

BEWARE OF IMPOSITION.
PATENT RIGHT SECURED.

Richmond, Va. July 15, 1830.
I WAS the original discoverer of Judkins' Ointment and sole proprietor of the patent from Sept. 1, 1817, a till the expiration of the same; but, having connected myself with Dr. Judkins in the commencement, I permitted the Ointment to bear his name. The term of the patent having expired on the 26th June, I have made an improvement in the same, and taken out a patent thereon. N. SHEPHERD.

Imposition having been practised upon the public by a spurious article, bearing the name of "Judkins' Ointment," the proprietor avails himself of the authority granted to him in his letters patent, now to call the Ointment after his own name. Henceforth it will be known by the name of

SHEPHERD'S PATENT SPECIFIC OINTMENT, (formerly Judkins')

When I first made and prepared this Ointment, and had, in several instances, experienced its good effects, I sent it to several physicians, with instructions in what cases to apply it, who were of opinion that the Ointment would be a valuable public benefit. I concluded that the Ointment would occasionally fall into many hands, some of whom would probably undertake to make it, and knowing the difficulty of the process—nevertheless, it might be propagated in this adulterated state, as it might in some degree resemble the original—and in this way its good effects would be obliterated. Under these considerations, I secured the original and certain remedy for those obstinate diseases, some of which have so long baffled the skill of medical science.

- 1st White swellings of every description.
- 2d Sore legs and ulcers of long standing.
- 3d Chirrus for glandular tumors, particularly those hardened tumors in women's breasts, which oftentimes terminate in ulcerated cancers.

- 4th Felons; or what some people know by the name of catarrhs, of every description.
- 5th Rheumatic pains of the joints.
- 6th Sprains and bruises of every description, or in whatever part situated.

- 7th Tetter of all kinds, in this complaint the patient, in applying the ointment, must keep the part out of water.
- 8th Chilblains, or parts affected by frost.

It is also one of the best remedies for burns and scalds. It eases the pain and draws the fire out in a short time.

For women's swollen breasts and glandular swellings, it is superior to any medicine yet known to the medical faculty. It is much safer than mercurial applications, (as it does not contain the smallest atom of any preparation of the mineral,) because it does not say the patient liable to injury from exposure to cold.

This Ointment has cured sores of many years standing. Where it is impossible or imprudent to heal the external sore, in consequence of the bones becoming carious or rotten, it will stop the progress of the caries, increase the quantity of discharge, remove the offensive smell, and ease the pains.

It cures the worst Felons and Whitlows, on application of forty-eight hours.

The following notices on this may suffice—

ALEXANDRIA, February 26, 1835.
This may certify that I have, for a long time been afflicted, at times, with attacks of Gout or Rheumatism in the feet or other parts of the body, from which I have always found relief by using Dr. Judkins' Patent Specific Ointment, (now called Shepherd's) prepared by Mr. Charles Herston, of Frederick Town, Maryland, in the manner prescribed in the printed directions. I have taken pleasure in spreading the knowledge of this valuable remedy, believing it to be one of the best of all the Patent Medicines, and by my advice, several persons who were afflicted with pains like my own used it with great benefit.

CHARLES MCKNIGHT.

WASHINGTON CITY, 11th Sept. 1835.

Doctor W. Guntton: Sir—I now under take to do what I should have done long since. Two or three years my wife was afflicted with what the Doctors call caruncles on her back, and her sufferings from which, for two months, were beyond all description: they broke, at different times, into from fifty to one hundred holes, and when the cores were extracted, and the skin cut off, the places became one large sore, about six inches in circumference, and were then an inch in depth. She was attended by one of the first Physicians in this City, and various remedies were tried without rendering her any relief, or preventing the sores from increasing in size to such a degree, that we became seriously apprehensive that she could not survive much longer. A friend calling to see her one day, and advising the use of Judkins' Ointment, I procured some, and, however incredible it may appear, yet such is the fact, two plasters effected a perfect cure. Yours, respectfully,

G. CRANDELL.

NEW-MARKET, Feb. 21, 1835.

