

PATENT RIGHT SECURED. BEWARE OF IMPOSITION.

Richmond, Va. July 15, 1830.

I WAS the original discoverer of Judkins' Ointment, and sole proprietor of the patent from Sept. 1817, to the expiration of the same, but, having connected myself with Dr. Judkins in the commencement, I permitted the Ointment to bear his name. The term of the patent having expired on the 26th June, I have made an improvement in the same, and taken out a patent thereon.

Imposition having been practised upon the public by a spurious article, bearing the name of "Judkins' Ointment," the proprietor avails himself of the authority granted to him in his letters patent, now to call the Ointment after his own name. Henceforth it will be known by the name of

SHEPHERD'S PATENT SPECIFIC OINTMENT, (formerly Judkins')

When first made and prepared this Ointment, and had, in several instances, experienced its good effects, I sent it to several physicians, with instructions in what cases to apply it, who were of opinion that the Ointment would be a valuable public benefit. I concluded that the Ointment would occasionally fall into many hands, some of whom would probably undertake to make it, and knowing the difficulty of the process—nevertheless, it might be propagated in this adulterated state, as it might in some degree resemble the original—and in this way its good effects would be obliterated. Under these considerations, I secured the original and certain remedy for those obstinate diseases, some of which have so long baffled the skill of medical science:

- 1st White swellings of every description;
- 2d Sore legs and ulcers of long standing;
- 3d Scirrhus or glandular tumors, particularly those hardened tumors in women's breasts, which oftentimes terminate in ulcerated cancers;
- 4th Felons; or what some people know by the name catarrhs, of every description;
- 5th Rheumatic pains of the joints;
- 6th Sprains and bruises of every description, or in whatever part situated;
- 7th Fetters of all kinds. In this complaint the patient, in applying the ointment, must keep the part out of water;
- 8th Chilblains or parts affected by frost.

It is also one of the best remedies for burns and scalds. It eases the pain and draws the fire out in a short time.

For women's swelled breasts and glandular swellings, it is superior to any medicine yet known to the medical faculty. It is much safer than mercurial applications, (as it does not contain the smallest atom of any preparation of the mineral,) because it does not lay the patient liable to injury from exposure to cold.

This Ointment has cured sores of many years standing. Where it is impossible or imprudent to heal the external sore, in consequence of the bones becoming carious or rotten, it will stop the progress of the caries, increase the quantity of discharge, remove the offensive smell, and ease the pains.

It cures the worst Felons and Whitlows, on application of forty-eight hours.

The following notices on this may suffice:—

ALEXANDRIA, February 26, 1835.
This may certify that I have, for a long time, been afflicted, at times, with attacks of Gout or Rheumatism in the feet or other parts of the body, from which I have derived relief by using Dr. Judkins' Patent Specific Ointment, (now called Shepherd's) prepared by Mr. Charles Herston, of Frederick Town, Maryland, in the manner prescribed in the printed directions. I have taken pleasure in spreading the knowledge of this valuable remedy, believing it to be one of the best of all the Patent Medicines, and by my advice, several persons who were afflicted with pains like my own used it with great benefit.

CHARLES MCKNIGHT.

WASHINGTON CITY, 11th Sept. 1835.
Doctor W. Guntton: Sir—I now undertake to do what I should have done long since. Two or three years my wife was afflicted with what the Doctors call carbuncles on her back, and her sufferings from which, for two months, were beyond all description: they broke, at different times, into from fifty to one hundred holes, and when the sores were extracted, and the skin cut off, the places became one large sore, about six inches in circumference, and were then an inch in depth. She was attended by one of the first Physicians in this City, and various remedies were tried without rendering her any relief, or preventing the sores from increasing in size to such a degree, that we became seriously apprehensive that she could not survive much longer. A friend calling to see her one day, and advising the use of Judkins' Ointment, I procured some, and, however incredible it may appear, yet such is the fact, two plasters effected a perfect cure. Yours, respectfully,

G. CRANDELL.

NEW-MARKET, Feb. 21, 1833
Mr. Herston: Sir—I bought an article in Baltimore having the name of Judkins' Ointment. I sold some of it, that was returned to me, not being good. It is true, it had not your name on the label round the pot, which I now understand is on the genuine article, as made by you.—This is to give notice that the public may be guarded against an imposition of the kind.—Yours, &c.

