LOOK AT THIS!
The subscriber wishes to rent, for one or more years, from the first day of January next, the Stone House and Lot, in Middleburg, now occupied by Mr. Thos. J. Nolan, as a Tavern. The House is very large and comfortably finished, with a handsome porch in front, three stories high, and has about twenty rooms above the basement story; in the basement, there is a Bar-room and Bed-room, good Kitchen, Closet, Servants' room, and Cellar. On the premises are a very large and excellent Stable, Carriage House, Granary, Ice House, Meat House, a well of good water, and an excellent garden. This property has always been considered one among the best stands for a Tavern between Staunton and Alexandria. It is situated in one of the most beautiful and healthy regions of country in Virginia, and I have no doubt if prudently and properly managed, the House, during the summer months, would be filled with people from the South seeking for health. Those wishing to rent, will please view the property and make an early application.