Mr. Herston: Sir—I bought an article in Baltimore having the name of Judkins' Ointment. I sold some of it, that was returned to me, not being good. It is true, it had not your name on the label round the pot which I now understand is on the genuine article, as made by you. This is to give notice that the public may be guarded against an imposition of the kind.—Yours, &c.

A. I. BARNEY.

Dr. Orish, a Druggist in Leesburg, Va. informs the subscriber, that three persons had each obtained from him a pot of Judkins' Ointment, (not of the subscriber's make.) After having tried it, they found it was not good, and returned it to him.

Messrs. L. & R. T. Lowndes, merchants, Cumberland, Md.

Gentlemen: As Mr. Herston's agents for the sale of Dr. Wm. Judkins' patent specific ointment, I would inform you, that last summer I was afflicted with a sore leg—the same of Judkins' Ointment induced me to get a jug of it—but it happened not to be of Mr. Herston's make. I used it according to the printed directions, but my leg kept getting worse.

Mr. Herston's, travelling to the west stopped at my house, during the time, on looking at the ointment I had, he immediately pronounced it not of his make, and furnished me with one which was. On opening and smelling it, I was sensible of the difference, although it looked like it. I then applied the ointment he gave me to my leg; it became in a state of amendment on using the first plaster, and so continued until it got quite well.

This ointment is certainly very valuable, and it would be a pity, if it should be

lost to the public, by a counterfeit article bearing the name, and being not genuine.

WM. K. NEWMAN.

Cumberland, Md. May 24, 1831.

Mr. C. Herston, proprietor of Shepherd's P. S. Ointment (formerly Judkins'), near Frederick City, Md.

TO THE PUBLIC.

Before leaving Boonsboro', I had heard much of an article, in which you appear before the public as proprietor, named Herston's Judkins' P. S. Ointment, made by C. Herston near Frederick, Md. and of its decided efficacy in curing a prosois with whom I am well acquainted. Since my residence in Baltimore, it has performed a cure on a friend of mine afflicted with piles. Having myself been a sufferer for some years with this distressing disease I now unhesitatingly applied your ointment in my own case, and am gratified that I can say it made a perfect cure.

J. A. BENTZ.

I hereby certify, that I was for many months afflicted most grievously with the letter upon both of my heels, causing openings large enough to admit a person's finger. I tried various remedies in vain, when I was induced to try Judkins' Ointment, and was cured by the use of a single box. I am anxious that others, similarly afflicted, may avail themselves of so valuable a remedy.

ROBERT FULTON.

Charlestown, Dec. 16, 1829.

Having had much experience, for many years, in making this Ointment, and being concerned in the patent right, the public have a right to be cautioned against imposition—and, in order to effect this, and to secure to them the genuine article, it has been thought advisable, as above stated, to use the authority granted by Mr. Shepherd, and to call it after the proprietor's own name.

The following will be hereafter attached to each pot—"SHEPHERD'S PATENT SPECIFIC OINTMENT, (formerly Judkins'), made and sold, wholesale and retail, by

J. HERSTONS, near Frederick, Md.,

To more fully guard the public, (the proprietor's,) C. Herston's name will appear in his own hand-writing, written through the circle outside the ointment pot.

To be sold wholesale and retail, by Dr. GUNTON, Druggist, Pennsylvania Avenue, Washington.

To Rheumatic Invalids!

PERSONS suffering under Rheumatic Affection are respectfully assured that they can obtain of the proprietor and his agents a safe and admirable remedy for Rheumatism, however obstinate the disorder may be, and in all its different stages.

Dr. Jebb's Liniment!

will afford immediate relief to the patient, and has sometimes been attended with extraordinary success to cure the most distressing Rheumatism in twenty-four hours, even when of years standing.

This highly valuable Liniment is recommended with a confidence founded on the experience of many years, not only as a cure for that excruciating disease, but as an excellent application for Stiffness of the Joints, Numbness, Sprains, Chilblains, &c.

