

Samuel Shove, Esq. of Providence, an extensive manufacturer, has been compelled by the pressure in the money market, to assign his property for the benefit of his creditors. He was the owner of the three factories in Sutton, and also of the iron stone factory in Uxbridge in Worcester county.

The Providence Journal of Monday, publishes the notice of ninety nine applications, in the county of Providence, to the Supreme Court for the benefit of the insolvent act.

The Boston Transcript states that the Branch Bank discounted three hundred thousand dollars on Wednesday last.

Mr. McKenzie, of Upper Canada, who has become somewhat notorious for his frequent expulsions from the Assembly of that province, has again made an attempt to obtain possession of his seat in the House, but with no better success than has attended his former efforts.

THE AMENDE; OR, The Eighth Wonder. Mr. SNOWDEN—Please let me all censure recant, For DUANE has now given us the wool that we want:

He has fleec'd the poor sheep to its innermost skin, And the thanks of the Nation, most justly, will win.

Go on then, DUANE! Prove that one of the Party, For Honor, and Fame, and his Country, is hearty!

We hail you a wonder! the last, not the least! The world has had seven!—The EIGHTH BEATS THE BEST!

The eccentric Stephen Ayres, who during the prevalence of cholera in the Canadas, effected so many cures, and was followed by thousands of people eager to touch the hem of his garment, has arrived at Boston, where he offers his services for the cure of obstinate coughs, consumption, and the natural disorders of the climate.

Note.—The weather this month, with a few exceptions, has been open and mild.

The ice which formed in the river in January, was all dissolved by the 4th inst., since which, the navigation of the Potomac and its various branches have remained unobstructed.

Seven trackable snow-storms have occurred this winter; six in January, and one on the night of the 1st inst.: the last of which, on the following morning, measured eight and a half inches deep. The aggregate depth of snow which fell in this city, during the above seven storms, is twenty-four and a half inches. There were also five snow-squalls and two hail-storms.

In the course of this winter, fourteen heavy rains have taken place—also, six drizzling rains. The aggregate depth of rain which has fallen throughout the three winter months (says a respectable correspondent, who keeps an account thereof), is as follows: "In December, 5 inches 99 hundredths; in January, 3 inches 44 hundredths; in February, 2 inches 99 hundredths: total rain, this winter, 12 inches and 35 hundredths.

The first Herring caught this season was at Heppburn's landing, adjoining town, on the 17th instant: and the first Shad were caught on the 15th instant, (according to information,) at Potomac Creek.

Health, as usual, abides here and in our vicinity.

CONGRESS.
In the Senate yesterday, various memorials and petitions, many of them in relation to the Deposite question, were presented and referred; amongst them one from Delaware, on which Mr. CLAYTON made some eloquent remarks. Mr. POINDESTER offered a resolution directing the Committee on Public Lands to inquire into certain fraudulent speculations in western lands with power to send for persons and papers; which lies on the table one day.

The order of the day was then taken up, and Mr. HILL proceeded to read the Senate a speech in favor of the Administration generally, and the removal of the Deposites particularly.

In the House of Representatives, a number of petitions were presented and referred. Amongst them was a petition from Philadelphia, complaining of the present distress; which was ably enforced by Mr. WATMOUGH. The House was engaged all day in receiving petitions.

A FRESH supply just received; among which are Beet, Long Red and Early Turnip; Cabbage, Early York, Battersea, Sugar Loaf, Drumhead, Red Dutch for pickling; Carrot; Celery; Cucumber; Egg Plant; Scotch Kale; London Leek; Mangel Wurtzel; Nutmeg Melon, Citron Melon, and Water Melon; Okra; Onion; Parsley; Peas, Extra Early, Marrowfat, Imperial, &c.; Radish of several kinds; Salsafy, Squash, Tomato, Lettuce, Beans, &c.

TOWN AFFAIRS.

GREAT TOWN MEETING.

At a meeting of the Mechanics and Working Men of this town, held on Saturday, the 1st of March, pursuant to previous notice, Captain THOMAS K. BEALE was called to the Chair, and JOHN LAWSON and JOHN GIRD were appointed Secretaries.

The following resolutions were offered by Mr. JOHN H. BEALE, who prefaced them with a few pointed, able, and eloquent remarks, depicting the present aristocratic government of our town, and the probable consequences of a general reformation, which were carried without one dissenting voice:

Resolved, 1st. That the Mechanics and Working Men are the chief supporters of our town government, and ought, of right, to have a due share of influence in its legislative deliberations.

Secondly, That we highly approve of the measures adopted by the Working Men's Caucus Meeting, held in the Fourth Ward, and pledge ourselves to support its nominations.

