## TOMORROW--The ANNUAL TEN-DAY EVENT

**WE'RE OVERSTOCKED!** That's the plain unvarnished tale--these are the honest facts. We bought right and left because the threatening decrease of man-power during the war led us to believe that there would be a shortage in expert fitters and tailors. A condition which quickly developed. The war's end changed all this. As a result we are being penalized. But "sweet are the uses of adversity." We're glad it's "over, over there." We must unload our heavy stocks of winter clothing. Our prices in numerous instances are less than present wholesale valuations.

Here is a golden opportunity for you to save money. It is every one's privilege! Yours!