(This article is considered so superior to every thing else, and to possess such uncommon virtues, that it is ordered from all parts of the country.)

An Agent recently writes: "Please send me a further supply of Jebb's Liniment: the first opportunity—I shall probably sell a considerable quantity, as it is recommended by some of our physicians very highly, although contrary to their rules and regulations to give encouragement to such (or patent) medicines." But is a most decided proof of their confidence in its invaluable properties.

Another agent writes: "I wish you to forward me some more of Jebb's Liniment, which has recommended itself very highly." Price 50 cents a bottle.

The Painful and Debilitating Complaint

THE PILES

Receives immediate relief, and in numerous instances has been thoroughly cured, by the administration of

DUMFRIES' REMEDY FOR

THE PILES.

THIS approved compound also mitigates and removes the symptoms which frequently accompany that disorder, and increase the danger of the patient: viz: pains in loins, headache, loss of appetite, indigestion, and other marks of debility.

A retail but justice to inform you, that I have used your Dumfries' Remedy for the Piles for some time past, and have found it eminently successful.

The remedy is quite innocent, and may be administered to all ages and both sexes. Plain and ample directions, with a description of the complaint, accompany each package, which consists of two boxes, one containing an Ointment, and the other an Electuary.

Price \$1 for both articles, or 50 cents where but one is wanted.

THE TOOTH ACHE.

THIS agonizing disorder is cured in its most painful stages, by one of the most simple as well as powerful remedies known in modern practice. The

CAMBRIAN TOOTH ACHE PILLS afford instant relief, without inflicting the slightest injury on the teeth. They are applied externally to the parts affected, with the greatest ease and expedition, and generally operate as a soothing lenitive to the suffering patient. Price 50 cents a box.

Dyspepsia

OF most obstinate character, after having baffled the skill of the most eminent physicians, and withstood the most highly recommended medical preparations, has been checked, relieved, and cured, in a number of instances, and about this city, by using, for a short time, Dr. RELFE'S

VEGETABLE SPECIFIC, & ANTI-BILIOUS PILLS,

in connection, according to the directions accompanying the Specific. It is also one of the best medicines known for Sick Headache, Sickness at the Stomach, Nausea, and Flatulency.

Debilitated Females!

THE complaints peculiar to the female part of the community, have been long successfully treated by the administration of the Aromatic Pills, originally pre-scribed and compounded by Dr. Relfe. They cleanse the blood from those disorders of the female constitution, for which the pills are an effectual specific; they restore a free circulation, reform the irregular operations of the sanguiferous system, and rectify the disordered habits. The proprietor's confidence in the superior excellence of this equally innocent and powerful preparation, is founded on the most decisive testimony from many restored patients. He can assure this portion of the public, that when

DR. RELFE'S AROMATIC PILLS

FOR FEMALES

are regularly taken, according to the directions, accompanying them, they revive and establish the desired healthy habits, and restore to the pallid countenance the natural glow of health and good spirits.

Married ladies will find the pills equally useful, except in cases of pregnancy, when they must not be taken; neither must they be taken by persons of hectic or consumptive habits. They may be used successfully by either men or women in all Hypochondria, Hysteria or Vapourish disorders. In all cases of this description, the pills purify, invigorate, and revive the disordered system. Price \$1 50 a box.

DUMFRIES' Itch Ointment!

THE extensive sale and established reputation of Dumfries' Itch Ointment, encourages the proprietor to recommend it with renewed confidence to the public as a most innocent as well as powerful application for this annoying disease. The most inveterate cases have been cured in one hour by this esteemed Ointment. It contains no mercury, or other noxious ingredient, and may be confidently applied even to the youngest children, or to pregnant females.—Price 75 cents.

THE DIFFERENCE.

It cannot be denied that whilst many medicines which are recommended to the public, have not even the negative merit of harmlessness, there are others which it would be great injustice indeed and suicidal prejudice to involve, untried, in a common condemnation. And when a medicine comes endorsed with all the names that have adorned the annals of the medical profession, and warranted by the seal and signature of long and uniform success, its proprietor makes no unreasonable demand upon public confidence, when he claims for it a superior consideration.