Thirdly, That a Committee of twelve, four from each Ward, be appointed by this meeting, to nominate suitable persons as candidates to represent them in the Town Council from the three other Wards in this town which have made no nomination.

Fourthly, We pledge ourselves to support no candidate for a seat in the Common Council who is not in nomination by the Working Men.

In pursuance to the third resolution, the following gentlemen were duly appointed a Committee of Nomination:

For the First Ward—Wilkinson Williams, Rich'd. Rock, Daniel Munroe, and John Churchman.

For the Second Ward—Simon Dearborn, Joseph Dodds, Isaac Kell, and John Manery.

For the Third Ward—James W. Sayres, Samuel Bartle, J. W. Hollensbury, and Joseph Dudley.

Who were to meet at the Indian Queen Tavern on Monday next, the 3d day of March, for the purpose above mentioned.

And, on motion, the meeting then adjourned. THOS. K. BEALE, Chairman.

Test:
JOHN GIRD, } Secretaries.
JOHN LAWSON, }

J. H. DAVIS, wishing to devote his whole time to his business, declines being a candidate to represent the Fourth Ward in the Common Council.

Fellow Citizens—Let one who was born in the town—who has his whole interest—all he possesses, or ever expects to possess—at stake in the welfare of Alexandria—let such an one entreat you, when you go to the polls to-morrow; to look at the qualifications of the candidates for Council, and not to the particular calling or profession to which they may belong. The only questions should be, Is he competent? is he honest? and will he be faithful to the general interests of the town of ALEXANDRIA?

March 3, 1834.

A development of what may be properly termed a formidable item in the fiscal means of the Corporation, was disclosed by a member of the Common Council at its last meeting, which produced in my mind, at the time, some degree of astonishment, which still remains unexplained. In the mean time, I would ask, have the Revenue Laws run into quicksands, and there likely to stick? or was it the act of omission, by oversight, or the effect of design? I allude to the tax on Ground Rents for the past year.

March 3. INVESTIGATOR.

It has been reported, with much zeal, that the sole object of the Mechanics and Working Men, in selecting candidates from their own ranks, to represent the Fourth Ward in the Common Council, was to have the Canal operations "entirely suspended." The object of this communication is to correct this unfounded statement, by giving to the public the real object of the movement; which is, simply, to elevate that most numerous and useful class of citizens to that standing and influence in the community, which their professions and interests demand.

MECHANISM.
To the Working Men of the Fourth Ward.—I trust that you were sufficiently convinced, by Saturday night's work, to what a state you are sought to be degraded. If you were not disgusted, it was because you could not see and hear. I hope this day you will show that you are not to be insulted and degraded, and that you will redeem your characters as men of sense. I need not say more.

A WORKING MAN.
N. B. To show my opinion of recent affairs, although, at first in favor of a change, I shall vote for and support the following ticket:

R. I. Taylor, John Cohagen,
G. S. Hough, Jonathan Janney.

The following Ticket for members to serve in Council for the Fourth Ward for the ensuing year, will be voted by many who feel, and have, a deep interest in the prosperity of our Town, viz:

R. I. Taylor, Geo. S. Hough,
Jonathan Janney, John Cohagen.

To the Voters of the Third Ward.—The following ticket is recommended, viz:
R. H. Miller, Robert Brackett,
T. F. Mason, R. G. Violett.

These gentlemen have served the town faithfully for the past year, and will be supported by

March 4. MANY VOTERS.

Mechanics and Working Men's Meeting.
At a large and respectable meeting of the Mechanics and Working Men, and friends of that class, of the Fourth Ward, held at Mr. Isaac H. Robbins' School Room, on Thursday evening, 28th ultimo, to select suitable persons to represent them in Common Council, the following persons were unanimously nominated by said meeting:

Reuben S. Bowie, William B. Richards,
Benjamin S. Kinsey, Richard Stanton, Sr.
March 3, 1834.

I consider that we of the Third Ward are faithfully and ably represented, and I do not wish to see any of our Councilmen Worked out! I therefore beg leave to nominate our present members to serve the ensuing year, who, I believe, are:

Thompson F. Mason, Robert Brackett,
Robert H. Miller, Robert G. Violett,
A VOTER OF THE THIRD WARD.

Many of the Working Men of the First Ward have determined on the following Ticket as suitable to their views, and request the support of all others of that class of citizens in said Ward to co-operate with them, at the next election for Common Councilmen:

Reuben Johnston, Thomas Swann, Jr.,
Thomas E. Baird, Stephen Shinn.
