INTERESTING SABBATH SERVICES .-- The venerable Dr. Brace, of Hartford, Connecticut, now in his 70th year, preached in the 2d Presbyterian Church, on Sabbath morning and evening, to an attentive audience. He has been in the ministry for fifty years, and has had charge of the Presbyterian church at Hartford most of this time.

The services in the morning were deeply interesting and impressive-selecting for his text the 18th verse of the 61st Psalm-"Now also when I am old and grey-headed, O! God, forsake me not, until I have showed thy strength unto this generation and thy power to every one that is to come."

He considered, at length, the blessings and comforts of "old age," as connected with the religion of the Bible, and dwelt with fervour on the rich rewards held in reserve for the faithful servants of Christ: admonished the young to love and respect their parents; and gave it as the result of his close observation that those who failed to do so never prospered in the world; took an affectionate leave of both pastor and people whom he never expected to see again in the flesh, and commended them to the care of that God, in whose service he had been so long engaged then united with the congregation in singing the "Aged Christian's Prayer:"

> "God of my childhood and my youth, The guide of all my days, I have declared thy heavenly truth And told thy wondrous ways. Wilt thou forsake my hoary hairs, And leave my fainting heart?

Who shall sustain my sinking years, If God my strength depart? We have not attempted to furnish a detailed sketch of the message, delivered by this venerable and faithful servant of Christ,

now so far advanced on his pilgrimage. We will only add, that it was his privilege to preach the Installation Sermon, of the the Rev. Wm. C. Walton, so long connected with the Presbyterian Church, of this city, on the occasion of his settlement at Hartford, and to his memory he paid a passing tribute, and closed with the expression of a hope of soon meeting him in another and a

CORONER'S INQUEST. - Coroner Neale held Paris, as an award to General Steuart, late an inquest on Sunday morning, upon the body of a man found dead on the tow-path, of the Canal, a mile or two from town, on Saturday evening. There were no marks of violence upon the person of the deceased, and it seemed most likely that he died from exposure. In his pocket book was found a ticket, to this effect-"B. & O. R. R. Co., 3 days work, done for me in March, 1856, by Pat. Murphy .- John T. Patterson. Pat. Murphy, (his mark.)" The verdict of the jury was that the deceased "came to his death from causes unknown to the jury."
