Remedy for Asiatic Cholera, Diarrhoea, &c.

IN consequence of the very great and increasing demand for this invaluable preparation, induced by the many cures which have been effected by the use of it in cases of Asiatic Cholera, common Cholera Morbus in Children, and disorders of the Bowels generally, the Proprietor has prepared, and will continue to keep on hand, a large supply. Read and believe!

This Remedy has been used by many eminent Physicians, some of whom have charge of the Largest Hospitals in the United States, where the Cholera has prevailed to a great extent, and been fatal to Intemperate, aged, and lunatic persons. Their confidence in this Medicine is such, that they say they are not afraid of the most inveterate cases of Asiatic Cholera when take in time.

The following are only a small proportion of the certificates I have of the efficacy of this Certain Remedy for Cholera. Those opposed to Quackery will at once see this is nothing of the kind—for those persons who have subscribed their names to these certificates, live among us and are known to be men of the first standing, and upon whose words the utmost reliance can be placed.

When the Cholera was raging here to a great extent, the Rev. Dr. John French had occasion to use this preparation twice in his own family, and has given the following certificate of its efficacy:

"On Thursday, my little son came home from school, making great complaint of sick stomach, and pain in the bowels. He looked to be quite sick. I immediately gave him a dose of this medicine; he was presently relieved and has not complained since."

"On Friday, while absent from home, a white girl living at my house, was taken with nausea and pain in the bowels. In the course of a few hours she had five discharges from her bowels. My wife gave her a dose of this medicine, and, to use her own words, it acted like a charm. She was well before I returned to the house, and has remained so ever since."

Norfolk, Sept. 6th, 1832. JOHN FRENCH.

York County, Oct. 22, 1832.
Dear Sir—I take much pleasure in tendering to you my certificate and my gratitude for a wonderful cure performed by the medicine to which you have given the name of a certain remedy for the Cholera.

"One of my men was attacked yesterday, with the most violent spasms and vomiting, resembling in every respect a confirmed case of Cholera. I had administered remedies of every kind before this preparation of yours but without effect. Immediately upon administering your Remedy he became tranquil—the vomiting ceased, the pains left him, and in half an hour after he was nearly well. To-day he is up and out, as well as ever. Hoping those that are attacked in the same way may be able to obtain this remedy. I remain, yours respectfully,
JAS. IRONMONGER.

To Mr. R. S. Bernard, Norfolk.

Norfolk, July 8th, 1832.
With much pleasure do I certify to the efficacy of Mr. R. S. Bernard's certain Remedy for the Cholera. I have had occasion to use it several times, in my own family, for very obstinate complaints of the bowels, and with great success. Most cheerfully do I recommend it to all who may be afflicted with any complaint of the kind, I always keep it in my house and consider it one of the best family medicines I have ever seen.

JOHN MORRIS.

Norfolk, June 12th, 1834.
This is to certify that I have used Mr. R. S. Bernard's "Remedy for the Cholera," in many cases of disordered stomach and bowels, both with young children and grown persons, and I take much pleasure in saying that it afforded relief in every instance; surpassing in its effects any remedy for that dreadful disease, I have ever used.

B. W. GATCH.

This invaluable Medicine can be had of the sole proprietor ROBT. S. BERNARD, Druggist, Norfolk, Va. To prevent imposition a facsimile of my signature will be attached to each bottle.

The public are informed that, WILLIAM STABLER Druggist, is appointed my Agent for Alexandria, where these are requested to apply.