A. I. BARNEY.

Dr. Drish, a Druggist in Leesburg, Va. informed the subscriber, that three persons had each obtained from him a pot of Judkins' Ointment, (not of the subscriber's make.) After having tried it, they found it was not good, and returned it to him.

Messrs. L. & R. T. Lowndes, merchants, Cumberland, Md.

Gentlemen: As Mr. Herston's agents for the sale of Dr. Wm. Judkins' patent specific ointment, I would inform you, that last summer I was afflicted with a sore leg—the same of Judkins' Ointment induced me to get a jug of it—but it happened not to be of Mr. Herston's make. I used it according to the printed directions, but my leg kept getting worse.

Mr. Herston's, travelling to the west stopped at my house, during the time, on looking at the ointment I had, he immediately pronounced it not of his make, and furnished me with one which was. On opening and smelling it, I was enabled to see the difference, although it looked like it. I then applied the ointment he gave me to my leg; it became in a state of amendment on using the first plaster, and so continued until it got quite well.

This ointment is certainly very valuable, and it would be a pity it should be lost to the public, by a counterfeit article bearing the name, and being of genuine. WM. K. NEWMAN.

Cumberland, Md. May 24, 1831.

Mr. C. Herston, proprietor of Shepherd's P. S. Ointment, (formerly Judkins'), near Frederick City, Md.

PILE.

Before leaving Boonsboro', I had heard much of an article, in which you appear before the public as proprietor, named Herston's Judkins' P. Specific Ointment, made by C. Herston near Frederick, Md., and of its decided efficacy

in cures on persons with whom I am well acquainted. Since my residence in Baltimore, it has performed a cure on a friend of mine afflicted with piles. Having myself been a sufferer for some years with this distressing disease I now unhesitatingly applied your ointment in my own case, and am gratified that I can say it made a perfect cure.

J. A. BENTS.
I hereby certify, that I was for many months afflicted most grievously with the tumor upon both of my heels, causing openings large enough to admit a person's finger. I tried various remedies in vain, when I was induced to try Judkins' Ointment, and was cured by the use of a single box. I am anxious that others, similarly afflicted, may avail themselves of so valuable a remedy.

ROBERT FULTON.
Charlestown, Dec. 16, 1829.

Having had much experience, for many years, in making this Ointment, and being concerned in the patent right, the public have a right to be cautioned against imposition—and, in order to effect this, and to secure to the genuine article, it has been thought advisable, as above stated, to use the authority granted by Mr. Shepherd, and to call it after the proprietor's own name.

The following will be hereafter attached to each pot:—SHEPHERD'S PATENT SPECIFIC OINTMENT, (formerly Judkins') made and sold, wholesale and retail, by

C. HERSTON, near Frederick, Md.
To more fully guard the public, (the proprietor,) C. Herston's name will appear in his own hand-writing, written through the circle outside the ointment pot.

To be sold wholesale and retail, by, DR. GUNTON, Druggist, Pennsylvania Avenue, Washington.

FAUCHAR Druggist, Penn. Avenue

Messrs. JAMES do do

F. HOWARD Seven Building's

E. FERRIS, Georgetown.

Letters post paid, directed to the Proprietor,

C. HERSTON, Frederick City, Maryland,

will be attended to.

The above article, is offered for sale by the

subscriber. A large profit allowed to country

dealers, who purchase to sell again.

WILLIAM STABLER.

3 mo 19—1y Agent for Alexandria.