The Camomile preparation of Dr. W. Evans is undeniably entitled to this enviable distinction; for whilst no medical authority in existence condemns it, every medical work which alludes to it, and every medical practitioner that is acquainted with it, freely acknowledges its pre-eminent virtues; and that the latter should do so in opposition to their personal interest must be attributed either to their candor and love of truth, or to their unwillingness to fly in the face of all observation, and the testimony of thousands.

Dr. W. Evans does not pretend that his Camomile Tonic Pills cure all diseases. He frankly and conscientiously admits that they will not. He lays no claim to the discovery of the "Philosopher's Stone;" and wishes nobody to believe that he sells the "Elixir of Life;" but he does say, and does believe, and can prove, that in debility and impaired constitution; in nervous diseases of all kinds; in weakness of the digestive organs; in incipient consumptions, whether of the lungs or the liver; in the dreadful debility occasioned by the use of purgatives; in palsy; rheumatism; (more especially) in the sickness incident to mothers and to females of relaxed nerves; in every case of delirium tremens, or that disease which is brought on by intemperance; in the wretched horrors of mind and body, which accrue from occasional imbrue; in loss of appetite; languor; melancholy; pains in the head; limbs or sides; in corrupt, sallow and uncomely complexion, caused by the bad state of the fluids—in all these cases, and in some others mentioned in the bills of directions for his medicines, he does say, that the Camomile Tonic Pills, interchanged occasionally with his aperient family Pills, (the best known) which are sold with them, will effect a perfect relief, and if used but for a fair period, beyond a doubt cure.

This much is promised would be given on oath, and for this much Dr. W. Evans can conscientiously request confidence. He therefore need only add that his Camomile Tonic Pills, together with his excellent Family Aperient Pills, can be obtained, wholesale or retail, at No. 7 Division st, near Chatham square, New York, and of his authorized Agents in town and country.

Dr. W. Evans—Sir: Be pleased to receive the thanks of one who has been a great sufferer for several years, for the great benefit she has received from the virtues of your inimitable Camomile Pills! She has suffered with pain and distress in the head, a tightness across the stomach, shortness of breath, and palpitation of the heart, exercise would almost overcome her, but since using your Camomile Tonic Pills, her complaints are removed—she is able to exercise without fatigue, and she is happy to say can now enjoy life comfortable again.

Mrs. C. THORNTON, 84 Third st.

Newark, July 18, 1835—Dear Sir: For four years I have been so unwell that I was unable to attend to my business, and for the last four or five months was confined to my room. My complaints were rheumatism, pains in my stomach, indigestion and loss of appetite. I used continual pain and dizziness in my head. I used different kinds of medicine with ineffectual result. I commenced taking your invaluable Camomile and Aperient Pills; their beneficial effects upon me astonished all who knew my situation. In a few days I shall be at your office to express my gratitude to you in person. In the mean time I subscribe myself your obedient servant.

Public Attention!

I respectfully solicited by the subscriber, to an invaluable preparation, the merits of which have been tested by time, and are sustained by undoubted testimony.

DR. RELFE'S

Botanical Drops!

are every year increasing their long established reputation. They have outlived many rival preparations, and are continually gaining upon public confidence.

The Botanical Drops have been successfully administered for many years, as a thorough remedy for that well known and prevalent class of inveterate diseases which originate from a vitiated habit of body, or an hereditary predisposition in the patient, and generally appear under the various and distressing shapes of

Scrofula, Salt Rheum, Leprosy, St. Anthony's Fire, Fever Sores, White Swellings, Scurvy, Foul and Obstinate Ulcers, Sore Legs and Eyes, Scald Head, and Venereal Taint.

In the last mentioned condition of the system, the Botanical Drops will be found to eradicate the lurking poison, where mercury has totally failed, and thus prevent the patient from entailing the seeds of an hereditary disease on his offspring.

