to keep under
cover. The big Pacific liners are be-
ing held in the Japanese ports lest
they fall a prey to the Russian squad-
ron.

A meeting of the officers and directors
of the Crawford county Old Settlers'
Association was held at the city hall
last Tuesday afternoon at one o'clock,
at which time it was decided to hold
the annual picnic of the organization
in this city on Thursday, Sept. 1, at
Washington Park. The list of commit-
tees appointed will be published next
week, as we received them too late for
this issue.

UNCLE SAM'S BIG LOTTERY

Plan of Drawing for Rosebud
Reservation Land.

ALL EYES ARE ON CHAMBERLAIN

One Hundred Hundred Thousand Peo-
ple Are Awaiting the Result—Ex-
pected That Names Will All Be
Drawn in Five Days.

Chamberlain, S. D., July 26.—The
eyes of 100,000 land seekers who reg-
istered for lands in the Rosebud res-
ervation will be turned toward Cham-
berlain on next Thursday, when the
drawing for the prizes in Uncle Sam's
big lottery will begin.

One thousand names will be drawn
a day for three days, after which the
balance of the names in the box will
be drawn as rapidly as possible, prob-
ably completing the work on the fifth
day. As each envelope is drawn from
the box the clerk will keep a record
of the name and order of drawing.
This will be continued until 1,000
names have been drawn out of the box
each of the first three days. This will
dispose of 3,000 names, or an ample
equivalent for the number of claims
in the Rosebud reservation subject to
entry. On the fourth day the drawing
will be continued, but without restric-
tion until every envelope is drawn
from the box. The drawing, in effect
merely takes all the names enrolled
and places them in numerical order
and the names so picked in order will
be called at the rate of 100 per day
to make filings on the lands at Bone
steel until all the lands are disposed
of, filings beginning on Aug. 8. While
the numbers arranged at the drawing
will be as extensive as the number
registered, there will be no particular
value attached to any number over
3,000, or possibly 2,500, as by the time
that number is reached the lands will
in all probability be exhausted, unless
the holders of earlier numbers should
fall in very large proportion to re-
spond to their names when called for
filing.

DENISONITES GO TO CANADA.

A Party of Land Seekers Will Start for
Assiniboia Aug 2 and Will Visit
Twin Cities and Winnipeg.

A representative of this paper in an
interview with Mr. R. D. Hodgkinson
special solicitor for the Northwest
Colonization Co. of St. Paul asking
about the excursion on Aug. 2 as to
route etc., received the following in-
formation from him:

"We will leave Denison at 9:38 in the
evening on the Illinois Central and will
arrive in St. Paul about eight o'clock.
The beautiful Twin Cities will be visit-
ed by the party during the day and the
excursion will resume its journey
northward in the evening and at dawn
of the next day the eye of the land-
seekers will view the famous Red River
of the north. A few hours ride and we
are in Winnipeg, Manitoba, a city of
70,000 inhabitants. A few hours wait
in this beautiful city and the party
starts on its journey west to the "best
wheat country in the world." Ample
hotel accommodations are furnished
enroute with special rates to members
of this excursion. We furnish free-
livery to examine our lands and as we
have had wide and long experience in
handling large parties we know how
to provide for every comfort of the
homeseeker and make the trip one to
be long remembered with pleasure.
The gateway to the new Northwest
has been opened and as a magnet draws
unto itself particles of metal so Western
Canada with her broad acres of virgin
wheat lands attracts to her bosom the
weary renter of the older states and
makes of him an independent landlord."
Mr. Hodgkinson is very loud in his
praises of the Assiniboian district, his
company having sold 1,000,000 acres in
the past three years.