HYGEIAN PILLS.

WILLIAM STABLER, Chemist and Druggist, Alexandria, general agent for the sale of Dr. RALPH'S IMPROVED HYGEIAN PILLS, respectfully states that he is enabled to supply this Medicine to the public and his mercantile connection, upon the same terms that the General Office at New York supplies them.—A liberal discount being made to retail merchants. For a description of the qualities of these pills, he refers to the following advertisement of Doctor Ralph, viz:—

"The very general demand for Dr. Ralph's Hygeian Pills, can only be accounted for by reason of the unexampled benefit and cures which thousands have experienced from their use. Moreover, they are founded on the wisdom and experience of the British College of Physicians and Surgeons, of London; and are recommended by the writings and practice of Sir Astley Cooper, Mr. Abernethy, and Dr. Babington; as well as by the greater part of the more eminent practitioners of England and the Continent.

The limits of an advertisement will not allow of entering upon an explanation of the principle on which this medicine is suited to so many different complaints. It must suffice to mention, that each package of the pills contains three boxes, two of which are gently opening, with a strengthening quality combined, adapted to the most feeble constitutions; while the other is purgative, but more or less so according to the dose. Thus, by varying these Pills, and altering the doses agreeable to the directions given, it is astonishing to witness the number of diseases which are cured or much alleviated by them; while there is no disease whatever which can possibly be injured by their use. They contain no mercury, and may be taken without the inconveniences or caution which other medicines generally require. The particular diseases in which their efficacy has been proved and tested, in many thousand individual cases, are the following:—

Dyspepsia, and the whole of those numerous maladies which arise from habitual constipation of the bowels; Apoplexy, and all affections of the head; Gout; Rheumatism; Scrofula, with every species of Salt Rheum and Disorder of the Skin; threatening Consumptive Cough; Liver Diseases, whether the effect of intemperance or hot climate; Fever and Ague; Common Fever, &c.; Inflammations; Cholera Morbus, &c.; Jaundice; Dropsy; Piles; Gleet; and certain other complaints of the Urinary and Genital organs, &c. &c.

This medicine is also eminently useful in the whole class of disorders peculiar to the female constitution, especially in Nervous and Hysterical disorders, Epileptic Fits, St. Vitus's Dance, &c. &c.; Sick Head Ache, certain obstructions, sexual weakness, &c. In smaller doses, it may be relied on as the best and safest medicine in pregnancy, and for the common disorders of children.

The directions given with these Pills are remarkably plain and particular—the proper dose and management of them being carefully mentioned under the head of each disorder separately.

JOS. RALPH, M. D., Graduate of the University of Edinburgh; Member of the Royal College of Surgeons London; Lecturer on Midwifery and the Diseases of Women and Children, &c. and author of the "Domestic Guide to Medicine."

N. B. Dr. Ralph's Domestic Guide is a little volume designed for the use of every family, particularly those residing in the country. It is written in the plainest manner, and is intended to enable individuals, both male and female, to undertake the management of their own complaints with safety and success. The price is very low, being only 50 cents, though neatly bound in boards, &c. Indeed the object of its publication is rather with a view of spreading useful knowledge on disease, than of any profit arising from its sale.

For sale by JAMES H. HAMILTON, Leesburg.

WM. STABLER, Alexandria, D. C.

PATENT ROPE MAKING.

I have received, I wish to inform my friends and the public, that I am prepared at all times to execute orders in my line; such as Gangs of rigging,

- Cables
- Towlines
- Seine Rope
- Trace Rope
- Leading Lines
- Bed Cords
- Packing Yarn for steam engines

With a general assortment of all kinds of Rope of Russia or Manila Hemp. Distant or country friends will receive my particular attention.

JOSIAH H. DAVIS.

June 2

To Rheumatic Invalids!

PERSONS suffering under Rheumatic Affection are respectfully assured that they can obtain of the proprietor and his agents a safe and admirable remedy for Rheumatism, however obstinate the disorder may be, and in all its different stages.