Dr. Relfe's Botanical Drops are successfully used in cases of violent eruptions after the measles—red blotches—pimples on the face—feverish eruptions on the skin—and other diseases of the external surface; and are one of the best Spring and Autumnal physics known, to free the system from humors.

A physician of eminence, who had witnessed the efficacy of this article, had the candor recently to acknowledge to the proprietor, that he considered it the best medicine known, for the complaints for which it is intended, and that it ought deservedly to stand at the head of the whole class of such remedies.

Price \$1 a bottle, or 6 bottles for \$5.

WHITE TEETH AND HEALTHY GUMS!

THOSE who would retain or restore these desirable personal advantages, are assured that no composition can be obtained superior to the

BRITISH ANTISEPTIC DENTIFRICE.

This is an elegant and pleasant preparation in every respect, and has, for many years past, given universal satisfaction wherever it has been used.

The Antiseptic Dentifrice is exempt from acid and other deleterious ingredients, which too frequently enter the composition of tooth-powders in common use, and it whitens the enamel of the teeth without doing it the least injury. The regular use of this admirable powder, by purifying the mouth and preventing the accumulation of tartar, operates as the best preventive of the Tooth Ache. The Dentifrice removes discolorations, and restores the beautiful native whiteness of the enamel. As its application braces and strengthens the Gums, it secures to them their healthy and florid hue, and, by removing all offensive foreign accumulations from the teeth, preserves the natural sweetness of the breath. Consumption!

Asthma! Catarrh!

IN that long train of diseases which seem to grow with the growth of civilized society, Consumption takes the lead in its relentless inroads upon human life; yet this dreadful disorder is easily overcome in its earlier stages. It is only when neglected that it arrives at the terrific maturity which so often baffles the sagacity of professional science. An obstinate cough is the customary forerunner of the pulmonary consumption. Improper neglect in the timely administration of simple and salutary medicines, is sure to be repaid by a dread full succession of consumptive symptoms—oppression of the breast; greenish and bloody spittle; ulcerated lungs and hectic fever; shriveled extremities, and general emaciation of the whole body; prostration of strength; flushed cheeks; swollen feet and legs; and at last, in the full possession of the mental faculties, and while hope still whispers her flattering tale—cold extremities, and a premature death.

For the various stages of this complaint, one of the most approved remedies ever yet discovered is

DR. RELFE'S ASTHMATIC PILLS.

This exceedingly powerful, and yet equally safe and innocent preparation, has effected the rough and rapid cures upon patients supposed to have been far advanced in a confirmed Consumption, and who have exhibited the appearances which usually indicate a fatal termination of the disorder.

As the Pills require in ordinary cases no confinement, they may be administered with confidence and safety to all ages and classes of people. Unexampled success has hitherto attended their administration in a great variety of cases; and the proprietor can refer to a multitude, which testify to their efficacy in reviving the emaciated victim from the bed of disease, and restoring him to the blessings of a accustomed health and activity.

Price \$1 for whole boxes of 30 pills, and 50 cents for half do. of 12 pills, with directions.

ALBION CORN PLASTER!

THE Albion Corn Plaster softens the corn, however old and tough, and extracts it to the very roots. The relief afforded is gentle, immediate, and thorough.

The proprietor begs leave to submit the following case, from Mr. Stowell, who is well known to the inhabitants of this city, especially at the South End and South Boston, as a very worthy and respectable citizen:—

A CASE. Sir—I do not hesitate to give my most unqualified approbation in favor of your valuable Albion Corn Plaster. By the use of less than a box, Mrs. Stowell has been cured of a corn on each foot, which had been exceedingly troublesome and painful for years, and I think but justice to your invaluable preparation to add, (for the encouragement of those who, owing to repeated disappointments in the various remedies resorted to, have finally despaired of a cure,) that your Plaster cured her corns, after trying other highly recommended remedies to no purpose; and what increases my confidence in the superiority of your Plaster, is the fact, that it has been equally successful with my neighbors with equally good success.

(Signed) SETH STOWELL,

Keeper of Toll house, South Boston Bridge.