Dr. Jobb's Liniment!
This affords immediate relief to the patient, and has sometimes been attended with such extraordinary success to cure the most distressing Rheumatism in twenty-four hours, even when of years standing.

This highly valuable Liniment is recommended with a confidence founded on the experience of many years, not only as a cure for that excruciating disease, but also, as an excellent application for Stiffness of the Joints, Numbness, Sprains, Chilblains, &c.

[This article is considered so superior to every thing else, and to possess such uncommon virtues, that it is ordered from all parts of the country.]
An Agent recently writes: "Please send me a further supply of Jobb's Liniment the first opportunity—I shall probably sell a considerable quantity, as it is recommended by some of our physicians very highly, although contrary to their rules and regulations to give encouragement to such (or patent) medicines." It is a most decided proof of their confidence in its invaluable properties.

Another agent writes: "I wish you to forward me some more of Jobb's Liniment, which has recommended itself very highly." Price 50 cents a bottle.

The Painful and Debilitating Complaint of THE PILES

Receives immediate relief, and in numerous instances has been thoroughly cured, by the administration of DUMFRIES' REMEDY FOR THE PILES.

THIS approved compound also mitigates and removes the symptoms which frequently accompany that disorder, and increase the danger of the patient, viz: pains in loins, headache, loss of appetite, indigestion, and other marks of debility.

A relieved patient writes from a distance: "I have used your Dumfries' Remedy for the Piles for some time past, and have found it eminently successful."

The remedy is quite innocent, and may be administered to all ages and both sexes. Plain and ample directions, with a description of the complaint, accompany each package, which consists of two boxes, one containing an Ointment, and the other an Electuary. Price \$1 for both articles, or 50 cents where but one is wanted.

THE TOOTH ACHES.

THIS agonizing disorder is cured in its most painful stages, by one of the most simple as well as powerful remedies known in modern practice.

CAMBRIAN TOOTH ACHES PILLS afford instant relief, without inflicting the slightest injury on the teeth. They are applied externally to the parts affected, with the greatest ease and expedition, and generally operate as a soothing lenitive to the suffering patient. Price 50 cents a box.

Dyspepsia

OF most obstinate character, after having baffled the skill of the most eminent physicians, and withstood the most highly recommended medical preparations, has been checked, relieved, and cured, in a number of instances in and about this city, by using, for a short time, Dr. RALPH'S VEGETABLE SPECIFIC, AND ANTI-BILIOUS PILLS.

In connexion, according to the directions accompanying the Specific. It is also one of the best medicines known for Sick Headache, Sickness at the Stomach, Nausea, and Flatulencies.

Price of the Specific and Pills, 50 cents each.

Debilitated Females!

THE complaints peculiar to the female part of the community, have been long successfully treated by the administration of the Aromatic Pills, originally prescribed and compounded by Dr. RALPH. They cleanse the blood from those disorders of the female constitution, for which the pills are an effectual specific; they restore a free circulation, reform the irregular operations of the sanguiferous system, and rectify the disordered habits. The proprietor's confidence in the superior excellence of this equally innocent and powerful preparation, is founded on the most decisive testimony from many restored patients. He can assure this portion of the public, that when

DR. RALPH'S AROMATIC PILLS FOR FEMALES

are regularly taken, according to the directions, accompanying them, they revive and establish the desired healthy habits, and restore to the pallid countenance the natural glow of health and good spirits.

Married ladies will find the pills equally useful, except in cases of pregnancy, when they must not be taken; neither must they be taken by persons of hectic or consumptive habits. They may be used successfully by either men or women in all hypochondriac, Hysterical or Vaporous disorders. In all cases of this description, the pills purify, invigorate, and revive the disordered system. Price \$1.50 a box.

None genuine unless signed on the outside printed wrapper by the sole proprietor, T. KIDDER, immediate successor to the late Dr. T. Conway. For sale, with all the other "Conway Medicines," at his Counting Room, No. 99, next door to J. Kidder's Drug Store, corner of Court and Hanover streets, near Concert Hall, Boston.

And also, by his special appointment, by

WM. STABLER, Fairfax street, Alexandria.

Large discounts to those who buy to sell again.

jan 15

DUMFRIES' Itch Ointment!

THE extensive sale and established reputation of Dumfries' Itch Ointment, encourages the proprietor to recommend it with renewed confidence to the public, as a most innocent as well as powerful application for this annoying disease. The most inveterate cases have been cured in one week! by this esteemed Ointment. It contains no mercury, or other noxious ingredient, and may be confidently applied even to the youngest children, or to pregnant females.—Price 37 1/2 cents.

None genuine unless signed on the outside printed wrapper by the sole proprietor, T. KIDDER, immediate successor to the late Dr. W. T. Conway. For sale, with all the other "Conway Medicines," at his Counting Room, No. 99, next door to J. Kidder's Drug Store, corner of Court and Hanover streets, near Concert Hall, Boston.

And also, by his special appointment, by

WM. STABLER, Fairfax street, Alexandria.

Large discounts to those who buy to sell again.

CABINET, CHAIR AND SOFA MANUFACTORY.

LEONARD O. COOK respectfully informs his friends and the public generally, that he has removed to the south side of King street, between Columbus and Washington streets, in the house formerly occupied by Phares Throop, where he still continues to manufacture all kinds of Cabinet Furniture; and also informs them that he has on hand at present, and intends at all times to keep, a full assortment of the best Furniture, made by the best workmen, and of the neatest fashions; which he will warrant equal, if not superior, in quality to any ever offered in the District, and which he will sell for Cash or a liberal credit to punctual persons. And he hopes, by his punctuality and attention to business, to secure a portion of the public patronage.

Old Furniture neatly repaired and handsome, y varnished.

TURNING handsomely executed and at the shortest notice.

July 15—11

IMPORTANT NOTICE.

IT is deemed advisable to protect the public from daily impositions, to add an additional label on each packet of the GENUINE MORISON'S PILLS, which must bear the signature of each Agent through whose hands it passes, in addition to my name, as no apothecary or druggist is permitted to vend the same.

H. SHEPHEARD MOAT,
Sole Hygean Delegate to the U. S. Brooklyn, N.Y.

HEALTH SECURED.

By the use of the Hygeian Vegetable Universal medicines of the British College of Health, London, which have obtained the approbation and recommendation of thousands, (who, by the blessing of Providence, have been cured in Consumption, Cholera Morbus, Inflammations internally and externally; Dyspepsia, Fevers, Ague, Indigestion, Bilious or Nervous Affections and all diseases of the Liver, Yellow Fever, Gout, Rheumatism, Lumbago, The Doloureux Dropsy, St. Vitus' Dance, Epilepsy, Apoplexy, Paralysis, Palsy, Green Sickness, and all obstructions to which the female form is so distressingly liable, and which sends so many of the fairest portion of creation to their untimely graves; Small Pox, Measles, Whooping Cough, Scarlet Fever, Asthma, Jaundice, Gravel, Stone, and all urinary obstructions; Piles, Stomachicures, Ruptures, and Syphilis, in all its stages; Constipated Bowels, Worms, Scoury, Itching of the Skin, King's Evil, and all Cutaneous Disorders; in short every complaint to which the human frame is so direfully subject, under all their varied forms and names; as it has been indisputably demonstrated, that Man is subject to only one real disease, that is the Impurity of the Blood (from whence springs every complaint that can possibly assail his complicated frame) and a very slight trial of the Universal Medicines will evince their all sufficiency to cleanse and purify that source of life, as well as disease, and restore the suffering patient to the blessings of Health.

This valuable Medicine being composed only of vegetable matter, or medicinal herbs, and warranted, on oath, as containing not one particle of mercurial, mineral, or chemical substances (all of which are uncongential to the nature of man, and, therefore destructive to the human frame) is found to be perfectly harmless to the most tender age or weakest frame, under every stage of human suffering, and, at the same time, the most certain in searching out the root of every complaint, however deep, and of performing a cure, that was ever offered to the world.

The Medicines are comprised in these different articles only, viz: in two kind of Pills, designated No. 1 and No. 2; the first is a powerful, but most gentle, mild aperient or opening medicine, detaching and partially removing the bilious rosy humors, whilst the No. 2 pills carry off those and the scrofula, acrid and putrid humors incidental to the body, and act together as a ferret in a warren never resting until every avenue of the human frame is thoroughly searched and cleansed of its impurities.

The Vegetable Cleansing Powders are of great assistance to patients, and facilitate the evacuation of bile humors; they soften, cleanse, and detach the acrimonious phlegm; are cooling, and ally the thirst. One, two, or three powders may be taken throughout the day, mixed in half a wine glass of water.

The genuine Medicines can be had of

WM. POMEROY, Alexandria.

Sole Agent for the District of Columbia and its vicinity.

By whom the Pills are sold in packets of one, two, and three dollars each, and the Powders at 37 1/2 cents per box, with printed directions; and also by the following Agents: T. W. Polkham, between 9th and 10th Streets, Penn. Avenue; and E. C. Wright, Georgetown, of whom alone can the Medicines be warranted genuine. By appointment of Dr. H. S. Moat, H. P. M., M. B. C. H., Brooklyn, New York, the sole importer of these Medicines.

Morrison, or the Family Adviser, price \$2.75; Practical Proofs, illustrated by numerous cases of cure, third edition, price 37 1/2 cents; to be had as above.

Certificate from Alabama.

I certify that I was for a long time severely afflicted with an ulcerated mouth, and small ulcers on the outside of my face, which were occasioned by the use of Mercury in the attempt to cure me of a venereal complaint, and had despaired of being cured, but seeing an advertisement of the Hygeian Medicine, sent to Mobile for a package, which I used, but ascertained that they were a medicine prepared by a person called Hyer, and from the use of which I received no benefit. Upon being informed of their being sent to Mobile for a package, I ordered some of the Pills, and of your agent for this State, Mr. J. W. Farwell, and for the benefit of those who may be suffering as I was, I am happy to say that, by the use of the pills, in compliance of ten to fifteen, for one month, my complaints are entirely cured, and that I am now in as good health as I ever was.

Mobile, Ala. Nov. 1, 1824.

Public Attention!

It is respectfully solicited by the subscribers, that the valuable preparation, the merits of which have been testified by time, and are sustained by unqualified testimony

DR. RALPH'S

Botanical Drops!

are every year increasing their long established reputation. They have obtained many royal preparations, and are continually gaining upon public confidence. The Botanical Drops have been successfully administered for many years, as a thorough remedy for the well known and prevalent class of insective diseases, which originate from a vitiated habit of body, or hereditary predisposition in the patient, and generally occur under the various and distressing shapes of Scrofula, Salt Rheum, Leprosy, St. Anthony's Fire, Fever Sores, White Swellings, Scoury, Foul and Ulcerated Ulcers, Sore Legs and Erys, Scald Head, and Venereal Taint.

In the last mentioned condition of the system, the Botanical Drops will be found to eradicate the lurking poison, where mercury has totally failed, and thus prevent the patient from entering the seeds of another hereditary disease or his offspring.

Dr. RALPH'S Botanical Drops are successfully used in cases of violent eruptions after the measles—and blotches—pimples on the face—feverish eruptions on the skin—and other diseases of the external surface, and are one of the best Spring and Autumnal plasters known, to free the system from humors.

A physician of eminence, who had witnessed the effects of this article, had the honor recently to acknowledge to the
